Home Demonstration

WE want you to let the new Easy do a real
washing for you. We want you to see
how the new Easy Washer with its
thorough Vacuum Cup Washing Principle of
air-pressure and suction, washes clothes more
gently than human hands; we want you to thor-
oughly understand the Easy's new drying tub
that has taken the place of the old-fashioned
wringer; we want you to see how the Easy
empties itself when you are through washing,
so you don't have heavy pails of water to lift.
