

Washington--California Game Main Attraction This Week

BEARS INVADE HUSKIES' LAIR

Dope Favors Southern Grid Team But Upset Conceded as Possible

SAN FRANCISCO, Nov. 8.—(AP)—The only treat in store for Pacific coast conference football fans next Saturday, dopesters say, is the game between the University of California and the University of Washington, at Seattle, and whether that is to be a treat depends on the ability of the performance which at this time and distance is set down as problematic.

The California bear is expected to have an easy time surprising the northern Huskies, but upsets figure on the gridiron as well as in politics.

While Washington is entertaining California, Washington State will take on the University of California at Los Angeles. The game will be played at Portland, and will be the only other conference game. Washington state is given the edge in the guessing.

Stanford will play Santa Clara in a non-conference contest with a good game anticipated. Both teams have been defeated, but have plenty of ammunition left. While Stanford was being trounced last Saturday by the University of Southern California, 10 to 0, Santa Clara was on the losing end in a clash with the Olympic club of San Francisco. The score was 20 to 18. But being licked by the Olympic club, another non-conference team, is no dishonor in these parts.

Southern California plays Arizona at Los Angeles in the next week-end fracas. The other games scheduled are attended by less band music but offer some worthy attractions. Among these is Fresno State vs. Nevada at Fresno, and St. Ignace vs. the Olympic club at San Francisco.

BASEBALL MANAGER IN BEND ARRESTED

An aftermath of the recent Willamette Valley baseball league race which was won by the Bend Eagles team in a final playoff series with the Salem Senators, was seen this week when G. E. Everett, business manager of the Bend team and secretary of the Eagles lodge there, was arrested on a charge of embezzling \$1572.36 of lodge funds.

Everett admitted that a shortage existed in the lodge funds, but said this was due to expenditures for the baseball team incurred by the lodge. Expenses of the baseball team averaged \$1300 a month during the season. The complaint against Everett, who is manager of a clothing store in Bend, was signed by an auditor for the Eagles order.

Junior High and Gervais Elevens Play Here Today

Football teams of Parrish junior high school and Gervais union high school will play on Olinger field this afternoon at 3:45 o'clock. Gervais recently defeated the Leslie junior high team from Salem, which previously played Parrish a scoreless tie, so the out of town eleven is a strong favorite to win.

HERE'S HOW TROJAN CENTERS LEARN TO PASS BALL

Accuracy in passing the ball to the backfield is learned by candidates for center on the Southern California squad by this novel method. Three rookie centers are shown passing the ball back and trying to score bullseyes through two holes cut in a thick canvas sheet hung behind them. When the boys become proficient at this the team doesn't have to worry about bad passes from center anymore.

*CHESTERFIELD stands out as the mild cigarette that satisfies. That is because it has taste. Its mildness is not flat or insipid—Chesterfield has character—flavor—aroma—and appeal. Due first, to the ex-

GRID'S GRISLY GRINDS FACULTY FOE FOILED

Indications that collegiate and scholastic athletics in Salem are on the up grade were confirmed Thursday when it suddenly dawned on somebody that the annual wall of "ineligibility" hadn't arisen either from the camp of Coach "Spec" Keene at Willamette university nor from that of Coach Louis Anderson at Salem high.

Something seemed queer, with several fairly important games already ready for both teams and each one faced by a crucial contest next Monday, Armistice day, in Salem high playing Eugene here, and Willamette going to Boise to oppose College of Idaho, the danger line in their studies.

But investigation disclosed that, as a matter of fact, the two squads had passed without a casualty the first critical period, in fact the only critical period so far as the present football season is concerned, with respect to eligibility, as one Willamette grifter expressed it, "the faculty has passed up its chance."

Faculty members, of course, are just a little surlier than anybody else to see athletes become ineligible, so this remark has to be translated freely. But at Willamette this year, the faculty members are assisting more than in the past, by giving warning ahead of time when athletes are near Boise to oppose College of Idaho, the danger line in their studies.

KURTZMANN embodies the fine accomplishments of the piano-making art. In fact, Steinway lovers, if deprived of their beloved Steinway, would probably choose the Kurtzmann.

It is a piano with a famous singing tone, with inbuilt craftsmanship in every visible and hidden detail—a piano masterfully finished. Yet its cost is much less than you would expect. Uprights are priced from \$475 up; grands from \$850 to \$1150.

Both uprights and grands are designed in a number of pleasing styles and sizes.

Convenient terms.

STROPPING IS ESSENTIAL TO THE PERFECT SHAVE

a Million barbers
I can't be
WRONG!

Stropping a razor blade can't be foolish—surely a super-keen blade must be preferable

What's more, 21 years of research and the expenditure of a million dollars have made this famous razor the most perfect shaving device ever offered.

YOU must know that after the first shave the cutting edge of the finest blade that can be made is a row of tiny jagged hooks—until it is stropped. Stropping smooths out and re-aligns these minute points. That's why barbers everywhere always strop before each shave. They've done it for 2,000 years.

Recently introduced, the Million Dollar Valet AutoStrop Razor is already a nation-wide sensation. Even if you thought that the original Valet AutoStrop Razor could not be improved, get one of the new Million Dollar models today. Try it with the new Valetite-processed blades. Judge its betterments for yourself.

And that's why shavers everywhere are eagerly adopting the famous new Valet AutoStrop Razor. Its automatic self-stropping device guarantees a perfect blade for each morning's shave. No trouble. A flip of the thumb—a few swift strokes—and the edge is as keen as can be. No need to remove blade to strop or clean it.

You'll say this Million Dollar Razor is worth all it cost to make—yet it costs you so little that you can't afford to be without it.

Beautifully finished models complete with blades and an improved strop in handsome cases at \$1.00 to \$25.00.
