of it for me to pass judgment

K. V. PEASE, automobile-

salesman, said: "The fair this year is one of the best I have ever seen. I am sure it is the largest ever held here. The automobile show is undoubtedly the best ever."

MARY L. FULKERSON. Marion county school superintendent, said: "This year's state fair looks pretty good to me. Of course I have spent most of my time between the boys' and girls' club house and their exhibits, but everything seems to be running smoother. The quality of the club exhibits is better, too.'

MISS MERLE HUGHES, a visitor to the fair from Harrisburg, said: "I've seen the state fair my fourth time now, and this year's seems the best of all. I particularly like the fact that the managers have dispensed with the usual monotony between the horse races. The "in between" performances adopted this year appealed to me as being just the thing.'

MISS GEORGIA SNEED, music teacher, said: "I have been out at the 67th annual state fair only Monday, when they were busy putting the exhibits in place and settling down for the coming week, but everything looked nice and as if people were planing for the biggest fair of all."
