

# CURTIS SPEAKS IN SOUTH AREAS

Republican Nominee Swings Through Kentucky on Way West

WASHINGTON, Sept. 15.—(AP)—Senator Curtis, the republican vice-presidential nominee, left here today for Lexington, Ky., where he will speak tomorrow on the first stop in a tour of the middle and northwest.

Heading into the grain belt where his party was enrolled in a heated contest last spring before the national convention, the senator who was one of the farm bloc candidates opposing Herbert Hoover for the presidential nomination, was prepared to discuss the agricultural situation and to call for party harmony.

Before turning westward he called today on Hoover for a farewell conference which also included Chairman Work of the republican national committee. Their conversation was brief and the new trinity of the republican party then posed for pictures.

Intensive two weeks faces Senator Curtis but the veteran campaigner said he was anxious to get out home. He expects to stop at his home in Topeka, Kansas, after concluding a circle of the north west. He will visit thirteen states the next two weeks with one or two addresses a day scheduled for every day except Sunday.

By coincidence, the senator's 5,000 mile train doubles back over much of the route to be covered next week by Governor Smith, the democratic presidential candidate. It also crosses the path of Senator Robinson, of Arkansas, the democratic vice presidential nominee. They speak on successive nights in Springfield, Mo., late this month.

# ASTORS ARE SUED FOR \$39,000,000

NEW YORK, Sept. 15.—(AP)—Argument was heard today on a motion to dismiss a suit for \$39,000,000 against the trustees of the estate of John Jacob Astor, founder of the Astor fortune, and his heirs, brought by descendants of relatives of a partner of the elder Astors.

The suit was filed last May after Edna Carnahan of Philadelphia, a descendant of a brother of John Nicholas Emerick, the one time Astor partner, found a trust paper in an old leather chest that had belonged to Emerick.

The paper dated, in 1815, the year before Emerick died, named John Jacob Astor trustee and directed him that the Emerick two thirds interest in the partnership, then valued at more than \$1,000,000 be divided in 90 years which would be 1905 among Emerick's "descendants and heirs."

Evan D. Lewis of Philadelphia, counsel for the plaintiffs (Edna Carnahan, Christine Campbell and John Thomas Emerick) charged that his clients had been deprived of their rights under the old trust paper by "concealment and fraud" on the part of the Astors. He said no attempt to locate the Emerick heirs had been made by the elder Astor of his partner's estate during the 32 years he lived after Emerick's death.

# PROMINENT LABOR LEADER PASSES ON

WASHINGTON, Sept. 15.—(AP)—In the death at Quincy, Mass., today of James J. Duncan, first vice-president of the American Federation of Labor, the organization lost the second of the triumvirate of leaders—Gompers, Duncan and Morrison—which has pointed its course almost since its inception.

Back in 1894, "Jim," as the popular labor leader and orator was known, was named second vice-president of the federation, and four years later he was elected to the post he held continuously until his death. Only Samuel Gompers, president from 1885 to 1924, exceeded his service as a national officer. Frank Morrison, secretary, has held office since 1897.

President Green and Morrison be among the mourners at the last rites for the dead leader to be held at Quincy Monday.

Members of organized labor, and particularly the Granite Cutters' International association of which he was president, are expected to be present in large numbers.

He was a militant trade unionist who believed every organization should stand on its own bottom. Morrison said today.

Among Duncan's achievements which Morrison recalled from his Saginaw News.

# Old Folks Say Doctor Caldwell was Right

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle of Dr. Caldwell's Syrup Pepsin will last a family several months, and all can use it. It is good for the baby because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal. All drug stores have the generous bottles. We would be glad to have you prove at our expense how much Dr. Caldwell's Syrup Pepsin can mean to you and yours. Just write your name and address in
