When Food Sours

Lots of folks who think they have "indigestion" have only an acid condition which could be corrected in five or ten minutes. An effective anti-acid like Phillips Milk of Magnesia soon restores digestion to normal.

Phillips does away with all that sourness and gas right after meals. It prevents the distress so apt to occur two hours after eating. What a pleasant preparation to take! And how good it is for the system! Unlike a burning dose of soda—which is but temporary relief at best—Phillips Milk of Magnesia neutralizes many times its volume in acid.

Next time a hearty meal, or too rich a diet has brought on the least discomfort, try—
