## SUMMARY MADE FOR NEW YEAR

### Associated Press Sports Editor Writes His Impressions for 1929

By ALAN J. GOULD  
Associated Press Sports Editor  
NEW YORK, Dec. 31.—(AP)—Nineteen twenty-eight, taking the long count tonight, gives way to a new year that promises a lot of light and fancy work all along the line of sports activity.

Some of it will be on the gridiron when Georgia Tech steps out tomorrow in an effort to halt the California rush. The fleet Paavo Nurmi will add an artistic touch later. So will Sharkey and Stribling and possibly Dempsey, although the Manassas Mauler's footwork is not what it used to be.

Big Bill Tilden still can cover a lot of court if the U. S. L. T. A. will let him, and Bobby Jones will roam over considerable territory with the features of his 1929 campaign booked for New York and California links.

Hornaby In Spotlight  
Rogers Hornaby will do his cavorting around the infield for the Chicago Cubs for a change. Except for a few stories here and there, such as golf invasion of England and a tennis jaunt to France, even if there isn't much prospect of success, Uncle Sam's athletic talent will spend most of its time on home soil in 1929.

Baseball—A big drive on the Yankee fortress, led by the Athletics, Browns and Tigers, as well as another hot pennant fight in the national league, with the Giants and Cubs, fortified by Hornaby, as the likely pre-season choices.

## Y. M. C. A. OPEN HOUSE TODAY

### Basketball Games, Water Pageants and Lobby Entertainment Billed

All persons interested in becoming better acquainted with the work of the Salem Y. M. C. A. have been invited to attend the annual open house today and tonight in the association building.

Basketball games and lobby entertainments will add to the water pageants of the afternoon and night.

The Chemawa Indian school basketball team will play the Ducks, champions of the Y. M. C. A. league last year. The local team is in excellent shape and the Indians are reported to be showing up well. The boys' gym classes will put on exhibitions of class work and will play several games.

Volley ball games between the first and second Y. M. C. A. teams and Kay Woolen mill and State house teams will be athletic attractions beginning at 5:15 o'clock. The mill and state teams are expected to present an exceptional amount of competition in their game.

The girls' water pageant under the direction of Mrs. Harold Rowley offered so many laughs and remarkable water feats in rehearsal that it is expected to be the big attraction of the evening. Swimmers of the Boys' division and of the high school team will give a tank demonstration in the afternoon.

The musical program for the afternoon will be presented by Benner's orchestra. The program will begin at 4 o'clock. An evening musical has also been arranged. The tumbling team show at 7 o'clock will be followed by the water pageant. The first event of the afternoon will begin at 2:00 o'clock in the boys' lobby. Both gymnasium and lobby sport events are arranged for the afternoon.

## NO ALIBI OFFERED FOR WATER TASTE

### The Oregon-Washington Water Service Co. has no alibi to offer for the present condition of Salem's water supply, but is doing everything possible to correct the situation and to guard against a recurrence.

J. W. Helwig, plant manager here, Monday told the Chamber of Commerce forum luncheon.

Exploitation of the water evil is more serious than the water itself, Walter Stolz declared. He held that the city council has the authority to force correction of the condition without unpleasant discussion.

Thomas Kay, a member of the state tax commission, scored the widely circulated statement that the Oregon Pulp & Paper company pays an excessive tax in Salem as compared with what it pays on its Vancouver, Wash., property. The commission has investigated the facts, he said, and is prepared to say that industry pays no heavier tax in Salem than it would pay anywhere else in Oregon or in Washington or California.

Directors of the chamber reported for the year on the work done by their departments.
