GIRL SCOUTS PLAN GREATER ACTIVITY

WOODBURN, Ore., Sept. 28.—(Special)—Two troops of Girl Scouts are to be organized here this year under the leadership of Miss Margaret Brooks; one at the high school and one among the grade school girls.

Most of the girls will be working on their first class tests, which is one of the most difficult they will encounter in their career as scouts.

From now until Christmas principal attention will be directed toward completing the work for the home maker's badge. An entertainment of some kind will be given before Christmas, and in the spring the annual "Country Fair."

Next week the girls will elect officers and organize patrols. Last year Woodburn had the largest Girl Scouts troop in the state, and made annual progress, taking the first two ranks in eight months, whereas a month is the usual time required.

The year's activities were begun this week with a bean feast at the Methodist church.

Work of filling in several thousand feet of Havana harbor will soon be completed.

MONMOUTH NORMAL GRID SQUAD LIGHT

MONMOUTH, Ore., Sept. 29.—(Special)—A larger and more enthusiastic turnout for football practice is noted at Oregon Normal school this year, but the potential team is handicapped by lack of experience and weight. Line material is light and rather unskilled.

The first conference game will be October 13 with Linfield college one of the strongest teams of the conference and which beat Oregon Normal School 87-0 last year. The normals hope however to hold Linfield to a more even score this year.

Coaches Larry Wolfe and Robert W. Earl are in charge. Wolfe is a former Colorado college quarter, and Earl is an ex-tackle and University of Oregon freshman coach.
