## FAIRWAYS ALL PUT IN SHAPE

### 130 Players Await Start of \$10,000 Los Angeles Annual Classic

By VICTOR D. SIDLER  
Associated Press Sports Writer  
SANTA MONICA, Calif., Jan. 10.—(AP)—Most of the soldiers of the fairways, 130 of them, gathered from far and wide by this major golfing battle, stacked iron and wood today, resting until the start, tomorrow morning, of the three day drive of the \$10,000 Los Angeles open.

The Riviera country club course, near here, scene of the \$10,000 classic, was closed to all contestants today.

Eight o'clock tomorrow morning, when the first group of the golfing talent marches to the elevated first tee of the layout, will mark the opening of a 72 hole struggle.

**Big Guns Ready**  
In the field which will put the "big money" chase under way are to be found such colorful figures as Walter Hagen, the British open champion; Leo Diegel, recently crowned national professional king; MacDonald Smith, the Carnoustie Scot who will be defending the Los Angeles open title, and Horton Smith, the youthful leader to the professional golfing throne, from Joplin, Mo.

Scattered through the field also are the former champions, MacDonald Smith, who hails from the Lakeville Country club, Great Neck, L. I., many expect to upset present, by repeating his victory of last year.

**Old Champ On Hand**  
Then there is "Wee" Bobby Cruickshank, of Purchase, N. Y., who annexed the open honors and money two years back. The tiny Scot is beating his way back to form after a year of inactivity. The winner of the first Los Angeles open, Harry Cooper, now of Buffalo, will try to repeat.

But the list is not complete without mention of Tommy Armour of Washington, D. C., former national open king, Cyril Walker of Detroit, also an open title holder; Al Espino, the swarthy little Chicagoan who placed in the money in all the western tournaments leading up to the \$10,000 open; Johnny Rodgers of Denver, Colo., who many describe as the greatest also an open title holder in the country when at his best, and Johnny Golden.

## BEARCATS INVADE STATE CAMPUSES

The Willamette university basketball team, unusually successful this season against the usually speedier state school quintette, will leave this afternoon for a region of its raid on the state campuses of the previous week end.

Tonight the Bearcats will play Oregon State College at Corvallis, where last Friday night they defeated the Staters 24 to 21. Tomorrow night they will play the University of Oregon Webfoots at Eugene.

Both of the state school outfits are expected to be "hot" in anticipation of these games, the Staters remembering the defeat administered a week before and the wearers of the lemon-yellow and blue of the hetic 45 minutes, the Bearcats gave them here Tuesday night when the local team led the lead for more than half of the game.

## PORTLAND HOCKEY TEAM WHIPS CUBS

PORTLAND, Ore., Jan. 10.—(AP)—Portland Buckaroos took a firm hold on second place in the Pacific Coast hockey league here tonight by shutting out Victoria 2 to 0.

A perfect defense aided the Buckaroos to down the Cubs, coupled with combination plays. Herman Runge and "Red" Conn afforded the fans a few moments of excitement in the third period when they clinched and made a few swings. However, they missed and were penalized 10 minutes.

Portland took the lead in the first period by scoring a goal. Armstrong clipped the rubber to Bond standing a few feet from the net. Bond scooped it into the net before the Cub defense could check.

The Buckaroos scored again early in the second period. Downie managed to elude the Cub defense and he passed to Teel who made a clear shot.

In the third period Victoria crowded things, especially Goalie Timmins. Victoria drew the ire of Referee Ion in the last period by roughing it.

## OBITUARY

**Zaenker**  
Mrs. Charles W. Zaenker died at a local hospital January 10. She is survived by one daughter, Miss Lena Zaenker of this city. The remains are at the Rigdon mortuary. Announcement of funeral will be made later.

## Phantom Finn to Show Fast Stuff At College Games

NEW YORK, Jan. 10.—(AP)—Paavo Nurmi, the "Phantom Finn," will start his second American track and field campaign at the Brooklyn college games, January 19. Nurmi's entry in the 5,000 yards invitation race was received by meet officials today.

## PLANS FOR FIGHT NOW IN CONFUSION

NEW YORK, Jan. 10.—(AP)—The proposed Sharkey-Stribling heavyweight boxing match for Miami Beach, Fla., February 27, will be held "if there is a legal obligation on the Madison Garden corporation." This statement was made today by William F. Carey, first vice-president and treasurer of the Madison Square Garden corporation today.

Mr. Carey's statement followed an announcement by Jack Dempsey earlier in which he expressed a willingness to assist "should the Madison Square people decide to stage the Sharkey-Stribling boxing match at Miami Beach."

The Garden officials' statement said that if it should be found no legal obligation existed on the Garden to stage the fight, it would be made to effect "a business-like arrangement" with the boxers and attempt to stage the bout anyway.

## Plan to Decide Football Games On Downs is Hit

Proposals to do away with tie games in football by declaring the team which has made the greatest number of first downs the winner in case either has an advantage in score, are not approved by "Spec" Keene, athletic mentor at Willamette university.

"That would be unfair because of the wide difference in field tactics employed by different teams," Keene said Thursday. "One team's defense may be its best method of offense, while another's offense may be its best defense."

University of California teams under Andy Smith, while they were coast champions a few years ago, would have lost most of their tied games because Smith had them play a kicking game until they broke put them in scoring position.

## WOODBURN HI PLAYS SILVERTON TONIGHT

WOODBURN, Ore., Jan. 10.—(Special)—Woodburn will face Silvertown high, her traditional rival, here Friday night with a crippled team, Adrian Schoeller guard and Murel Nehl, forward, having received badly sprained ankles in the last game at Amity.

Otherwise the team is in good condition and should give stiff opposition to the powerful Silvertown quint.

Probable lineup:  
Butterfield F Woodburn  
Mochel F Harwood  
Nelson C Nuenburg  
Gribble C Klubb  
Chapelle G Larson  
Retling Silvertown

## Big Sister

For this week end trip Coach "Spec" Keene of Willamette will try a slightly changed lineup, with Leubetter and Seales playing forward, Cardinal center and Gibson and Haug guards. Litchfield will probably break into both games and probably others of the reserves.

## TEX'S PASSING Baffles Fan

Nobody in Sight to Fill Shoes of Famous Fight Promoter Indicated

By ALAN J. GOULD  
Associated Press Sports Editor  
NEW YORK, Jan. 10.—(AP)—The confusion, the uncertainty and the somewhat bewildered look upon the faces of those associated with the boxing game testify perhaps more eloquently than anything else to the almost complete dominance of the sport of Tex Rickard.

You can read in these faces any number of questions, for the passing of Rickard not only is a hard blow to the careers of scores who followed Tex and obeyed his dictates with an implicit faith and confidence as the French army followed Napoleon.

No leader has yet appeared to rally the forces of the ring in general or the Garden ranks in particular. There are few, if any, men available with the combination of Rickard's intimate knowledge of the game and its characters with his resourcefulness and vision. There has been no such outstanding figure since Rickard succeeded James C. Cothran as the foremost boxing promoter.

Rickard, over a long period of years, had won the confidence of the public as well as most of the leading figures in boxing. He took what seemed to be startling risks in his big matches but with few exceptions was successful. Those who attempt to follow Rickard's footsteps may not be so eager to take the same chances.

**Business May Be On Wane**  
It is conceivable that the era of big purses has passed on with Rickard. In fact the indications were last year that Tex himself had somewhat played the string out, for he lost money on a heavyweight title bout for the first time in his life.

Tunney got almost \$1,000,000 for his second fight with Dempsey but only \$200,000 for the fight in which he won the title. Dempsey collected \$500,000 or more on four occasions—approximately that figure for the Firpo, Sharkey and second Tunney bouts but nearer \$800,000 for the first Tunney bout. He collected \$300,000 for the Carpenter affair, a total of over \$2,500,000 for five bouts.

But Rickard's associates in the Garden corporation will hesitate before they agree to any such plan for another comeback by Dempsey, much as they know the former champion's drawing power. In the final analysis, this and not sentiment will determine whether the mauler fights once more.

## DUCKS SEEKING TO REGAIN LOST LEAD

The chance of the Ducks to regain first place in the young men's division basketball league at the Y. M. C. A., depends upon a victory over the Bank team tonight. The Kay mill team will meet the Ducks tonight in the opening games.

The Panthers and Bankers had been scheduled to meet tonight in the second game but it was postponed to Monday night. The Panthers took the league leadership Monday night by defeating the Ducks, champions last year.

## BASKETBALL

CORVALLIS, Ore., Jan. 10.—(AP)—Oregon State outclassed Gonzaga to take its eighth pre-season basketball game, 36 to 20 here tonight.

Coach Gill's men took a six point lead before the visitors scored and ran the score to 16 to 11 at half time. Murphy of Gonzaga was high point man of the game with 10 while Torsion with 8 was high man for the state team.

## ROTH QUINTET ADDS ONE GAME TO LEAD

The Roth Grocery quintet increased its lead in the Business Men's bowling league Thursday night by one game, defeating the second place Statesman team 180 games out of three. The Sanitary Dairy lost by the same margin to Stiff Furniture, so that the three leaders maintained the same relative positions as before. The Stiff Furniture in a postponed match lost three games to Fairmount dairy. Fairmount in turn losing two out of three to Montgomery Ward.

## ORATORS TRY OUT IN NATIONAL EVENT

Three students from the Salem high school will be chosen to represent that body in the preliminary round of the ten-minute oration in the national oratorical contest, Northborne Berkeley, Jr., debate coach who is handling the event for the local school, reports. Any high school student who will be under 19 years old on February 1 is entitled to enter the local trouts by submitting a written oration.

The three highest locally will go to Eugene where the University of Oregon will sponsor a contest to select the state winner March 5. Winners in the national district in which the country is divided into seven districts for the national contest, and district finals for the district in which Oregon falls will be held in either San Francisco or Los Angeles.

Each of the seven district winners is to be awarded with a trip to South America and the national winner will travel to the international contest in Washington, D. C. Report at the school earlier in the week that Barney Cameron, student body president, had already been selected to represent the local high school was erroneous, Mr. Berkeley said.

cake in it, and the jug placed behind the bureau in an upstairs bedroom.

The Beckers were gone, as promised, then the three youths arrived, but it soon developed that they had gone only as far as the barn. They soon returned, and their evidence given Thursday was to the effect that they found one lad preparing to break the jug open, having tried in vain to remove the cork.

Instead of reporting the whole affair to the police, the Beckers administered a severe chastising to all three of the boys. They said they used pieces of clothes-line rope, but the boys insisted that they used pieces of electric light wire. The testimony showed that all three victims sustained black and blue stripes on their backs.

The three boys will have a hearing Saturday at 10 a. m., it was announced by Mrs. Nona White, county juvenile officer.

## States Sets Up Its Web Around Keyes at Trial

LOS ANGELES, Jan. 10.—(AP)—The diary of Milton Pike, former employe of Ben Getzoff, alleged "fixer" in the Julian Petroleum company case, unfolded its evidence against former District Attorney Asa Keyes and his five co-defendants in their trial for bribery and conspiracy in superior court here today.

Keyes, Jack Bennett, "bright youngster" of the Julian case, and Getzoff argued heatedly in Getzoff's tailor shop here June 20 last, Pike testified, declaring he heard Bennett, his voice high pitched, say:

"Do you think I was born yesterday? I want to know where I stand before I pay out any more money."

## Teachers Learn Diplomacy and Boys Get Food

Still the teachers have the upper hand. Or so some 50 high school boys must admit, following an episode at the reception the senior high school teachers held Wednesday night for the high school newbies, Mr. and Mrs. R. W. Tavenner (Marie Strömström).

The story, as recounted by Principal J. C. Nelson, goes like this: Following the basketball game, the boys came to the home of Mrs. LaMoine R. Clark where the reception was held, to demand "We want Tavenner." Mr. and Mrs. Tavenner were both produced, and the boys left. Shortly suspicious noises were heard at the rear of the house, presumably the boys seeking to help themselves to the refreshments.

Then the diplomacy of the "school marm" displayed itself; Mrs. Clark invited the 50 boys in to congratulate the Tavenners; in fact, she insisted. And in they filed, extending a glad hand somewhat sheepishly as nearly the entire corps of high school teachers watched the proceedings with oh, such solemn faces.

## CONGRESSMEN TALK MEMBERSHIP SHIFT

WASHINGTON, Jan. 10.—(AP)—Party lines disappeared in the house today as members talked for hours over a question of personal interest to them—reapportionment of representatives in accordance with the population of the various states.

No decision was reached and the question was carried over until tomorrow when it is expected to be resumed with full force. The specific legislation before the house is the Fenn bill proposing that the reapportionment be carried out upon the basis of the present apportionment, and in accordance with the forthcoming 1930 census.

It has been estimated that nearly a score of states would lose representation under the bill and that as many more would gain additional members. Members from the states which would have the size of their house delegations reduced are lined up almost solidly in opposition to the bill with those from states which would gain representation arguing for the measure.

## Robbers Stage Speedy Double Job is Report

BAKERSFIELD, Cal., Jan. 10.—(AP)—The First National bank of Ducor was held up and robbed of \$350 in cash shortly after the holdup and robbery of the McFarland National bank by two gunmen this afternoon.

The rapidity with which the bandits worked in both instances prevented their victims, two of them women, from obtaining accurate descriptions but police here believe that the robberies were the work of the same pair.

## AIRPLANE MECHANIC TO JOIN BYRD NEAR POLE

SAN FRANCISCO, Jan. 10.—Frank Wolfgang, airplane mechanic, sailed from here today on the Matson liner Sierra to join Commander Richard E. Byrd's Antarctic expedition. The Sierra goes to Australia where Wolfgang will take another boat.

river. These involve the rights of more than 100,000 acres of irrigable land.

The state engineer's hydrographic department has maintained stream-gaging stations at 278 points on Oregon streams and 67 additional stations are maintained by the United States geological survey in cooperation with the state department.

Snow surveys for the purpose of furnishing data from which the stream runoff may be forecast were initiated by the department on the headwaters of four systems and arrangements for the expansion of the work on other streams have been made.

The report shows a steady development of water power during the past 20 years. In 1908 the total hydroelectric development in the state was only 70,000 horsepower. In 1915 it had increased to 175,000. In 1925 it was 244,000 and in 1928 approximately 289,600.

The state engineer will recommend to the legislature an amendment of that part of the statute requiring the approval of all applications for permits to appropriate water when made in proper form, in a way that will allow the state to deny applications for the construction of dams or the appropriation of water, that will interfere with the highest development of its water resources or unnecessarily destroy fish life, or the scenic or recreational value of the rivers.

who were unaccounted for and it was feared were trapped.

Police had difficulty in establishing fire lines because of the great crowd that filled all of the streets which offered a view of the blaze.

Firemen reported that all persons in the building when the fire broke out apparently had been rescued. Ten persons who were registered at the hotels, but who were unaccounted for, it was assumed had fled before the firemen arrived.

## Sargent, Work Present Reason For Inactivity

WASHINGTON, Jan. 10.—(AP)—Attorney-General Sargent and Dr. Hubert Work, former secretary of the interior and now chairman of the republican national committee, appeared before the senate Indian affairs committee today to explain why a grand jury investigation of the administration of Commissioner Burke of the Indian affairs bureau was halted last summer.

Dr. Work testified that while he had the interior department he asked the attorney general for a "stay" in the proceedings against Burke which involved the administering of funds of Jackson Barlett, wealthy Creek Indian to permit a further review of the case. Burke had told him, Dr. Work said, that the charges in the case were the result of a "political feud." The proceedings were to have been started by a grand jury in Oklahoma.

## Childs Leaving For Midwinter Realty Meeting

Leo N. Childs, vice president for Oregon of the Northwest Realtors' convention, will leave this morning for Seattle to attend the midwinter meeting of the Northwest Realtors association, at the meeting the exact dates will be set for the annual convention, which will be held in Salem, a July.

Mr. Childs, local realtor, attended the 1928 convention at Victoria and played an important part in obtaining the 1929 convention for Salem. Parting advantage to Salem is seen in the holding of this convention in Oregon, Washington and Idaho will be present, but also a number from California, and all of these men will be shown the development possibilities of the Willamette valley.

## TWO ASSAILANTS OF WOOD FACE CHARGE

(Continued from Page One)  
Thompson drove her to her home here before the shooting.

Previously Mrs. Wood had charged that she was a "frame-up" in the accusations of the three men that she had hired them to slay her husband. Holt, in his story to the police, said that he and Brown used him the deed to his home, which she held, as well as a piece of property adjoining the others, he said, were to be taken care of.

Acting upon Holt's story, police packed the little real estate office in Wyandotte and deployed themselves across the street to await the attack upon Wood. As he stepped from the doorway, Bagery leaped at him. A fusillade of bullets, some from Wood's own revolver, met him and he dropped with five of them in his back.
