espondent little flower.

She woke much later with the surprised feeling that she must ave slept. She seemed weighted iown with a conviction that something terrible was going to happen. Then she remembered. It had happened. Her little world had smashed to smithereens! Well, she wouldn't think about

The committee in charge of the naughty children that have been banquet is composed of Mrs. Ben warned not to look into a certain

There was the sound of a wind stirring in the boughs of the elm and the sudden darkening of the skies that often occurs with a roll of thunder.

Then she heard the voices of the three little Blogg girls departstick on the wooden pickets as they passed the fence that closed be outlined at the banquet the in the small New England cottage

The smell of toast floated up to She surely couldn't be hungry she thought in consternation. On top of a broken heart!

She remembered that this was Friday, and she had accepted an invitation to a luncheon bridge at a neighbor's house across the Training School street. Byrd was glad to have an excuse not to go, for she disliked these big, formal parties.

"Well, I find that it's just as And some time she would have to

The little white house would no doubt be back on the market before the end of the month!

Byrd shuddered. There was no reason to cry about that, she scolded herself. Larry would never have been able to keep up the payments on it anyway. Just then Mandy came bustling

in with a breakfast tray. "Yo' jes' stay in bed this morn-

#### Beware of Diets to reduce

#### Medical authorities warn that reducing has gone too far

MEDICAL authorities are becoming alarmed at the extent to which American girls, women and men are reducing their weight by starvation diets. This has gone too far, they say, and in many cases is resulting in permanent

One famous doctor says: "Starving leads to anemia, which may become so persistent that the tissues are no longer able to form blood in the proper way, even when sufficient

food is subsequently supplied to them, and a state of actual starvation throughout life may result." "This," he goes on to say, "is because any method which defeats nature, long carried out, produces disease changes in the body which frequently become

Another error is the belief by some that sugar in the diet is the only cause of overweight. This is not true. Any food that is nourishing is fattening and nature should be allowed to store a certain amount of fat in the tissues as a reserve supply of energy when it is needed. Don't undereat; it is dangerous. Eat enough of a great variety of foods and enjoy them. Remember that nothing adds so much enjoyment to other foods as sugar. Sweetness is nature's ideal flavor and modern sugar is food in its least expensive form. Put one cup of sugar in the water used for boiling ham and notice the improvement in appetizing flavor. Be sure of tasteful variety in food. The Sugar Institute.
