

CHEERS GREET CURTIS SPEECH

New York Farm Element Applauds Address By Republican Candidate

SYRACUSE, N. Y., Aug. 29.—(AP)—Promising an early solution of the agricultural problem, Senator Curtis, the republican vice presidential nominee, yesterday called for the election of Herbert Hoover and of a republican congress "to assure adequate tariff revision."

The senator spoke at the New York state fair. It was home and farm bureau day and farmers and their families seemed to predominate the crowd standing under the hot sun before the band stand from which he spoke for almost an hour.

The address was devoted almost entirely to a discussion of republican efforts on behalf of agriculture during the past and a comparison of the party's record with that of the democrats.

Hoover Applauded
When Senator Curtis mentioned the name of Herbert Hoover, the "back yard" of Governor Smith, the democratic presidential nominee, rang with cheers. Thursday the governor will speak from the stand.

The republican nominee again urged non-partisan disposition of the agriculture problem. He recalled that both presidential candidates had proposed to call conferences to seek a solution. If these fall, Curtis suggested that his proposition for appointment of a small joint congressional commission be given a trial. He believed an organization of an interstate cooperative marketing plan offered one hope.

"But as a senator of the United States," he promised, "I say to you that the farm question will be solved soon after the next congress meets."

Champion Comes Back

Mrs. May Sutton Bundy of California, national women's tennis champion 24 years ago and mother of four children, is staging a tennis comeback. She set a merry pace at the National Women's championships at Forest Hills, N. Y., to down Mrs. Charlotte Miller of New York in the opening round. She recently won the eastern turf court championship at Rye, N. Y.

"I say this because I believe the members are in a mood to get together. Dozens of remedies have been suggested. Congress has been divided. You can't tell me any question is too big for congress to solve if it gets down and works at it."

The senator spoke almost without reference to a prepared address. When he concluded many of the crowd surged about the stand. His collar was unbuttoned and his tie loosened as he turned wearily from shaking hands with those who had crowded forward.

It was a busy day for the nominee and he was shaking hands at about every turn. After a breakfast given to him by officers of the New York state federation of farm bureaus, he attended a morning reception for republican leaders at the Onondaga hotel.

TWIN ROUNDUP HIGHLY POPULAR

More Than 75 Pairs Already Registered In Albany's Unique Show

ALBANY, Ore., August 29.—(Special)—More than 75 sets of twins are registered in Oregon's first annual twin roundup to be staged here Saturday afternoon, it has been announced by the roundup committee of the Chamber of Commerce, sponsors of the unique event.

Elaborate preparations have been completed for the reception and entertainment of the twins and visitors and the largest crowd in Albany's history is expected. No charge of admission will be made.

Cleo and Theo Bogart of Corvallis, who will compete, are 16 years old but have celebrated only four birthdays, born on February 29, they have the distinction of being the only leap year twins in the state.

Mrs. J. A. Freeman, of Oregon City, mother of three sets of twins, aged two, three, and four years old respectively, is expected to enter her six children and a special honorary cash prize has been awarded her.

NEGRO CAPTURED IN MURDER CASE

ST. HELENS, Ore., Aug. 29.—(AP)—One of the two negroes sought in connection with the murder of M. C. Ramsey, negro ranch foreman of Yankton, Ore., was arrested within 24 hours of the time of finding Ramsey's body, according to word received here from Pocatello, Idaho. Taylor White is under arrest there and is reported to have confessed his part in the slaying. White was arrested through co-

operation of Portland police, notably Archie Leonard who had given spare time to the case, with Tom Johnston, Ramsey's employer, and Sheriff Wellington of Columbia county, who found the body.

In his confession, White admitted he struck Ramsey, whose mutilated body was found in a creek that crosses the ranch, and felled him with a grubbing hoe that the sheriff found near the corpse. Then, he said, he and Shelton, the other negro sought, carried the body to the creek.

PUBLICITY SOUGHT FOR ARMAMENTS

GENEVA, Aug. 29.—(AP)—The United States and Canada strove together yesterday to obtain the widest kind of publicity concerning the manufacture of armaments.

Their representatives, Ambassador Hugh Wilson for the United States, and Dr. W. A. Riddell for Canada, voiced their disapproval of a draft project reported to the commission which is trying to frame a convention for the control and manufacture of arms, on the ground that it did not go far enough.

Both delegates favored giving the same publicity to arms manufactured by governments as to arms made in private factories. Both Dr. Riddell declared that countries depending largely on private manufacture should not be expected to furnish statistics if countries depending upon governmental manufacture were permitted to withhold such figures. Mr. Wilson said that he had grave doubts whether the American government would accept the publicity provision as framed. He said he thought the government might deem it a retrogression rather than a step in advance.

The draft provision will be sent to the council of the League with reservations attached and the council and the assembly must decide whether, with the project subject to differences of opinion, it is feasible to convoke an international conference for its discussion.
