General Markets

PORTLAND GRAIN
Cash grain: Wheat—Big Bend business, hard white \$1.44; soft white \$1.17; western white \$1.16; hard winter \$1.08; northern spring \$1.07; western red \$1.09.

CHICAGO GRAIN
Chicago, Oct. 20—(AP)—Collapsing prices plagued the wheat market today, with prices within a few cents more than a cent a bushel above the lowest figures heretofore reached this season, indications of a big harvest soon in countries south of the equator adding to huge supplies of wheat already available in Canada and the United States were among the factors putting the market here under evident strain. Closing quotations on wheat were heavy, 1-8c to 2c under yesterday's figures. Corn closed 3/4c to 1-8c down and oats 1-8c to 3-8c off.

NEW YORK STOCKS
NEW YORK, Oct. 20—(AP)—The spectacular advance in stock prices, which has been under way for about a week, was seriously interrupted today by heavy selling for both accounts which carried several of the recent leaders down 3 to nearly 12 points. American Express broke from an early high of 26 1/2 to 22, dropping 20 points between sales. Radio was one of the hardest hit, breaking 13 points to 22 and closing fractionally above that figure, but the center of the selling attack was directed against the motor shares. General Motors was hammered down 4 points to 218 and Hudson closed 3 1/2 points lower at 26 1/2, a fever touching 84 1/2. Chrysler, Packard and Mack Trucks lost a point or two.

Adams Express, which soared 90 points earlier in the week, lost 10 points of its gain. American International, American Type Foundry, Burroughs Adding Machine, Bush Terminal, Coca Cola, Curtiss, Grand Stores, Jewel Tea, Keith-Albee, Kresge, National Biscuits, and Wright were among the many issues to lose 3 points or more.

Erratic fluctuations took place in International Nickel, which opened 4 points lower at 180, ran up to 187, fell to 177 and rallied to 179 1/2, of 4 1/2. Montgomery Ward advanced 2 points to a new high at 85 1/2 and then fell back to 84 1/2. A. M. Byers, Johns-Manville, Electric Auto Life, and National Tea closed 3 to 10 points higher, all setting new peak prices.

Clough-Huston Co's History of Salem and the State of Oregon

THERE are certain limits both ethical and of good taste, that should keep the modern and progressive funeral director within due bounds.

AS we have seen, the treaty of 1818 fixed the boundary between British America and the United States only as far west as the Rockies, and left the Oregon country open to the activities of the citizens of both powers.

This condition existed for a considerable period, the ten year agreement to these terms being renewed in 1827, and at this time no definite date for making other arrangements was specified, except that the agreement could be terminated by either power on a twelve month's notice to the other.
