TABLE TALKS

(FURNISHED BY ROYAL MILLING COMPANY)

Lanchon Suggestion

The gingerbread recipe given below calls for sweet milk, but sour milk or buttermilk may be used by omitting the baking powder and using 2 teaspoons of soda to one cup of sour milk.

Gingerbread Surprise

1/2 cup shortening, 1 cup sugar, 1 cup molasses, 2 eggs, 3 1/2 cups Rex flour, 1/2 tsp. soda, 2 tsp. baking powder, 4 tsp. cinnamon, 1 tsp. ginger, 1/2 tsp. salt, 1 cup sweet milk.

Drop Cakes

Use the above recipe and bake in muffin tins. Put in enough batter to half fill the tins, then add a thin slice of cheese on the batter and add enough batter to fill the muffin tins three-quarters full. Bake in a moderate oven.

Sally Lunns

2 cups Rex flour, 1/4 cup sugar, 1 cup sweet milk, 1 lump of butter size of egg, pinch of salt, 3 heaping tsp. baking powder, 3 eggs beaten separately.

Beat yolks of eggs, add sugar

CHICAGO GRAIN

CHICAGO, July 26. (AP)—Speculators who have apparently over-reached themselves in big selling of corn for July and September delivery made hurried attempts today to escape from the predicament. Largely as a result, September corn jumped up 5¢ a bushel and July 40, as compared with the day's lowest figures.

Closing quotations on corn were unsteady, at 3-8¢ to 3 1/2¢ gain over yesterday's finish. Wheat closed 1 5/8¢ to 2¢ net higher and oats varying from 7-8¢ decline to 1 3/4¢ advance.

DISEASES PREFER BLONDES, LONDON

LONDON, July 26. Blondes, in London at least, are being pushed aside by brunettes. According to London medical experts, golden-haired beauties will in a comparatively short time be scarce, owing to their predisposition to circulation diseases, to which they offer less resistance than the dark-haired types.

"The Italians and the Welsh and races of their type thrive in places like London, and the fair-haired races tend to die off," says Dr. C. J. Thomas of the London County Council medical department, who collected statistics on the subject.

Dr. T. Jenner Hoskin, heart specialist at the Royal Free hospital, confirms this statement in pronouncing that "rheumatism prefers blonds and children with blond or red hair are more prone to rheumatism and heart trouble than the darker types."

An explanation is offered by Dr. Stella Churchill of the London County Council medical staff, who says: "Fair-haired people, especially children, are more prone to catch infection because they have less resistance. Their skins have less pigment than those of persons who are dark of hair and complexion. The way to combat the tendency to illness is by decent nourishment and good housing."

Cuba Bans Bull Fights Both Real and Sham

HAVANA, July 26. (AP)—Bull fighting in Cuba passes into oblivion under a recent ban.

Although comprised chiefly of Spaniards and people of Spanish descent, Cubans have waged a fight of many years against the sport of "blood and sand." The new order making it illegal to stage a bull fight applies to sham exhibitions as well.

There is also a military order against them. It is expected there will be secret efforts to evade the regulation and the police have strict orders to arrest offenders.

Excused Cop (to woman driver): Hey, you, why don't you look where yer goin'?

Woman: Well, you see, officer, this is the first time I've ever driven from the front seat.—College Humor.

They had been waiting for some time for the bluecoat at the crossing to give the signal to go. At length he did, and one of the drivers remarked as he drove Motor Land past: "Give me a tag will you?" "What for?" asked the officer. "For parking overtime in an intersection," was the answer.

GENERAL ELECTRIC Refrigerator

The General Electric Refrigerator is really revolutionizing the marketing habits of the modern homemaker. Instead of the every-day trip, she now goes only two or three times a week. She saves time, energy and money.

The unusual roominess and the scientifically correct temperature of the General Electric Refrigerator make it possible to store a quantity of food without any chance of spoilage.

Makes menu-planning easier, too.

The General Electric has been called the "most sanitary refrigerator on the market." It is easy to keep clean inside and outside. The circulation of air through the coils actually prevents dust from settling. And it's easy to clean underneath, too, because the models are all up on legs. Come in today and select the size and price model that best can serve your home.

Send for an interesting booklet.
