### BAND CELEBRATES OPENING OF 1929

HUBBARD, Ore., Jan. 2.—(Special)—Hubbard folk paused for only a moment, and dropped only a passing tear as the old year sank to rest; then they turned to greet the new year. Church bells rang, guns barked and dynamite charges boomed a welcome to the new year.

The Hubbard band paraded the streets at midnight and played at the principal street intersections as well as at the homes of those who were sick or too old to be out.

The band then found its way to the I. O. O. F. hall where a banquet was waiting. When at last they started home the new year was well on its way.

### HOLIDAY FUNCTIONS MARRED BY ILLNESS

CENTRAL HOWELL, Ore., Jan. 2.—(Special)—Many holiday plans and festivities in Central Howell had to be given up on account of illness. Many families in this community have been having the prevailing gripe or "flu."

The program at the school on the Friday afternoon before Christmas was enjoyed by the children and many patrons. After the excellent program Santa Claus distributed gifts and candy and oranges.

Mr. and Mrs. Robert Jantz had Christmas dinner in Salem with Mr. and Mrs. L. D. Simmons.

Mrs. John Tweed and children were included in a family gathering on Christmas day at the home of Mr. and Mrs. E. T. Barkus of Salem.

Mr. and Mrs. R. C. Ramsden entertained a number of relatives on Christmas day.

Mr. and Mrs. Roy Peterson and daughter Orval and son Donald of Los Angeles drove up to be with the Ramsdens at the holiday time. Others present were Mr. and Mrs. Otto Funenmark and family of Portland; Mr. and Mrs. A. Berglund; Mr. and Mrs. Roy Ramsden; Mrs. Anderson and Mr. and Mrs. Tucker.

Henry Werner has made arrangements to have the electric light line extended as far as his home so he will soon have the advantage of electricity.

A number of children who had not taken the smallest vaccination formerly took it when Dr. Douglas called at the school the week before Christmas.

Lefty Grove, Athletic pitcher, struck out 183 batters in the 1928 season.

### First Accident When New Year 10 Minutes Old

DALLAS, Ore., Jan. 2.—(Special)—To Richard Domaschofsky, local baker, goes the doubtful honor of having the first auto accident of the new year in this city. While returning to Dallas New Year's morning ten minutes after midnight, Mr. Domaschofsky was met on the north Dallas hill by another car which crowded him into the railing and even hit his car. It was said that the lights bothered the driver as he was going up the hill. No one was hurt.

### Smith Recovers From Bad Burns

MONMOUTH, Ore., Jan. 2.—(Special)—Fred Smith was greeting Monmouth friends recently, having been able to dispense with hospital care which he has been receiving for more than four months following a severe burn suffered while he was operating a steam shovel on state highway construction work near Cloverdale.

Twelve inches of skin removed from the trunk of his body was grafted on his legs, and about 90 per cent of the grafts were successful. He has discarded the use of crutches and is gaining strength rapidly.

When it is necessary to lengthen a small trunk of his body, the regular gauze bandage which comes in rolls of different widths is just the thing to use in facing them. The gauze shrinks so little that if it is placed on the under side when stitching, the hem will be perfectly smooth and not wrinkle when ironed.

**SUGAR MAKES EATING A JOY**

Why Eat Unflavored, Unappetizing Foods?

A change is coming over the well-informed eating ideas of this country. For a time, food advertisers tried to make us believe that we had to eat all kinds of things we didn't like in order to be healthy. Good sense is beginning to assert itself and we now know that the foods that are good for us may also be the most enjoyable. In fact, if we don't like the healthful foods, we probably won't eat them.

Prominent medical and other scientific authorities are now reminding us that appetizing varieties may be developed and improved by sugar. One well-known scientist, for example, states that "fruit flavors are developed by sugar. Fruit acids are softened by sugar."

The only safe rule for a healthful diet is to eat as large a variety of foods as possible, including healthful cereals, fruits and vegetables made appetizing to the taste by the judicious use of sugar. Sugar is not only nutriment in its least costly form. It is Nature's perfect flavor. Sugar develops the appetizing quality of nearly all fruits. Desserts of fresh or cooked fruits are growing more and more popular. Modern candy containing fruits, nuts and pure sugar is delicious and satisfying at the end of a meal.

No one should overeat or underexercise, but everyone, in order to be healthy, should eat plenty of healthful foods and enjoy them. The Sugar Institute.—adv.
