OREGON P. T. A. HEAD SPEAKER

County Meeting Held at Stayton Saturday; Growth of Movement Seen

STAYTON, Ore., Jan. 12.—(Special)—Values and importance of parent-teacher association work were stressed by Mrs. W. W. Gabriel, president of the Oregon state Parent-Teachers association, at the county meeting here today.

"The urge for home and school to work together is felt all over the world," Mrs. Gabriel said in discussing the growth of the national organization. "Five years ago there were 500 members; now there are 18,000, and the same small group is carrying on the work as then."

"The work of the congress has two great objectives, national support of education and parental education."

"The county circle is the connecting link between the state and local circles. The state circle is the link between county and national. Hence it is all a vast network. It should be 50-50 cooperation between parent and teacher."

Dr. Pound Presides

The county meeting was called to order this morning by Dr. F. Pound of Salem, county president, at the high school auditorium. The meeting was opened with all singing "America the Beautiful," led by Miss Zoe Garde. Miss Geraldine Torguson extended a gracious welcome to the visitors, which was fittingly responded to by Mrs. F. L. Uiter of Salem. The invocation was led by the Rev. R. L. Dunn.

After the reading of the minutes by Mrs. L. R. Wright of Salem, county secretary, Prof. H. E. Tobie of the Stayton schools gave an interesting talk on the relation between the parent and the school. He gave parents present some pertinent thoughts to carry home with them.

Four girls from Miss Goodie's room in the school here, Mabel Bayer, Clarice Tobie, Hortense Stayton and Rosie Brickner, sang a pleasing number.

Praises Teachers

Dr. Pound then introduced Miss Dorothy Taylor, principal of a Salem school, who made a few remarks, and Mrs. Gabriel, who made a short talk, her principal address being in the afternoon.

At one time during the program Dr. Pound said "If more parents did their jobs as well as the teachers do theirs, there would be less trouble in the schools."

Mrs. Wright, county secretary, brought greetings from the county superintendent, Mrs. Mary L. Fulkerson, who was unable to attend.

The luncheon was served by girls in the domestic science department of the high school here. The afternoon session was opened by a patriotic song by girls from Miss Goodie's room.

Circles Report

Reports were made by various local circles, one of the outstanding ones being that of the Aumsville circle, which held a bazaar early in the fall and is now serving one hot dish each day to the children. It has also furnished classes, shoes and books to needy children. Mr. Albright made the report.

Mrs. F. L. Uiter of McKinley-Leslie-Lincoln circle, told of some of the problems of parent-teacher work. "This circle is planning to hold an afternoon meeting for mothers who may not be able to attend at night. Parents who do not attend all of the P. T. A. meetings are losing a lot," Mrs. Uiter said.

The pioneer circle has a dramatic club which is providing interesting entertainment for the young folk, and is also furnishing the school with several good magazines. It was reported by Mrs. Cunningham.

Attendance Aided

Floyd Crabtree reported for Stayton. The circle here has standing committees which seem to make the work run more smoothly. He also described the manner in which attendance at meetings is encouraged by the awarding of a silk flag to the room which has the largest parent attendance present, that room keeping the flag for a month.

Falls City High Beats Monmouth

Dr. Pound spoke of attending a meeting of the local circle. He said, he gained inspiration and a number of good ideas which he passed on to other circles. So far the county council has visited Mr. Laughlin, Stayton, Monitor, McKinley-Leslie-Lincoln, Portland, Brooks and Liberty.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 535 C. Market Ave., Manassas, N. J. Better cut out this notice and show it to my others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Dr. Caldwell's 3 Rules Keep You Healthy

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time regardless of how much one tries to avoid it. Of next importance, then, is how to treat it when it comes.

Dr. Caldwell always was in favor of setting as close to nature as possible, hence his remedy for constipation, known as Dr. Caldwell's Syrup Pepsin, is a mild vegetable compound. It can not harm the most delicate system and is not a habit forming preparation. Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not gripe. Thousands of mothers have written us to that effect.

Dr. Caldwell did not approve of drastic purges and purges. He did not believe they were good for human beings to put into their systems. In a practice of 47 years, he never saw any reason for their use when a mild-lye like Syrup Pepsin will empty the bowels just as promptly, more cleanly and you are dissatisfied, your money will be refunded. Price \$1.

Keep free from constipation! It robs your strength, hardens your arteries and brings on premature old age. Do not let a day go by

without a bowel movement. Do not sit and hope, but go to a druggist and get one of the generous bottles of Dr. Caldwell's Syrup Pepsin. Take the proper dose, you will feel like a different person. Get a bottle today, at any drug store and observe these three rules of health: Keep the bowels cool, the feet warm, the bowels open.
