

FAIR OPENING PLAN OUTLINED

Community Clubs Of State To Stage Program On First Day

Plans for opening the state fair this year with a state-wide community club program were discussed at a meeting held in the chamber of commerce here Friday night, called by Dr. P. O. Riley, president of the Marion county community club federation.

Present at the meeting were: Dr. Henry E. Morris of Salem; E. T. Pierce of Astoria; L. T. Reynolds of Hayesville; A. L. Schultz of Bethel; Mrs. Ivan Stewart of Salem Heights; William A. Gray of Astoria; A. N. Fulkerson of Salem Heights; Mrs. Jennie Wolfe of Liberty; H. R. Crawford, member of the fair board, Salem; Cliff Clemens, Hazel Green, C. E. Wilson manager of the Salem chamber of commerce, and Dr. P. O. Riley of Hubbard.

All counties included. All the counties of Oregon are to take part in the program, it was announced. There will be awards of medals of honor for band concerts and chorus work. Plans also include a parade of the school children of Marion and other counties.

A committee was appointed by Dr. Riley to have general charge of the work with the following members: Henry Crawford and C. E. Wilson of Salem; E. T. Pierce of Astoria; L. A. Beckman of Hubbard; A. L. Strickland of Aurora; Fred Gearin of Donald; Mrs. Ivan Stewart and A. N. Fulkerson of Salem Heights; and William A. Gray of Astoria.

Canby Trip Planned. The Marion county community clubs are to attend the Clackamas county fair at Canby in a body, together with the community clubs of that county. There is to be chosen from the community clubs of all the Oregon counties maids-of-honor for Mrs. I. L. Patterson, wife of the governor; one from each county, to be the escort lady of the state at the exercises on the fair grounds.

STOWAWAYS KILLED BY DEADLY FUMES

BALTIMORE, Aug. 25.—(AP)—Sixteen Brazilians, stowaways in the hold of the American steamship Steel Inventor, were trapped under battened hatches in deadly fumes of hydrocyanic acid used to fumigate the ship at quarantine here yesterday.

Seven died, two more were in a hospital tonight in serious condition, and seven others were in custody of immigration officials investigating the effort to smuggle the men to this country.

Two climbed a rope that somebody had left hanging from a ventilator, and broke through the ventilator covering to tumble on to the deck, giving quarantine authorities their first knowledge there were men in the hold. A third, overcome was wedged unconscious in the ventilator, and from the two who escaped Dr. H. S. White and his assistants learned that in all there had been 16 in the hold, protected by gas masks in the quarantine force dug furiously through the manganese ore cargo to bring out the others while wireless summoned pulmonologists and other aid, sent in speedy launches to the ship a mile off shore.

Convinced that the stowaways must have had help from some member of the ship's crew, Leon R. Fouch, acting commissioner of immigration here, declared somebody must have done a cowardly act in leaving the men to their fate after dropping the rope through the ventilator.

EVEN MONEY IS BET ON MICKEY WALKER

SAN FRANCISCO, Aug. 25.—(AP)—Armand Emanuel, young San Francisco light-heavyweight, will have height, weight, reach and an age advantage over Mickey Walker when the pair meet here Monday night but those who "say it with money" like the aggressiveness of the middleweight champion enough to make him an even money bet.

Walker has been mowing down heavyweight training partners regularly in his workouts. The result has been a betting odds favoring Emanuel dropped to the even mark during the week.

Both fighters crowded a heavy day into their program, including half a dozen rounds of boxing. Walker's side, which bothered him early in the week, appears to trouble him no more. He is around the 145 pound mark while Emanuel will come in at the light-heavyweight limit.

Severe Tremor Late Yesterday

WASHINGTON, Aug. 24.—(AP)—Father Tondorf, director of the Sismological Observatory at Georgetown university, reported tonight that a heavy earthquake apparently 3,300 miles distant from Washington was recorded at 5:02 p. m. The disturbance reached its maximum intensity between 4:46 o'clock and 4:49 and still was active at 7:30 o'clock. The direction was not determined.

Candidates, But Hopeless

Here are the three presidential candidates who admit they haven't a chance of election, but are running "for principle." Upper left Norman Thomas, Socialist nominee; right, William Z. Foster, Communist party nominee; below, Albert Streiff (right), Communist party nominee, with Benjamin Gitlow, the Communists' candidate for vice president.

INDUSTRIAL DEATH TOLL RUNNING HIGH

Industrial accidents in the state of Oregon have averaged higher during the past summer than during any corresponding period for several years, according to a report prepared here Friday by the state industrial accident commission.

This situation was due, it was said, to the fact that most of the mills are in operation and considerable highway work is in progress. The following summary shows the number of accidents and fatalities since July 1, segregated by weeks:

July 5, accidents 742; fatalities 3; July 12, accidents 785, fatalities 6; July 19, accidents 849, fatalities 5; July 26, accidents 946, fatalities 2; August 2, accidents 936, fatalities 8; August 9, accidents 1016, fatalities 2; August 16, accidents 955, fatalities 8; August 23, accidents 9, fatalities 9.

William Harris, for several years fish warden on the Umpqua river, has resigned, and there is now no warden in that district. Complaints will go to the office in Portland.

Back in the enlightened East, a gathering of Ku-Kluxers cut the throat of an effigy of Al Smith, poured mercuric iodine over it for make-believe blood, kicked it around and then lynched it. And still we talk about heathen Chinese and voodooistic negroes.—Hood River News.

HEALTH BOARD WARNS PUBLIC

Infantile Paralysis Easily Spread and Difficult to Control

The appearance of a single case of poliomyelitis, more commonly known as infantile paralysis, in a community should be a matter of concern to the entire town, warns a recent bulletin of the state health board and given out yesterday from the Marion county child health demonstration.

While a single case should give concern, when several cases appear in different families, it means that the disease has gained a foothold and that the source of infection is in the community, the bulletin states.

While a single case should give concern, when several cases appear in different families, it means that the disease has gained a foothold and that the source of infection is in the community, the bulletin states.

The prevention of much crippling of children may be aided if certain procedures, as outlined by the board, are followed whenever the disease appears.

1. Avoid large gatherings. This applies especially to children. Children under 16 should not attend theaters, go to large picnics or other places where there may be careless coughers or sneezers or where food is handled by hands that have not been washed just previously. These are urged to take the initiative in refusing to sell tickets to children.

2. Always wash the nose and mouth with a handkerchief when sneezing and coughing. The germs leave the body chiefly by the nose and mouth.

3. Always wash the hands with soap and water before eating. They may have come in contact with germs from the saliva of other persons.

4. Always wash the hands with soap and water before eating. They may have come in contact with germs from the saliva of other persons.

5. Pasteurize or boil the milk. Whether or not school should be closed must be decided by local school authorities. In general, the bulletin says, it is not advisable to close the schools, except in rural communities where the school is the only place where close association of children is necessary.

SOCIAL GATHERINGS NUMEROUS, BROOKS

BROOKS, Ore., Aug. 25.—(Special)—Mrs. R. E. Jones entertained a group of guests with a picnic luncheon at her country home, Thursday in honor of the birthday anniversaries of Mrs. M. L. Jones, Mrs. Merrill Moore and Mrs. C. A. Bailey. The honor guests received many nice gifts.

In the group were: The honor guests, Mrs. Anna Gilbert of Los Angeles, Calif., Mrs. Howenden of Portland, Mrs. Fred Stewer of South Salem, Mr. and Mrs. Ellis Jones and children Ellis Jr., Janice, Patricia and Barbara Jones, of Eugene, Mrs. John Whitcomb of Arlington, Mrs. O. L. Bailey, Robert Bailey, Mrs. Anderson Cannon of Portland, M. L. Jones, and the hostess, Mrs. Jones and son Ronald Jr.

The Brooks Ladies' Aid society met at the home of Mrs. John Leshner on Thursday afternoon. Following the business meeting, conducted by Mrs. Monroe Ward, the afternoon was spent sewing on quilts and embroidering and in conversation.

Mrs. Monroe Ward and Mrs. Wayne Gibson assisted Mrs. Leshner in serving refreshments.

In the group were: Mrs. Harriet Spicer, Mrs. Jennie Gilbert, Mrs. Wayne Gibson, Mrs. Willard

HIGHER COURT GETS MINE CASE

Represented By Charles Evans Hughes In Fight Over Patent Firm

WASHINGTON, Aug. 25.—(AP)—The fight of the Anaconda Copper Mining company to have set aside patents owned by the Carson Investment Co., and others, covering furnaces used virtually in all output of copper, produced in the United States reached the supreme court yesterday.

Charles E. Hughes, and William Wallace, Jr., appearing among counsel for the mining company, contended in their petition that since the patents, originally granted George C. Carson and now owned by the Investment company and others, were sustained in the infringement case against the American Smelting and Refining company, much new and controlling evidence had been collected to challenge their validity.

Search had developed, they asserted that the furnace was known and used prior to the granting of the Carson patents and had been fully covered by previous British patents. This evidence they considered sufficient to warrant the supreme court declaring the Carson patents void. They claimed that the method of side charging of the furnace which is in issue was first obtained from the smelting plant of the Canadian Copper company at Copper Cliff, Canada, 14 months before the first Carson patent was issued and five years before he obtained his second patent.

The patents presented were declared by counsel for the Copper company in asking the supreme court to review the controversy as "seriously affecting the entire copper producing industry in this country."

Mr. and Mrs. L. D. Roberts were in Salem Thursday.

Leslie Whittaker, returned missionary of Burma, will occupy the M. E. pulpit Sunday.

Dr. Mary Staples and her house guest have returned from Newport.

Mrs. C. A. Bear and son Kenneth, Mrs. H. Barnett and Mrs. E. C. Bear drove to Salem Friday afternoon.

The Hewitts spent last Sunday with relatives at Clatskanie.

Jack Hudson, deputy surveyor of Washington county, dropped dead while working with an engineering crew near Buxton, Heart trouble was the cause.

TURNER NEWLYWEDS VISIT YELLOWSTONE

TURNER, Ore., Aug. 25.—(Special)—Mrs. Malinda Chambers is very ill at the Parnes home. Mrs. Mary Hunter of Portland is caring for her aged grandmother.

George Ferebee and family have moved to Salem.

S. H. Baker is on a trip to California. He is accompanied by his granddaughter and her husband of Seattle.

Tom Miller has moved into his new barber shop.

Mrs. Ada Mathias has been on the sick list.

Donald Riches left the first of the week for Idaho. Riches and Miss Ruth Stover were married August 20 at Gooding, Ida. After a trip to Yellowstone park they will return to Turner to make their home. He has a confectionery store here.

Horse Gets Air Craze

LOUISVILLE, Ky.—A tree-climbing horse here caused the fire ladders to make a run. The animal, attracted by green foliage of a tree, attempted to reach it and his forefoot caught in a forked branch five feet from the ground. He was rescued without injury.
