Human Lives Taken by Hurricane Sweeping Across Britain to Europe

Warnings Passed out to Prepare for Renewal of Terrific Storms

LONDON, Nov. 24.—(AP)—The gale which buffeted the British Isles and northwestern Europe yesterday and today, causing some loss of life and great property damage ashore and on the waters from the western coast of Ireland to beyond the Danish peninsula, was still blowing with menacing violence tonight. It had dropped to moderate force.

The air ministry, in a survey of prospects, warned that more storm weather was on the way and predicted that cold weather would be an unwelcome accompaniment to the angry winds.

Ireland, England, Scotland and Wales all experienced the destructive might of the gale which often approached hurricane strength. The coast of France from Dunkirk to Bordeaux and the western part of Denmark also felt the fury of the winds as they raged up the channel and across the North sea.

Ocean Steamers Suffer Delays High seas on the Atlantic were delaying a number of liners from northern European ports while every cove and sheltered nook along the coasts was a haven for fishing craft and smaller vessels.

At Plymouth there was a one hundred mile an hour gale which held back the Hamburg American liner Alicia, bound for West Indian and Central American ports. Bantry said that the harbor there (Turn to Page 2, Please.)

2 NATIONS ASK CESSATION OF BULGAR STRIFE

France and Great Britain Send Joint Demand to Avert War's Spread

Forces Nevertheless Ready to Engage in General Hostilities

SKOPLJE, Jugo-Slavia, Nov. 24.—(AP)—Private advices received tonight from Sofia said that it was believed that the government army corps dispatched to the Petrich district soon would engage the forces of Ivan Michailoff in battle.

SOFIA, Bulgaria, Nov. 24.—(AP)—The European powers (in AP) intervened in the critical situation in Bulgaria caused by the continued bloody Macedonian feuds, Great Britain and France were reported to have jointly demanded cessation of the strife, as not only menacing Bulgaria but jeopardizing the peace of the Balkans.

Foreign Minister A. Buruff, while not attempting to disparage the gravity of the situation, replied that the government had sufficient troops to subdue Ivan Michailoff, but that it was most difficult to capture him and his thousands of armed Macedonian revolutionaries who, when confronted with danger, flee to inaccessible mountain retreats.

Buruff declared that while regular troops are within reach of Petrich, the Michailoff stronghold, the government desires to give the revolutionary leader a last chance to capitulate before giving the order to engage him in battle.

The government dispatched a peremptory demand to Michailoff this afternoon, saying that the "anarchical feuds must cease immediately or he and his Partisans will be captured."

Undaunted, the Macedonian chieflain hurled back the defiant reply, "any government official who signs a decree against me, signs his own death warrant."

In ministerial circles it was said that War Minister Volkoff was in disagreement with the rest of the cabinet and that the Liapcheff ministry had been weakened by the vigorous diplomatic representations made by Great Britain and France.

Number of Killings Already Reported The vendetta between the Macedonian factions has claimed fresh victims. It was learned late today that Apollonoff and Popoff, had been slain here a few days ago after leaving a meeting.

Organization of Immense Battleship Interests Good

Will Party U. S. S. MARYLAND, Nov. 24.—(AP)—Life for President-elect and Mrs. Hoover aboard the Maryland is proving to be one of the most interesting experiences in their almost unceasing travels on most of the seven seas since their honeymoon voyage across the Pacific to China more than a quarter of a century ago.

This trip is not only opening new vistas and seas to the two passengers but is furnishing an ever changing picture of how 1-200 men assembled from various parts of America perform the navy's task of keeping fit a massive unit of the nation's first line of defense.

Both Mr. and Mrs. Hoover never flagging interest in the work of the officers and men in all parts of the warship which, to a landsman, is a master crossword puzzle, evolved by naval minds and architects from tested theories and experience of all battles from the Merrimack and Monitor to that of Jutland. The complicated machinery and construction naturally has attracted Mr. Hoover's engineering mind but above and beyond that is interest in the men and the scheme of things in this floating stronghold of armor and guns.

REBEL'S ATTITUDE IS STILL DEFIANT Buruff declared that while regular troops are within reach of Petrich, the Michailoff stronghold, the government desires to give the revolutionary leader a last chance to capitulate before giving the order to engage him in battle.

THE VENDETTA BETWEEN THE MACEDONIAN FRACTIONS HAS CLAIMED FRESH VICTIMS. It was learned late today that Apollonoff and Popoff, had been slain here a few days ago after leaving a meeting.

JURY FAILS TO AGREE IN LAD'S MURDER TRIAL

Nearly 30 Ballots Taken During 12½ Hours of Deliberation

State Fails to Convict Earl Jones of Killing Mother and Brother

OREGON CITY, Ore., Nov. 25.—(AP)—A jury which for twelve hours and a half had sought a verdict in the case of Earl Jones, 19, charged with killing his step-mother and a half brother, was discharged a few minutes before midnight after having received the case at 11:17 a. m. yesterday.

The disposition of the case now rests with the district attorney, who may call for a new trial or dismiss the case.

ONE OF THE JURORS WAS QUOTED AS SAYING that between 25 and 30 ballots were taken. The same source of information said the twelve jurors had agreed to eliminate from consideration verdicts of guilty of murder in the first degree, and guilty of second degree murder, and had reached the point where they were debating on the return of a verdict of manslaughter.

THE JUROR SAID that he reached a deadlock on the manslaughter verdict, seven standing for conviction and five for acquittal.

DISTRICT ATTORNEY OUTLINES STATE'S CASE In closing the argument to the jury, Livy Sibley, District Attorney, said: "We know that this youth bought 50 pounds of blasting powder. By his own admission he placed it under the house—the edge of the house. We know that later it was placed further under the house some eight or ten feet, at a position where it would only be placed by the design of some person looking toward the demolition of the house and the death of its occupants."

"WE KNOW THAT EARL JONES ALONE KNEW OF THIS POWDER UNDER THE HOUSE, and that he was the powder was not exploded by accident, and it is up to you of the jury to decide whether Earl Jones ignited the blast that sent his step mother to her death and killed his ten-year-old half brother."

REWARD OF \$100 HAS ALREADY BEEN POSTED BY FRANK MCINTYRE, owner of house in which the Tichenors live, for information leading to conviction.

THE HOME WAS FIRST ENTERED Monday night when the Tichenors were away. A traveling bag was slashed at that time. The prowler again entered Tuesday night, with a pass key, leaving a death's head on the table with a butcher knife, cutting an auto robe and an overcoat and leaving poisoned bread and canned fruit on the table. By chance of fate, Mr. Tichenor, next morning fed some bread to the cat before starting to eat himself, the cat died shortly from effects of the poison. The doctor pronounced the fruit also poisoned. As the Tichenors are both dead they did not hear the entry the second night.

Lindy Lost, Flying Out of Mexico

Alarm Felt When American Flying Ace Fails to Reach Destination

Aerial Search Will Start for Missing Flyer Early This Morning

BROWN SVILLE, Tex., Nov. 25.—(Sunday)—Colonel Charles A. Lindbergh, America's beloved aviator, who was reported to have left Tampico for the United States Saturday afternoon had not been reported in port at any border point last night or early today.

ALTHOUGH IT HAD NOT BEEN DETERMINED definitely whether the famous flyer had headed toward the border late yesterday, border points were anxiously watching for sight of his plane during the night.

A DISPATCH from Tampico Saturday said that Lindbergh had left that city for the United States.

IT WAS CONJECTURED here that "Lindy" may have landed at some point between the border and Tampico. It also was thought likely that he may have detoured to the Hal Mangums ranch, near Eagle Pass, Tex., where he was recently a hunting guest of the owner.

THE AIR TRIP from Tampico to Brownsville ordinarily requires about three hours.

THE PORT BROWN meteorological station reported that it had sighted a plane at 10:30 p. m. Saturday which later turned back toward Mexico. An aerial search for the mysterious plane, which carried lights, was initiated to get under way at dawn, in the belief that it might have gone down in the wild region near Matamoros.

SOME FEAR WORST MAY HAVE OCCURRED Some of the more pessimistic feared that "Lindy" might have been in trouble, but there was no definite background to that belief. It was pointed out by many that Lindbergh was won't get out in the air with a minimum of ostentation and that there was nothing unusual in his trail becoming lost temporarily.

LINDBERGH HAS BEEN IN MEXICO for some time on a visit with friends, having spent two weeks in Mexico City as the guest of Ambassador Dwight W. Morrow. He had expected to spend several days in the vicinity of Tampico in dark hunting and fishing. His home-ward flight had been planned by way of Brownsville.

THREE PLANES HUNT FOR MISSING FLYER (Sunday)—(AP)—Three airplanes will take off here at 5 a. m. today to search for a plane believed to have gone down last night about 14 miles south of Matamoros, Mexico.

THE SEARCHERS FOR THE missing plane are from Brownsville, Texas; that of Colonel Charles A. Lindbergh, who left Tampico, Mexico, yesterday to fly back to the United States.

THE SCOUTING SHIPS will be piloted by Major B. Law of the Texas-Mexico. E. A. Anding of the International Airways and Frank Bogier of Brownsville. Charles Quinn, Quincy, Ill., pilot, also (Turn to Page 2, Please.)

THEY WILL FLY OVER the rough country south of Brownsville—around Matamoros and Soto La Marina, about half way from Brownsville to Tampico.

TURKEY PRICE WILL BE REASONABLY LOW FOR THANKS FEAST The first definite quotation on turkeys for the holiday trade was made by local dealers Saturday, 30 cents the standard buying price for dressed tops and 22 cents a pound for top live turkeys. The birds will retail for between 65 and 40 cent a pound, considerably cheaper than last year.

LOCAL DEALERS will not handle as many turkeys as usual this holiday time, leaders say, as farmers are delivering many of them right to the homes at a little better than buying prices for the grade. The turkey supply is considerably greater than the demand, as the lower price tells, it is said.
