

Play to Start on Next Sunday on New Salem Golf Course

Trial Day Will Precede Formal Opening; Greens And Fairways Now Ready

GOLF will be played Sunday for the first time on the Salem Golf club's new course, recently constructed southwest of the city. The first nine holes only are ready for play, although six of the second nine have been seeded. The entire 18 hole course will be ready for use early in the spring.

Sunday has been designated as "trial day," and the members after playing over the course will decide whether to continue using it regularly from that date, or to suspend play until after a formal opening is held. The formal opening had been originally scheduled for the following Sunday.

Public May Play

The course will be, for the present, semi-public in its plan of patronage, non-members being permitted to play on payment of green fees. This privilege will be withdrawn later when the number increases to a figure which will warrant it, officers of the club have announced.

The first nine fairways are reported to be in excellent condition, and the greens are satisfactory although it would be impossible to have them perfect at this early date.

The course has been under construction for several months, under the direction of Erel Kay and Graham Sharkey. Features include a complete irrigation system which waters not only the greens but all of the fairways, and the course is ideally laid out amid unusually attractive surroundings, providing playing conditions which will be excelled by no golf course on the Pacific coast after it is fully constructed.

SQUAD OF 22 OFF TO MEDFORD TODAY

Twenty-two members of the Salem high school football squad will depart by motor bus this forenoon at 9 o'clock for Medford, where Saturday afternoon the red and black team will line up against the fast and heavy Medford high eleven.

Coach Louis Anderson of Salem high announced Thursday afternoon that the following men would make the trip:

Backfield: Backe, Blaco, Robert Kelly, Charles Kelly, Elgin, Wooley, King and Hug.

Ends: Adams, Bush, Ecker and Gerlinger.

Tackles: Jones, Gottfried, Coomler and Smith.

Guards: George, Dave Drager, Golden Bettlemier, George Drager.

Center: Bowne.

AGGIES LEAVE TO BATTLE COUGARS

CORVALLIS, Ore., Oct. 18. — (AP)—Injuries and indispositions continue to pursue the Oregon State college football team. The squad left here tonight for Pullman to do battle with Washington State college Saturday, minus the services of the giant tackle, Fred Schell, who was left behind in a hospital. Schell was stricken with a severe attack of tonsillitis.

The others of the crippled eleven were in comparatively better shape, however, and 31 men were mustered for the trip.

Coach Schlusser has decided to start Honolulu Hughes and Cecil Sherwood at half. The veteran Maple will direct the attack, backed up by Coquille Thompson at full.

An all-letterman line will start, in spite of Schell's absence. The line will consist of Whitlock and Striff, ends; Luce and Stout, tackles; Eilers and Carlson, guards, and Geddes, center.

The team will arrive in Pullman early Friday morning.

NO PLACE TO HOLD FIGHTS, PROSPECT

Plenty of fighters are available for boxing cards in Salem this season, but where to stage any fights that may be signed up, is another question, according to Harry Plant, matchmaker.

Plant came back from San Antonio, where he contributed to the success of Salem's drum corps by supervising the mess car, all set to start the fight season. But when he arrived, he found the armory rented for other purposes for a number of weeks in advance

"Smear 'Em Oregon!"

Here is a quartet of Washington players who will face Oregon in Portland Saturday in their annual game. The teams have been age old rivals and their past contents have been thrillers.

probably for most of the winter.

There are still two nights of the week open; Monday and Saturday. Monday is drill night for the National Guard, and Saturday is popularly supposed to be a poor time for fight programs.

But the fans have been clamoring for fist entertainment, and Harry wonders if they will patronize it if arrangements are made to hold the programs Saturday night. He wants some expression from the cash customers, and if they say Saturday, he will arrange the bouts accordingly.

There isn't another hall available in town that would hold a crowd sufficient to make it worth while to stage the fights, Plant says.

In case some solution of the problem is found, Ted Fox and Phil Bayes will probably be the headliners in the first event of the season.

Because police officers found 40 gallons of liquor cached in an abandoned barn at Myrtle Point the city council revoked the license of Walter Perry for operating a pool hall. Perry lives near the barn.

INDIANS TO OPPOSE BEARCAT NOVICES

Back in the "old days" of football in Oregon, the Chemawa Indian school put forth eleven which furnished the smaller colleges, including Willamette, with tough competition. Of recent years the Indian school has dropped voluntarily into the high school class, but even as recently as last season, it gave a Willamette eleven a close game; the score was 6 to 6.

Today the Indians will play a Willamette team which isn't the varsity, being composed principally of players who haven't seen action in the intercollegiate games.

The 1932 Olympic games are coming to the United States. We hope they leave the champion hammer throwers in Europe there are already enough people with hammers over here.—Multnomah Press.

5 UNDEFEATED TEAMS BATTLE

Somebody Due for Coast Conference Defeat in Games Saturday

By RUSSELL J. NEWLAND Associated Press Sports Writer SAN FRANCISCO, Oct. 18.— (AP)—Western gridirons will ring this week-end with some of the mightiest engagements of the 1928 season.

Coast conference championship hopes will rise or fall, according to the outcomes, as five undefeated eleven—Stanford, Southern California, Washington, Oregon and Idaho—risk their chances in important games.

One of the spectacles of the year will be presented at Berkeley, Saturday, when California's Bears and Southern California's Trojans come together in their annual struggle. Eighty thousand persons, drawn from all sections of this state, will pack Memorial stadium to see these bitter rivals in action.

Teams Almost Even Although most critics incline slightly toward Southern California, the teams will meet on practically even terms. Injuries have claimed three Trojan regulars, a backfield man and two linemen, while California's squad is intact.

But Southern California's offense is unhampered as "Dynamite" Don Williams, quarterback, and Captain Jess Hibbs, tackle, principals in the Trojan cutback plays, will be on the field at starting time. New line plays and a new passing attack, guarded jealously thus far, will be uncovered by the Bears for the first time. Each team has won one conference game, California defeating Washington State, and Southern California crushing Oregon State.

Stanford's Cardinals and Idaho's Vandals start the week's activities, tomorrow in San Francisco. The game dedicates the recently enlarged Kezar stadium, seating 60,000 persons. Idaho brings the heaviest team in the conference to battle Stanford but Coach Glenn Warner's versatile and smooth working Cardinals are expected to overcome the powerful thrusts of the squad from the north. Stanford has won two conference games and lost none. Idaho is untried in conference play.

The northern sector's major Huskies and Oregon's Webfooters at Portland on Saturday. The Huskies overwhelmed Montana a week ago and are favorites over Oregon which has been defeated

by Stanford. Oregon followers are optimistic, however, as the team has shown great improvement in the past two weeks.

Oregon State invades Pullman Saturday to help Washington State celebrate its homecoming. Both teams are heavy and powerful

and appear evenly matched. University of California-at-Los Angeles and Montana, the other conference members, meet non-conference opponents, Saturday. U. C. L. A. meets Pomona and Montana tackles Montana State School of Mines.

TORONTO, Oct. 18.—(AP)—Construction of a benzol plant for the Algoma Steel company is understood to form a part of the \$12,000,000 building program of the Lake Superior corporation. Erection of large coal docks and improvement at Michipicoten harbor also is contemplated.

Mild enough for anybody . . . and yet they Satisfy*

WHEN we purchase over 100 million pounds of choice tobacco from one crop, it means that regardless of cost, we are going to be sure of the quality of the tobacco in Chesterfield cigarettes. In

this way we insure Chesterfield's good taste. Millions of dollar's worth of fine tobacco—ageing, maturing and sweetening in storage—there is no better safeguard than this.
