

TARIFF CHANGE TO BE UPWARD

Congressman Hawley's Committee on Ways and Means Draws Up Bill

By WALTER CHAMBERLIN Associated Press Staff Writer WASHINGTON, Jan. 5.—(AP)—Even before Herbert Hoover has had an opportunity to go over plans for his inauguration, congress next week will be at work on one of the first major problems to be tackled during his administration—tariff revision.

It will be the first time the legislators on Capitol Hill officially have turned their attention from the problems of the Coolidge regime to those of the incoming administration and singularly enough this will take place during Mr. Hoover's initial visit to Washington since the election to the presidency.

The question of a party-old issue which had long been in the campaign last fall—reaches out and affects a multitude of interests as well as millions of people and constitutes one of the biggest peace-time tasks any congress can undertake.

Under constitutional mandate, tariff revision legislation must originate in the house and on Monday the ways and means committee will start hearings on the subject.

There is little doubt that revision will be upward and a studious attempt will be made to extend the tariff benefits as far as possible to the farmer.

During the campaign Mr. Hoover promised to call an extra session if the present congress failed to dispose of the farm problem and as a result of this a number of congressional leaders favor the passage of a tariff measure at a session to be called some time after March 4, and before the convening of the next regular session in December.

VEHICLE LICENSES BEING PASSED OUT

New milk vehicle licenses for 1935 have arrived and are being distributed to the milk dealers of Salem, J. E. Blinkhorn, sanitary inspector for Marion county, reported Saturday.

Each milk dealer complying with the ordinance must display his license number each year on all trucks in his use. This year for the first time small metal license plates with the numbers impressed in black on a white field are supplied for the purpose.

The first licenses were issued this week, Mr. Blinkhorn said, adding that the number of the license does not indicate the order in which they are granted.

The numbers have been assigned by lot since several dairies own more trucks than others and therefore more plates were ordered for these.

Some of the dairies have been in qualifying for a license but the inspector anticipates qualifications will be filled by these shortly, the supply of milk in Salem is of a very satisfactory quality when compared with that of other cities which have had inspection for longer period, Mr. Blinkhorn says.

INDOOR GOLF HERE BECOMES REALTY

Salem now has an indoor golf course, and best of all, one with all the greens fee attached to it. O. E. Price, owner of the Price Golf Club, has a 12 foot wide by 30 feet long, a large canvas curtain is hung in one end and a platform with a cocomat at the other end. The balls are knocked against the canvas and roll back to the platform to be hit again. The floor is slanting and saves the player from chafing after the ball.

Mr. Price states that the course is similar to many in Portland and will be kept for the use of his friends and no fees will be collected.

A Signal—Or What Have You?

If you would save the motorists behind you from becoming nervous wrecks, it might be well to give a little attention to proper signaling. Flipping the ashes of your car may mean nothing to you, but just in case you propose to do, Mistaken signals are the cause of many automobile accidents each year.

There is an unwritten courtesy code in highway automotive traffic, and one of the rules is to keep your left hand on the wheel until you get ready to signal and, then signal in a manner that cannot be misunderstood by those in the rear.

Eleven Persons Killed by Cold in Mid-West Section

KANSAS CITY, Jan. 5.—(AP)—Frigid temperatures descended on the middle west and southwest tonight on the heels of the worst storm of the season, which lashed the region last night and today and brought death to at least 11 persons.

The season's heaviest snow in many sections, piled high in drifts by a blustering north wind, made trains late, hampered wire communication, and tied up street and highway traffic over a wide area, while temperatures hovered at the lowest mark of the winter.

While cold and snow took five lives in Iowa, Kansas and Wyoming, a winter tornado near Bay City, Tex., killed five persons and injured nearly a dozen others. Three Iowa deaths were in accidents due to the storm, a man was frozen to death in Kansas and a rancher was reported killed when a snow slide buried a house in Wyoming.

The frozen body of an Indian was found in Oklahoma. In Kansas, Missouri, Oklahoma, Texas, Iowa, Nebraska, Minnesota and Wisconsin bore the brunt of the storm as it moved northeastward with a low pressure area from the southwest.

The blowing, drifting snow caused many city office workers to be late today, so hampered was motor car and street car traffic. In Kansas City, travel on the Indian car lines was virtually at a standstill this morning.

Highways in many places were blocked by high drifts and all bus lines out of Kansas City except those to St. Louis, were tied up. The St. Louis buses were two to three hours late. Two large buses were stalled in snow drifts near Pratt, Kans. Passengers took refuge in nearby farm houses.

GILDA GRAY WILL BE GIVEN DIVORCE

MILWAUKEE, Wis., Jan. 4.—(AP)—Gilda Gray, Milwaukee scene star and dancer, in all probability will obtain a divorce by default from her husband, Gill Boag of New York, legal advisers in the case said today following announcement that Boag had withdrawn counter charges he had made in the suit the dancer filed in circuit court at Port Washington, Wis.

The counter charges were ordered quashed in a telegram received by Albert W. Grady of Port Washington, Boag's attorney and who was signed by court Commissioner Walter A. Corrigan.

Boag had charged his wife with misconduct. If the case had gone to trial it would have been heard before a jury. Boag, by withdrawing his charges and making no answer will clear the way for the dancer to obtain a decree by default on her charges of cruel and inhuman treatment, lawyers said.

Miss Gray, who is at the home of her parents at Cudahy, a Milwaukee suburb, tonight declined to discuss the case.

General Markets
