"I light up a Lucky

whenever I am tempted to eat between meals"
Herbert Bayard Swope

Herbert Bayard Swope, Internationally known journalist, former Executive Editor, N. Y. Morning World

"The activities of a newspaper demand good physical condition. I find Lucky Strike an immeasurable aid in helping me keep trim and fit. Whenever I am tempted to eat between meals, I light up a Lucky. Toasting makes Lucky Strike the cigarette of joy and benefit."

HERBERT BAYARD SWOPE

THE modern common sense way—reach for a Lucky instead of a fattening sweet. Everyone is doing it—men keep healthy and fit, women retain a trim figure. Lucky Strike, the finest tobaccos, skillfully blended, then toasted to develop a flavor which is a delightful alternative for that craving for fattening sweets. Toasting frees Lucky Strike from impurities. 20,679 physicians recognize this when they say Luckies are less irritating than other cigarettes. That's why folks say: "It's good to smoke Luckies."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during the year 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.
