

HEALING POWER OF GOD IS AFFIRMED

How He Did It

"A God who would create the human body surely could repair or heal it," declared the Rev. J. G. Minton, pastor of the Christian and Missionary alliance, in discussing "Some Questions Regarding Divine Healing" Friday night at the joint revival services being held at the tabernacle with the Salem church of the Nazarene.

In answer to the question, "Is it God's Will to Heal?" Mr. Minton said: "And Jesus went about all Galilee, teaching in their synagogues and preaching the gospel of the kingdom, and healing all manner of sickness and all manner of disease among the people." He sent out the 12 disciples and commanded them to heal the sick, and he sent out the 70 with the same instructions. And in his last message to his disciples, when he gave the "Great Commission," he said, "These signs shall follow them that believe... they shall lay hands on the sick and they shall be healed." The great commission to "Go and preach" applies to today, all all Evangelical Christians believe, and they were all included in the same brief message of Jesus to his followers.

Jesus is still healing today, the minister said, for ever since Jesus gave that promise to the disciples, some few people have believed that He meant it, and God has been answering prayer by healing bodies. Mr. Minton pointed out that the conditions upon which God heals are: first, a heart right with God, and second, a vital faith in Him and His word.

Chinese Certain Old Curse Cause Of Ship Disaster

VANCOUVER, B. C., Dec. 1.—(AP)—The ancient Chinese curse of Bad Jobs has been hanging over the steamer Chief Maquilla which was in distress in mid-Pacific today. Her name was changed some months ago from M. S. Dollar to her present one, and the funnel was repainted while the vessel was enroute. The Oriental crew considered this a sure omen of disaster. However, when the Indian head, symbolic of the Chief line, appeared on the black funnel, they were a little easier in mind. When the Chief Maquilla completed one voyage without mishap they thought the old Chinese curse had not been fulfilled.

No Cranberries Served Yankees At Paris Meals

PARIS, Dec. 1.—(AP)—Complete absence of cranberry sauce rather marred the Thanksgiving dinner of American residents of Paris.
