HUGE RUM STEAL MADE

Liquor Siphoned Out of Government Stores Into Trucks

NEW YORK, July 12.—(AP)—A man described by government authorities as "One of the biggest in the liquor game" was sought today in connection with the siphoning of \$2,000,000 worth of government whiskey and alcohol from a warehouse in lower Manhattan.

Robert B. Watts, assistant United States attorney, said confessions had been obtained from three of the six men under arrest as conspirators in the warehouse thefts. He said the men sought as their leader was well known in sporting circles and had attracted attention as a liberal spender.

The confessions of the arrested men, said Watts, revealed that the liquor was siphoned through a window from the government barrels into barrels and trucks in an adjoining yard. From one to ten gallons were taken from a barrel and this was sometimes replaced with water. It was estimated that from 50,000 to 100,000 gallons had been stolen. The warehouse was operated by the Cosmopolitan Warehouse corporation.

168 FRENCH TOWNS MAY TAX TOURISTS

PARIS, July 12.—(AP)—Taxing the tourist is the privilege of 168 towns and cities in France.

The government taxes them coming and going, but only 168 municipalities are allowed to tax them for staying. Last year these appointed places garnered tens of millions of francs out of the pockets of Frenchmen and foreigners.

The "sojourn tax," as it is called, is levied on all visitors to places designated as resorts. The hotel tacks the tax onto the bill,

and hands the money over to the city, which uses it to clean the streets, keep the lights burning and similar things. A town that considers itself a watering place or a health resort or amusement center must apply to the government for the privilege of being allowed to tax visitors. The tax varies from 1 1/2 percent to 3 percent and more.

Nice, on the Riviera, led all the other towns in collecting "sojourn taxes" last year, the visitors paying 2,565,000 francs into the municipal till. Vichy came next with 1,281,000 francs, followed by Cannes, Menton, Biarritz, Royan, Le Touquet and Dinard. Expensive Deauville was far down the list, with less than 300,000 francs collected, because its season is short—if merry—one.

We Make Money And Friends With "Quality"

Over a quarter of a century ago, when our first store was opened, it was decided to offer only merchandise of first class Quality to our customers. There were job lots and bankrupt stocks at that time, too, but Mr. Penney felt that merchandise which would not wear well was too expensive at any price.

That is why you will never find "seconds" or "cheap goods" in our stores. Select whatever article you will, the Quality is there—not mere surface prettiness, but honest, built-in ruggedness that wears and wears.

If you have never shopped in our store, we urge you most earnestly to drop in and prove these statements for yourself. Don't take anyone's word—it's too important a matter.

For 26 years we have sold merchandise of Superior Quality at Economy Prices. We have made both money and friends by doing it.
