OATS TAKE UPWARD TREND; CORN DOWN

Several changes have been noted in the grain and feed quotations this week, chief of which is an upward trend in the milling companies' figures on the valley grey oats, now leaving storage at 58 cents a bushel. While oats are also higher by two cents, at 56 cents. The higher prices are due largely to two factors; valley oats are beginning to be pretty well used up and increased storage charges are in effect this month. Oat prices will probably climb from now on until the quotation reaches 75 cents, when eastern oats will be brought in to stop the raise. Eastern oats are much inferior to the valley grey oats and therefore little wanted. The new corn crop is coming in to supplant the old holdings, bringing a \$2 reduction during the week to a new price of \$44 per ton on the whole and \$46 on the cracked and ground. The new prices are \$6 lower than corn prices two months ago. Wheat prices, constantly fluctuating, were \$1.01 1/2 on the western red and \$1.04 1/2 on white Thursday.

Household Hints

MENU HINTS
Spanish Omelette Tiny Hot Rolls
Buttered Beets Cole Slaw
Jelly Roll Coffee
An excellent luncheon menu suggested here. The small canned beets may be used. Chop tender fine, heat through with plenty of butter, pepper and salt.

Today's Recipes
Spanish Omelette—Melt two tablespoons of shortening; add three tablespoons of chopped green peppers and three tablespoons of finely-chopped onion. Fry solely until soft. Peel a large ripe tomato and take a whole canned tomato and cut it in small pieces, adding it to the mixture together with two tablespoons chopped celery, one-fourth cup chopped mushrooms, three-fourths teaspoon salt, a few grains of cayenne and a dash of pepper. Cook over a low fire until the tomato is tender. Now cook the omelette, using five well-beaten egg yolks to which you have added salt and pepper to taste and five tablespoons of hot water. Mix well, and fold in the stiffly-beaten whites of the eggs until thoroughly blended. Cook over a slow fire; when the omelette is done and a delicate brown, put the hot tomato mixture on one half, fold the omelette

and garnish the whole with fresh chopped parsley.

Jelly Roll—Three eggs, one cup fine sugar, one cup flour. Beat yolks until light, then add sugar, two tablespoons water, a pinch of salt. Sift one teaspoon baking powder with the flour, stir in one-half the flour, then the whites of the eggs beaten stiff, then the rest of the flour gradually. Bake in long, shallow tin, well greased. When done turn out on a damp towel on a bread board and cover top with jelly and roll while warm.

Suggestions
Washing Rubberized Curtains
Shower curtains with rubberized surfaces demand special care, as they cannot be washed with the regular household laundry. Spread the curtain on a flat, clean surface, and rub with a soft brush or cloth wrung out of warm, soapy water. Rinse off the soap with clear water and dry with a soft cloth. If mildew has made its way into the fabric, the spots should be treated with sour milk or lemon juice before the curtain is washed. These ugly spots can

be avoided if the curtain is spread out and allowed to dry thoroughly after each time it is used and before it is pushed back on the rod.
Tomato Gravy
Take a large can of tomatoes and add one can of water and a pinch of salt, and let that cook for a half hour. Then take two tablespoons of butter and four tablespoons of flour and fry that to a medium brown, then add that to the tomatoes and also add three or four tablespoons of sugar and let cook for about ten minutes. Strain

VEGETABLES NOW BECOMING SCARCE

Conditions on the local fruits and vegetables markets were wholesalers as follows:
Local cauliflower, spinach and and thicken if necessary. Very good with breaded pork or veal steak and mashed potatoes.

summed up Thursday by local celery have gone, with that from California supplying the trade. Local cabbage is practically out, with California shipments arriving. The southern crop is short, but the quality excellent. Sweet potatoes are getting higher as the crop is cleaned up. Local bunch vegetables are disappearing, with those from California filling the demand. Little change is noted in the apple situation, except that the locals are being cleaned up. The first Hood River apples were received at local wholesalers Thursday and will probably be on the market by next week.

California lettuce is down 50 cents on the crate and tomatoes are quoted at \$1 more, or \$4 a lug. Otherwise conditions are steady. A surplus of \$35,000,000 in the treasury of the state of New York by July 1, next is in prospect. The legislature will consider total elimination of the direct state tax, which produces \$12,500,000 a year. The situation reminds one of Oregon—it's so different.—Eugene Register.
