A mid-summer check of travel and immediately thereafter open- to the national parks and monued by the Common Council of the ments indicates an increase of City of Salem, Oregon, at the city 100,000 over the same period last hall in said city, for bonds of the year, according to the Research City in the amount of One Hun- Division of the American Auto-

dred Thousand Dollars (\$100,- mobile Association. The A. A. A. statement is based on data collected by the parks Bands in the amount of \$100, administration section of the De-300.00 in denominations of \$1000 partment of the Interior which estimates that by the close of the season the number of visitors to the parks may reach the 3,000 mark. The national motoring body quotes the following official statement:

"By the end of July a total of 1,492,120 visitors had been reported to the national parks and monuments administered by the department, as against 1,388,928 ent (2%) of the par value of the at the close of July, 1927. The nabonds. There is a possibility that it may this year touch the 3,000,-000 mark.

> Reports from the parks throw an interesting side-light on one of the conditions that causes consider erable variation in tourist travel. Last year Decoration Day and the Fourth of July fell on Monday, lengthening the week-end holidays, and tourists flocked to the parks and other recreational areas. This year, with these holidays falling in the middle of the week, several of the parks reported a decrease in visitors for the
