

RESCUED ITALIANS LEAVE BASE VESSEL

Survivors of Ill Fated Flight
Disembark at Narvik,
Norway

NARVIK, Norway, July 28.—(AP)—The Italian survivors of the wrecked dirigible Italia disembarked from their base ship Citta di Milano last night while a great crowd assembled to watch them maintained silence broken by a few scattered hisses.

On the other hand the members of the Swedish relief expedition who are traveling to Stockholm by the same train were loudly cheered as they boarded their car.

The Italians hurried from the ship to the special car reserved for them and the train left at 6:30 p. m. General Umberto Nobile, commander of the Italia expedition, looked pale and worn, and his face showed plainly the strain under which he had been laboring. The other members of his party appeared well except Natalie Cecconini, motor chief, whose leg, broken in the crash of the dirigible, was bandaged.

When it was known that the special coach had been brought down to the quay, the crowd began assembling. Two policemen were on duty, but there was no disorder.

Advice received from Kings Bay today indicated that when the Citta di Milano returns to Spitzbergen to resume searches for the six members of the dirigible's crew still missing, the Norwegian ice breaker Briganza will be sent in the direction of Franz Joseph land to search for traces of the missing Captains Roald Amundsen and his five companions. It is considered unlikely, however, because of ice conditions that much work can be done in that quarter until about the middle of August. The posting of a reward of 10,000 kroner (about \$2,700) for any one finding traces of the missing men or the body of Dr. Finn Malmgren, member of the Italia's "walking party" who was left on the ice, is expected to stimulate unofficial searches by sealers and fishing vessels.

INCENDIARY FIRES SUSPECTED, WORD

Complete Investigation to be
Made Into Situation At
Crater Lake

PORTLAND, Ore., July 28.—(AP)—C. M. Granger, district forester, declared yesterday that there will be immediate investigations into origin of 38 fires that sprang up suddenly in Crater National forest Thursday. He said reports from Medford on the nature of the fires indicated they were incendiary. Forest service experts have stated they were able to follow the course of the incendiary by the way in which the fires had formed an unbroken sequence.

Lookouts took prompt action to keep the fires from spreading to serious proportions. One fire, in Douglas fir reproduction and an old bur, did cover 100 acres and overlapped 12 other fires, but the 57 men detailed to stop the flames soon brought them all under control.

Lightning started 13 fires in the Ochoco National forest but all except one, which covered 30 acres, were held inside a fourth of an acre. A fire on the Olympic peninsula between Twin and the Crescent Logging company has covered 1000 acres on a two-mile front. At last reports it was in cut-over land about 700 feet in places from the boundary of the Olympic National forest and nearing green timber.

A large crew rushed from Rose-

Cincinnati To Revive Singing Guilds Of Old At Summer Zoo Opera

Groups of Cincinnati craftsmen will sing the choruses in the summer zoo opera's production of Wagner's "Die Meistersinger von Nuremberg" in August. Soloists include Elizabeth Amsden (upper right) and Forrest Lamont (below). Isaac Van Grove (above) is director.

ere, was married recently in Tampa, Fla. He says he is through with the roaring road and will confine his activities to the domestic sphere. Bobby Green of Orlando, Fla., is another who recently acknowledged his racing days were over after wedding bells had chimed.

Haughdahl has previously announced his retirement several times, but he declares he is in earnest about quitting after this year's crusade on state fair tracks.

YORK ARCHBISHOP PUT IN HIGH POST

King George Gives Formal
Notice of Approval To
His Nomination

LONDON, July 28.—(AP)—King George yesterday gave his approval to the nomination of the Archbishop of York, the Most Reverend Cosmo Gordon Lang to be Archbishop of Canterbury and primate of England. He will succeed the Right Rev. Randall Thomas Davidson who resigned effective November 12.

The translation of the Rev. Dr. Lang from York to Canterbury has been generally anticipated since the elderly prelate first intimated his resignation was impending. His close relationship to Dr. Davidson in efforts to find a solution to the controversy over the new prayerbook and his long acquaintance with archiepiscopal work made him in the eyes of churchmen the logical successor to the primacy.

Dr. Lang has been head of the north ecclesiastical province for twenty years, succeeding to that post in 1908 when he was dean of St. Paul's cathedral. Like Dr. Davidson he comes from a Scottish Presbyterian manse, and his aged father, then an ex-moderator of the Scottish church, was present at his enthronement in York minster.

The new archbishop of Canterbury was born the 31st of October, 1864. He was educated in Glasgow university and Balliol college, Oxford. The most active years of his life were when, as bishop of Stepney, he was the deputy of the present bishop of London in overseeing the spiritual life of the city's east end. He gained at that time and has retained a reputation of being one of the most forceful debaters in the house of lords and one of the best platform speakers in England.

burg to fight a fire over the Day's Creek and Myrtle Creek divide reported back late Friday afternoon that the blaze was under control. This fire was reported to have originated from a carelessly thrown match.

Two truckloads of men were sent out from Pendleton yesterday morning to battle 12 fires in the Heppner district. Lightning was given as the cause of these fires. Reports on 18 fires in the Umatilla National forest also blame electrical storms.

TWO INDUSTRIAL DEATHS

There were two fatalities due to industrial accidents in Oregon during the week ending July 26, according to a report prepared by the state industrial accident commission. The victims were C. W. Lindsey, Vernonia, night watchman, and Chester M. Dupuis, Pendleton, laborer. There were 946 accidents reported to the commission.

MONEY TO LOAN

"This Is My Kind Of Store."

A typical J. C. Penney Company customer is speaking, with a home and three active youngsters to shop for.
She is very particular about Quality, because sad experience has taught her that "cheap goods" are dear in the end, but paying cash and carrying her packages home she considers a sensible way to economize.
"My kind of store!" That's what several million thrifty housewives said about us last year.

CUPID, STORK END DRIVERS' CAREERS

ATLANTA, Ga., July 28.—(AP)—Cupid and the stork have combined to cause four auto racing drivers, well known on the dirt tracks of the United States and Canada, to announce their retirement from the game.

Sig Haughdahl, shortly after the arrival of a son at his home at Daytona Beach, Fla., said 1928 would be his last year behind the wheel.

Fred Horey, after his recent victory at the Atlanta races, likewise averred that 1928, his seventeenth season of competition, would be his last. Three little Horeys who arrived in rapid succession after 13 childless years in the Horey homestead, form the chief reason for the veteran's decision.

John De Palma, who also raced
