Universal

Porcelain Wood Ranges

Perfect Heaters and Bakers

Universal wood ranges ar famous not alone for their beauty of appearance and sturdiness of construction -but equally so for their cooking and baking qualities, The perfection which Universal

Ranges have attained is not accident. al but the direct result of over half a century's experience in the manufacturing of stoves and ranges. Applied experience and years of investigation have added many practical improvements, further the design and construction is such as to utilize to the fullest extent every natural heat-

Thus the Universal of today repreonts perfection, insofar as the human ingenuity can accomplish it and assures you of perfect, satisfactory

A Complete assortment of Styles and Sizes

Regardless of the requirements of your home there is a Universal that will meet them and one which will appeal to your particular ideas of beauty, style and finish.

Universal Porcelain

Wood Ranges Sanitary, Washable Indestructable

cooking, baking and heating service. The Universal range primarily appeals to women for its graceful beauty-its great practicability, however, has an even greater appeal, resulting, as it does, in the saving of hours of

time and labor. To the woman whose experience, has been confined to the old type of stove which necessitated dally blackening and polishing—the Universal will be a delightful revelation.

The beautiful percelain finish is smooth as glass and hard as flint, eliminating all blackening and polishing and is as ensily cleaned as a china dish. It preserves its lustre through years of constant service. Universal ranges are literally in-destructible and will last a life-time.
