Proclamation Closes Deer Season

GOVERNOR ACTS

Deer Season Closed Until September 20 Unless Rains Arrive

A proclammation closing the deer season until September 20. with the understanding that it will be opened immediately folowing the first rain, was issued v Governor Patterson here late Thursday. In case there is no rain before September 20 another proclamation will be issued closing the deer season until later. The deer seasons opens in Oregon on September 10.

Announcement by the governor that he had decided to issue the proclamation followed a conference attended by Harold Clifford. rtate game warden; F. A. Elliott, state forester; R. L. Chappler, of the Oregon Forest Fire association, and C. L. Starr, representing a number of timber owners

Many Telegrams

Governor Patterson read from different parts of the state conditions.

Two of these telegrams were received from the Lake county court and the Lake county Fish and Game association. Similar

Mr. Elliott said investigations had showed that the fire hazard was serious, and that some action ber. This is particularly true east of the Cascade mountains, Mr. Elliott said.

Mr. Clifford took the position that hunters were not responsible Sunday doubleheader at the Yan- Chicago to play a morning game for many of the fires charged kee stadium between the Yan. against them, and that conditions

would lose thousands of dollars in The two teams are two countered with the claim that the loss in revenue from hunting litenses would be small when compared with the loss resulting from fires in the timber.

Mr. Clifford estimated that more than 5000 hunters would more than 5000 hunters would w. I. Pet. W. I. Pet. ship course where next week's enter the forests this season, the great majority of whom had planned to invade Eastern Oregon.

Title Series Opens Sunday

With Senator's Club Much Revamped

The Salem Senators, with sev. ral new faces in the lineup, will travel to Bend Saturday night and Sunday morning will open the Eagles for the Willamette valley league championship.

The changes in the Salem lineup have been necessitated by the departure of four players in the last week: Joe and Billy Sullivan, Denney Heenan and Bob Quinn.

To Fill Vancancies Final arrangements for their successors haven't been made, but it is probable that a couple of Al. bany players will fill the infield vancancies left by the Sullivan brothers, and possibly another Albany man will play center field -or on the other hand, it may fall to Russell or Hauk.

Due to the uncertainty of Willamette valley weather from now antee and split arrangement at Bend Sunday and here the following Sunday, instead of the homeand home basis that has governed the regular league games.

The Bend team gathered some more laurels last week end when it defeated Eugene in two close telegrams arrived from LaGrande and other eastern Oregon counties.

A few protests against closing the deer season also were sub-intended to play five games in three days at bottom. The rain today made that schedule impossible but the fifth games on successive days, indicating the deer season also were sub-intended to play five games in three days at was badly pounded here early in the season, pitched both of these games are may be disposed of September 13, when the Athletics and fectiveness that deserted him on the season are considered to play five games in three days at was badly pounded here early in the season, pitched both of these games of successive days, indicating the deer to play five games in three days at was badly pounded here early in the season, pitched both of these games of successive days, indicating the deer to play five games in three days at was badly pounded here early in the season, pitched both of these games of successive days, indicating the deer to play five games in three days at lakeview. Stop pouring gasoline into your oil!

VOU don't do it deliberately—you wouldn't I think of doing it! But drop by drop you are wasting fuel, drop by drop you are diluting your oil with "wet" gasoline!

Down the cylinder walls it goes-every time you use the choke or thrust open the throttle or shift gears in traffic. And who can drive today without doing these things? Yet you can stop the waste and danger of "wet" gasoline, very simply.

Use a "dry" gas. Shell 400, refined to an exact point for highest efficiency, goes completely vaporized-dry-into your motor. All of it is used; none of the heavy "wet" droplets of ordinary gasoline are left to run into the crankcase.

And in a thousand miles of driving, instead of finding your oil half gasoline-ruined-there'll be only traces of gasoline

in it; not enough to seri ously harm the oil. Knowing these things about Shell 400 you can better appreciate its just claim to greater power. more mileage!

The same price you pay for ordinary gasoline will buy "dry" Shell 400 at the thousands of yellow and red Shell pumps everywhere. Let it be your next filling station purchase.

At the left: An example of what a thousand miles of ordinary driv-
