and Victoria and Vancouver. B. C. They will stop at Ranier National Park enroute.

Visitors from Seattle, Washington Miss Hazel Roesch and Mrs. C. M. McMillin are visiting at the home of their aunt, Rachel Reeder.

Guests in Salem For the Week-End Mr. and Mrs. Roy V. Ohmart and their son, Lee Ohmart, of Woodburn are week-end guests of their daughter, Miss Velleda Ohmart.

Ever Ready Birthday Club Will Be Entertained with Picnic Dinner

The Ever Ready Birthday Club will be entertained Tuesday with a picnic at the country home of Louisa Loveland in Polk county.

Joint Meeting of W. H. M. S. and W. F. M. S. of First Methodist Church

A joint meeting of the Woman's Home Missionary Society and the Woman's Foreign Missionary Society of the First Methodist Church will be held at two-thirty o'clock Wednesday afternoon at the home of Mrs. M. C. Findley, 225 North 20th street.

Guest for the Summer At J. H. Hathaway Home

Mr. and Mrs. J. H. Hathaway have as their house guest for the summer, Mrs. Hathaway's mother, Mrs. Mary Englander of Los Angeles, California.

Spending Several Weeks At Newport

Mr. and Mrs. William McGilchrist, Jr., and their daughter, Miss Josephine McGilchrist, are spending several weeks in their summer home at Newport.

Miss Leah Ross Leaves for Extended Visit in Chicago

Miss Leah Ross left yesterday for Chicago where she will remain for the summer as the guest of her sister, Miss Laura Ross.

Japanese Lad Injured Run Over by Automobile

Henry Tanaka, five-year-old Japanese lad living at 1155 South 13th street, received injuries to his head and shoulders Saturday shortly after noon when he was hit by an auto at 12th and Cross streets.

He was picked up under the truck and rushed to the Salem general hospital, where the exact extent of his injuries had not been determined last evening. At a late hour he was still unconscious most of the time.

HOOVER TENDERS HIS RESIGNATION BY MAIL

are understood to be under consideration as to their availability. In view of this it was thought that acceptance of Chair-

Many Students at the University of Oregon Study Under Daily Scholarships

Word that the estate of Dr. Bernard Daly, donor of the Bernard Daly Education fund, has been closed and a total of \$1,034,529 put into the fund, was received here from Lakeview and aroused warm tributes to Dr. Daly in education circles.

Fifteen students will be selected shortly from the Lake county high schools to be recipients of the fund, bringing the total thus assisted for next year up to 56. At the University of Oregon, 31 students received the scholarship funds this year.

Members of the club include, left to right, top row: 1—Eric Peterson, president; 2—Lawrence Ogle, vice-president; 3—Jesse Linnemann, secretary-treasurer; 4—Nellie Carroll, 5—William Barry, 6—Henrietta Dun-

ran Work's resignation from the cabinet would not be long delayed, although much will depend upon Mr. Coolidge's conversation with Mr. Hoover.

President Coolidge for the first time since his arrival in Wisconsin visited his summer surroundings today. Accompanied by Mrs. Coolidge and his son John, he took a two hour drive between the Mississippi river and the Great Lakes watershed.

Upon reaching the Old Portage from the headwaters of the Brule river and the St. Croix lake, Mr. Coolidge turned back to Cedar island lodge in time to receive the morning's mail containing Mr. Hoover's communications.

Supplies Said Limited The Swedish North pole expert Major Duse characterizes as non-sensational the statement by General Noble that the Malmgren group had fifty days' supplies.

The head of the Swedish expedition has gone to Virgo bay for a conference with the commander of the Citta di Milano. A Finnish seaplane is about to join the Swedish expedition in its rescue efforts.

More Forces Sent PRAGUE, Czechoslovakia, July 7.—(AP)—Czechoslovakia today joined the nations which are trying to assist the survivors of the ill-fated expedition of General Umberto Nobile to the north pole.

Special interest here is centered in Dr. Behounek, of this country, and one of the two meteorologists on the Italia. He is one of the five survivors at rest on the ice floe near Foy's island.

The government telegraphed Captain Hertz, who is now in Sweden with a powerful airplane to proceed with his machine immediately to the arctic and use

his efforts to aid in the rescue attempts. He was specifically instructed to do everything in his power to bring out Dr. Behounek.

Duration Record Made in Plane Exceeding Italian Achievement

DESSAU, Germany, July 7.—(AP)—Surpassing the old record for duration in the air by 6 hours and 52 minutes the German fliers, Ristix and Zimmerman, landed their Junkers plane at 9:30 tonight after having been in the air for 65 hours and 26 minutes.

The former record of 58 hours and 34 minutes was held by Captain Arturo Ferrari and Major Carlo P. Del Prete of Italy.

Professor Hugo Junkers, just back from the United States, was a grateful spectator as his plane, piloted alternately by Ristix and Zimmerman, receded off the tell-tale rounds on the monotonous shuttle between Dessau and Leipzig which meant a new air record, fresh aviation honors for Germany and further vindication of his plane.

The birdmen were swamped with congratulations when they finally landed. They brought the new duration blue ribbon to Germany in a one-motor Junkers plane, the D-1231, a sister ship of the Bremen and Europa. It was this type of plane in which Ristix and Cornelius Edzard brought to Germany its first world endurance record of 52 hours minutes in August, 1927, and which this year carried Captain Hermann Koehl, Baron von Huenefeld and Major James E. Fitzmaurice from east to west across the Atlantic.

KING BORIS MAY MARRY Princess of France Rumored Possible Bulgaria Queen

SOFIA, Bulgaria, July 7.—(AP)—Reports were current here today that King Boris, whose engagement to Princess Giovanna of Italy was officially denied a few months ago, may marry the beautiful Princess Françoise of France, the 25 year old daughter of the Duke of Guise, claimant to the French throne.

It has been learned that a prominent member of the French chamber came to Bulgaria recently, ostensibly to inspect the earthquake regions, but actually to sound out the king in behalf of Premier Poincare and M. Briand on the question of marrying the second

daughter of "the king of France." This emissary also saw Premier Liapcheff and Foreign Minister Bourouf, who, while expressing appreciation for the offer, pointed out that the decision rested entirely on King Boris.

GERMANS HAVE NEW LONG FLIGHT MARK

Duration Record Made in Plane Exceeding Italian Achievement

DESSAU, Germany, July 7.—(AP)—Surpassing the old record for duration in the air by 6 hours and 52 minutes the German fliers, Ristix and Zimmerman, landed their Junkers plane at 9:30 tonight after having been in the air for 65 hours and 26 minutes.

The former record of 58 hours and 34 minutes was held by Captain Arturo Ferrari and Major Carlo P. Del Prete of Italy.

PORTLAND WOMAN DIES

Contractor's Wife Who Tried Suicide, Passes Away

PORTLAND, July 7.—(AP)—Mrs. Fred Zanello, 33, wife of a prominent Portland contractor, who was rescued last night from a suicide attempt by the efforts of three Portland youths, one of whom plunged into the Willamette river after her, died at her home today from shock.

3 MORE PARTIES SELECT NOMINEES

Presidential Candidates and Platforms to be Named at Chicago

CHICAGO, July 7.—(AP)—Three presidential candidates are to be named at three meetings here next week.

The Jefferson-Lincoln league opens a convention on July 9, and the following day the Prohibition party and the Farmer-Labor group convene to select candidates and prepare platforms.

James A. Edgerton, Washington, is president of the Jefferson-Lincoln league. In calling his followers to Chicago Edgerton declared one of the "fundamental purposes" of the organization was to assist in the protection and enforcement of the 18th amendment and the prohibition laws.

Dr. D. Leigh Colvin, secretary, will deliver the keynote address at the prohibition party's convention. Candidates will be named on July 11. The prohibition party largely is interested in preserving the dry laws or in amending them so that they will be more answered.

Charles C. Shirley of Chicago, chairman of the Northwest committee of the farmer-labor party, who arranged for its convention, expects 250 delegates from 29 states. Substantially the party's objectives are to do away with injunction in labor disputes, bring about farm relief and foster public ownership of utilities.

There must be a little truth in reincarnation. Some people couldn't possibly get so dumb in only one lifetime.—Eugene Register.

SALEM BOY GETS DEGREE AT BOSTON

Was Student of High School Here and Graduated From Willamette

While his father, Rev. Geo. S. Roeder, was pastor of the Center Street Methodist church of Salem, Paul G. Roeder received his education in Salem high school, and he graduated from Willamette university with an A. B. degree in 1925. He will likely take up work in Oregon this fall.

"With President Hamilton Holt of Rollins College, Winter Park, Fla., as the speaker, the fifty-fifth annual commencement of Boston University was held here yesterday, at which 1,000 degrees were granted. Among the recipients was Paul G. Roeder, of Ridgefield, Washington, who was awarded the degree of Bachelor of Sacred Theology from the university of theology.

"The program was held in the Boston Arena seating 13,000 persons, and a capacity throng filled the great building. Pres. Daniel L. Marsh of the University presented the diplomas. Yesterday's exercises came as the culmination of a three day celebration which began with an all-university alumni reunion at which every class from 1878 to 1928 and every state in the Union was represented. A colorful procession preceded yesterday's program.

2 PLANES DROP OUT OF BIG AIR CARAVAN

Twenty Two Machines Arrive at Airport Near San Antonio, Texas

SAN ANTONIO, Texas, July 7.—(AP)—Twenty two of the 24 planes in the national reliability air tour reached the control field here late today, having made the day's journey from Fort Worth, but two others were forced down before reaching the field.

Louis G. Meister in an aircraft was reported down at Round Rock, near Austin, but the reason for his forced landing was not given. It is thought that a sudden flurry of rain may have caused the landing.

Charles W. Meyers in a Waco biplane was down at the second division air field which is about 10 miles from the official field. He landed because of motor troubles.

Robert W. Cantwell in a Lockheed monoplane led the procession into San Antonio after winning the first half of the day's tour to Waco. He was only eight minutes ahead of David P. Leevy in a Stearman biplane.

The planes will remain here tomorrow, taking the air for El Paso Monday morning.

HOOVER CAMPAIGN PUT UNDER WAY RAPIDLY

Organization to conduct the presidential campaign in the east would be under the supervision of an advisory board.

At the conclusion of a lengthy conference between party leaders which ended late tonight, the national committee heads made public the plans for the campaign in the east.

The "northeastern advisory board" which was established, he said, will be comprised of the national committeemen from Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, Delaware, Pennsylvania and Maryland and will include in addition Senator Moses of New Hampshire, Senator Metcalf of Rhode Island, chairman of the senatorial campaign committee and Representative Wood of Indiana, chairman of the congressional campaign committee.

Because of the location of the main headquarters of the national committee in Washington, Mr. Work said it was deemed there was no immediate necessity for establishing a separate eastern headquarters in New York City.

SINGERS PLEASE TENT AUDIENCES SATURDAY

ville Jones, noted as "The Sage of the Ozarks," in his lecture "The Philosophy of a Hillbilly."

The Monday afternoon attractions will be Vierra's Hawaiians, and a lecture on "Crime and Criminals" by Frank C. Travers, Des Moines attorney.

"A Night in Hawaii" by Vierra's musicians and the Junior Chautauqua pageant will be the evening features. The juniors will not meet today but will continue their work at 9 o'clock Monday morning.

FIND NOTE NEAR CRIME

Possible Clue to Mystery of Double Shooting Discovered

ESTES PARK, Colo., July 7.—(AP)—Discovery of the torn pieces of a note near the tent occupied by Dr. George N. Sleight, Lake Forest, Ill., educator, and

Oregon Student to Go on Science Trip

UNIVERSITY OF OREGON, Eugene—Eugene Callaghan, an outstanding 1926 graduate of the University of Oregon geology department has been appointed geologist of an expedition which will make an important scientific investigation of the early travels of mankind in Northern Persia.

Those backing the expedition hope that in the highlands of Northern Persia may be found evidence of early man from his birth place in Central Asia westward into Europe. Anthropologists, ethnologists and other scientists will make up the expedition. The geological phase of the expedition, with Callaghan in charge, is expected to be an important part of the investigation, which is to be financed by a wealthy Eastern patron, interested in science.

Callaghan did a year of graduate work here for his master's degree and won a fellowship at Columbia university.

his son, Virgil, was the only development today in the investigation of the mysterious shooting of the two men early yesterday while they were sleeping. Physicians reported the men were in an improved condition at a hospital, where each was treated for two bullet wounds in the head.

One part of the note said "I am an unwilling interest of a compulsory liaison."

Authorities did not know whether it had any connection with the shooting and there was no other evidence to indicate any clue that might solve the mystery which has baffled officers at every turn. Opinion was advanced that the Sleights were the victims of mistaken identity and received the bullets intended for someone else.

A woman official who yields to pecuniary temptation must face the reminder that equal rights imply equal responsibilities.—Washington Star.

PLAYGROUNDS PLAN BIG DAY WEDNESDAY

Girls and Boys of All Ages To Participate in Special Features

With the return of sunshine the crowds at the city playgrounds have come back to normal, and the big pool at the 14th street grounds yesterday was filled with a splashing crowd of youngsters. The boys had two good games of bat-ball yesterday, one game with a score of 14-16 and the other 14-9. About 50 boys did work on their badge tests.

Wednesday afternoon is going to be a big day at the grounds, for all the boys and girls are going to have a chance to be in movies. Dr. David Bennet Hill will be on hand with his movie camera and will take moving pictures of all the playground activities. In general the regular program of games will be the order of the day, but there will be several added features.

Included in these special features will be swimming races for large and small boys and large and small girls; diving contests, tumbling stunts and six ball games. There will be bicycle races for both large and small boys, and foot races for large boys, small boys and in-betweens. Movies will be taken of boxing matches and of all boys entering boats in the finals of the boat contest; pictures will be made of the boat contest, also.

Girls will have a doll dressing contest, as explained in yesterday's paper. Girls from all the playgrounds will enter in this; each ground will have its own competition, and the winners will be entered for a grand championship and grand prize. The balance beam tests of the badge tests for girls will be given at this time also.

The girls will have swimming races, a feature of which will be a chariot race. Inquiries have been made as to the nature of this race, and have been answered merely by advice to "come and see." Several singing games and folk dances will be given, also.

All children should be at the grounds by 1:45 o'clock Wednesday afternoon. The playgrounds

are at the south end of the circus grounds and are reached by going north on Marion for one block beyond Marion, crossing the bridge and turning to the left. North of Marion, new paving has been put in, and cars cannot drive on it yet.

CHARGE AGAINST NEGRO

Ellis Williams, Pullman Porter, to be Indicted Soon

SPOKANE, July 7.—(AP)—Charges of attempted rape and attempted murder will be filed against Ellis Williams, pullman porter who confessed today to having attempted to attack a 19 year old white woman on his train early yesterday, was announced tonight by Adams county officials.

Kiwians to Hear Patton—Hal D. Patton, who put Oregon on the map at the Kansas City convention, will tell his fellow Kiwanians of the high spots of the national meet at the regular weekly luncheon meeting Tuesday.
