

RELIEF STARTED FOR PORTO RICO

Emergency Hospitals Established; Tents and Blankets Given Out

SAN JUAN, Sept. 20.—(AP)—Relief for hurricane-stricken Porto Rico was in swing last night. The army was distributing hospitals and blankets for emergency hospitals and shelter of the weak. The Red Cross had shot out food supplies in all directions. The San Juan Chamber of Commerce had moved to check profiteering and to extend credit.

Funds of \$60,000 advanced by banks to the relief committee headed by Justice Del Toro were placed today in the hands of agencies for distribution in every island city and town. The San Juan relief fund is nearing the \$10,000 mark.

Col. George Helms, commanding the 65th U. S. infantry, was directing distribution of army equipment while his soldiers were aiding the Red Cross in moving supplies which arrived on a transport yesterday.

The Chamber of Commerce threatened to cut off both credit and merchandise to check wholesale and retail provision prices from further increasing. The organization pledged its members lenient credit and delay on collections where needed. It appointed a committee to report on comprehensive plans for reconstruction and rehabilitation. Aside from local needs the chamber took the position that as a \$10,000,000 annual customer of continental United States, Porto Rico must keep open for business.

Pilfered Checks Of Highway Body Cashed In Bend

Five of six checks stolen from the offices of the state highway commission here last week were returned to a Salem bank Thursday from Bend where they were cashed by merchants of the latter city.

The name of Roy Klein, state highway engineer, was forged on the checks as were the indorsements of the payees. The checks aggregated approximately \$600. It was said that the six checks were taken from a pile of more than 100 checks which were awaiting the signature of the state highway engineer before being distributed among the employees of the department.

Payment of the checks was stopped by the highway department officials with the result that the merchants who cashed them are the losers.

Highway department officials said the checks were stolen last

Thursday noon, while employees of the office were at lunch. The officers were notified of the robbery. Two men seen loitering in the statehouse corridor shortly before the robbery was discovered were suspected by the police.

WOULD MODIFY BUILDING CODE

Woodburn Council Finds Regulation too Stringent for Small City

WOODBURN, Ore., Sept. 20.—(Special)—Protest was entered by Mrs. Bruce Beeman at the city council meeting here Tuesday night, because the carpenters ceiling her business building had been stopped on the ground of violating a certain ordinance. The council withdrew its objections and stated that the ordinance which had been copied from the Minneapolis charter would be amended to apply to the smaller city of Woodburn.

The city attorney was instructed to draw a contract between the city and Rigdon Bros., for travel for the improvement of

North Second street. Other repairs to streets and to sidewalks were authorized and property owners will be sent notices to fix sidewalks that have been broken by tree roots. The recorder was requested to draw a warrant for \$400 in favor of the treasurer of the library board.

PROSPERITY SEEN BY FRED. O. MILLER

That Olympia, Wash., is sure to grow now that it has obtained a port at which ocean-going vessels can dock and deposit their goods, is the opinion of Fred O. Miller, vice president and general manager of Miller's, who was in Salem on business yesterday.

"We can purchase goods in Japan and ship them direct to our new store in Olympia," said Mr. Miller in commenting on the development in the capital city of Washington. The Miller organization recently purchased one of

the best established stores in that city.

With Mr. Miller was his brother, George Miller, also an officer in the company. They consulted with Brown Shanon, local manager, while in the city. The local store is now being considerably improved by the addition of a marquee along both the Liberty and Court street fronts.

Woman Forger Suicides While Officers Wait

CULVER CITY, Cal., Sept. 20.—(AP)—While two police officers waited in the living room of her apartment to arrest her on forgery charges, Esther Eberhardt, 51, today went into the kitchen and fired a bullet into her temple. She was dead when the officers rushed into the room a few seconds later.

Miss Eberhardt was accused of forging the name of John F. Imel, Culver City attorney to a check for \$15 in connection with a real estate deal. She had promised several times to make the check good, officers said, pleading that she had \$800 coming from a property settlement which had been delayed.
