Attractive Tea Is Formal Event

Some 200 of Salem's people were the delighted guests of Mrs. Frank Durbin Jr., at the Durbin home on Fifth street Sunday afternoon. From 2:30 to 5:30 o'clock guests came for tea, viewed the unusual pictures of the Salem artist, Mr. Andrew Vincent, for whom the affair had been planned, and departed feeling that Salem society had taken on for a few hours the atmosphere of metropolitanism. It is not often that Salem has a chance to honor such a promising young artist as Mr. Vincent and the formal tea at the Durbin home was a highlight for one of the few such occasions.

Pictures from the artist's brush hung from all the living room walls downstairs, and were gazed upon and admired by the enthusiastic guests. This unique feature of the tea made the men as well as the women at ease even though they were at a formal tea.

Diet and Health By Lulu Hunt Peters M.D.

Author of "Diet and Health" and "Diet for Children."

When there is a fever there is an extra amount of burning going on in the body. Unless the proper food is furnished for fuel for the burning, then the patient's own tissues are going to furnish it. This not only causes a great weakening and loss of weight, but also causes a starvation acidosis. (If the stomach is very much upset and will not retain food, then naturally an enforced fast must ensue until it recovers. Chipped ice is usually given very frequently, and small amount of plain carbonated water may be tolerated.)

Now what must we supply the body with?

When coughs are stubborn and colds hang on, and coughs are stubborn, remember the effectiveness of Foley's Honey and Tar Compound. This accurate blend of pure pine tar, and fresh laxative honey, together with other valuable medicinal ingredients acts very quickly and with wonderfully healing effect on the inflamed tissues of the respiratory tract, and quickly subdues the irritating cough. Best for children and grown persons. Ask for it. For sale by Capital Drug Store.

Softness of line and decoration are achieved by the new self-trimmed felts for spring.

Femininity is again the important theme of the spring style song.

WHAT WILL IT DO?

Women are saying: "Pinkham's Compound keeps me fit to do my work." "I was nervous and all run down. Now I eat better and sleep better." "It helped my thirteen year old daughter." "I took it before and after my baby was born." "I am gaining every day."
