SEVENTY-EIGHTH YEAR, NO. 289.

Salem, Oregon, Thursday Morning, February 28, 1929

PRICE FIVE CENTS

SPEED NEEDED IF HOUSE ENDS JOB SATURDAY

Hamilton Warns That Night Sessions May Prove Necessary Now

Will the legislature get through its work by Saturday night? This is the query which the rounds of the state house, and to substantiate the belief that more speed is necessary, Speaker Hamilton Wednesday afternoon sounded a warning that the house must hereafter clear its calendar each day, even if night sessions were necessary.

Wednesday a total of 32 measures were disposed of, with 31 of the measure and one failing. Twelve of these passing were house bills, 17 were senate bills and the rest were resolutions and memorials.

VICKS TRADE FOR CALIFORNIA FARMS

Large Building Here Goes for Orange Grove and 350-Acre Tract

OLD ORDINANCE IS UNCONSTITUTIONAL

Decree declaring Salem's city ordinance 1902 unconstitutional was handed down here Wednesday by Circuit Judge McMahon.

Church Survey Of North Salem To Be Conducted

A church life survey of North Salem will be conducted Saturday by the members of the Oregon Lutheran church under the direction of Dr. C. I. Andrews.

Selected!

James W. Good, Hoover's campaign manager, is to be secretary of war in the cabinet according to announcement Wednesday.

JAMES W. GOOD TO GET CABINET POST

William J. Donovan of New York Refuses Position With Mr. Hoover

WASHINGTON, Feb. 27.—(AP)—As President-elect Hoover neared the end of his cabinet making today, William J. Donovan, of New York, passed definitely and somewhat abruptly out of the political picture of his administration.

Donovan, at present assistant to the attorney-general, had been considered in connection with both of these places; finally was eliminated after extensive discussions; flatly refused the post of governor-general of the Philippines and will return to private life on March 5.

From all accounts the president-elect sought repeatedly to have Donovan succeed Henry L. Stimson in the Philippines, but the Buffalo attorney refused consistently to reconsider it, and after a third conference today took leave of Mr. Hoover. It was emphasized that there had been no open break between the two who long have been friends and who are closely associated in the Hoover campaign for the presidency.

As matters shaped up tonight, cabinet selections now stood: Secretary of state, Henry L. Stimson, of New York; Secretary of treasury, Andrew W. Mellon, of Pennsylvania; Secretary of war, James W. Good, of Iowa; Attorney-General, William D. Mitchell, of Minnesota; Postmaster-General, Walter F. Brown, of Ohio; Secretary of navy, Charles Francis Adams, of Massachusetts; Secretary of interior, Dr. Ray Lyman Wilbur, of California.

Eight Arrested Charged With Plot Against Life Of Morales, Cuban Chief

HAVANA, Feb. 27.—(AP)—Eight men, three of them prominent professionals and two of Havana, were arrested this evening charged with plotting to assassinate President Gerardo Machado y Morales and to bring about armed American intervention through the medium of insurrection throughout the island.

INCOME TAX IS THROUGH HOUSE BY 41-18 VOTE

Senate Action Expected by Saturday; Ballot in State Possible

Rate From 1 to 5 Per Cent; Moneys Made Outside Oregon Exempt

For fear voters would again reject the personal income tax and refusing to submit it to the acid test of the ballot, the house Wednesday passed the measure, 41 to 18. However, if the referendum is invoked, a special election will be held in November. The measure goes to the senate and action is expected before Saturday.

Considering the importance of the measure, it passed the house with little debate, the only speech against it being delivered by Barnett M. Goldstein, Burdick holds bill "Bill Rock Program" Champions of the income tax bill explained that it is one of the taxation trinity, the other two being the excise tax and the intangibles tax.

Representatives Carlin, McCready, Bronaugh and Henderson urged that the bill be submitted to the people. Representative Hasset and Lomorgan and Norton contended that the wise course was for the legislature to take the responsibility and pass the bill and then place the burden of invoking the recall on the enemies of the income tax.

Tax Commissioner Has Hand in Law The income tax which the house has passed was written last week by Hasset and a few others, with the assistance of state tax commissioner Fisher. It differs from previous income tax measures in that it levies a tax on incomes within the state and does not tax incomes produced in other states by residents of Oregon. The rate is from 1 to 5 per cent, with exemptions of \$1500 and \$2500. Interest on dividends is exempt as these are caught in the intangible tax bill.

Attempt to Kill Canadian Leader Bared at Quebec

QUEBEC, Feb. 27.—(AP)—What apparently was an attempt to kill the Canadian leader, Charles Sturges, was disclosed today. The premier said that he had found a stick of dynamite, with a half burned fuse attached, in his office last night. The incident was kept a secret until late today. The premier said that the fuse had been extinguished by a fire he reached his office. Police who removed the explosive said it was dynamite of the most powerful type.

SCHOOL MAN DIES

PORTLAND, Ore., Feb. 27.—(AP)—Daniel A. Groat, superintendent of Portland public schools from February, 1919 until January, 1926 when ill health forced him to retire, died tonight.

Wednesday In Washington

The senate adopted the conference report on the naval supply bill carrying funds for cruiser construction. The house debated the Jones bill to provide more severe penalties for prohibition violators. The house ways and means committee concluded open hearings on tariff revision.

Flivver Backfires; Two Run Runners Ask to Surrender

PORTLAND, Ore., Feb. 27.—(AP)—An ancient, over-worked police flivver with a spasmic backfire more potent than its speed, saved two alleged bootleggers into submission tonight and forced their speeding automobile to the curb. When the sputtering car pulled alongside Ray Holmes and Frank Smith, alleged run runners, and hoisted their hands and asked: "What's all the shootin' fer?" Police charged them with possession and transportation of liquor, reckless driving and breaking glass in the street.

MYSTERY SHROUDS LINDBERGH'S CRASH

Landing Gear Defective; Flyer and Fiancee Both Shaken; He Injured

MEXICO CITY, Feb. 27.—(AP)—Colonel Lindbergh and Miss Anne Morrow inspected their wrecked monoplane at Valubena field tonight less than one hour after the colonel had been under an anesthetic for the purpose of resetting his dislocated shoulder. An attempt had been made to administer the anesthetic at the American embassy residence, but the colonel was taken later in the afternoon to Lady Cowdray sanitarium, a British institution. At 5:45 p. m., he was brought back to the embassy residence and appeared to be entirely well. Thirty-five minutes later he entered a motorcar with Miss Morrow and started for the flying field.

MEXICO CITY, Feb. 27.—(AP)—Colonel Lindbergh hovered over Valubena field this afternoon faced with the realization that his plane would probably overturn when he attempted to land with one wheel missing. He warned his fiancée, Miss Anne Morrow, of the danger, and piled cushions about her in such a manner that she would not be hurt by a minor crash. He then (Turn to Page 2, Column 4.)

WAYS-MEANS GROUP FINISHES HEARINGS

WASHINGTON, Feb. 27.—(AP)—The ground work for tariff revision—one of the two major problems to be considered in the early days of the Hoover administration—was completed tonight with conclusion by the house ways and means committee of seven weeks of continuous public hearings on the subject. Republican members of the committee will meet in executive session Saturday to map out a program for subcommittee sessions which will be held behind closed doors. These subcommittees will make recommendations as to specific changes to be effected. The weekend also will find the house agriculture committee drafting to consider plans for gathering a farm policy program, enactment of which, along with tariff revision, were two of the campaign promises of the incoming president.

LAD SORRY HE MUST BE RETURNED HOME

ROSWELL, N. M., Feb. 27.—(AP)—Facing a long journey back to his Los Angeles home, Richard Stanley Grant, 11, expressed regret at the climax of his adventure yesterday when officers found him and his alleged abductor, Harry Palmer, 40, a Los Angeles painter. The lad disappeared December 27 and was found in the desert. "I don't want to go back," said the boy. "I know they will whip me more than ever and I have been happy." Palmer and the boy were living here under the name of "Baggie." Palmer said he was afraid "they will bump me off before I get back."

Negro Confesses To Brutal Attack

TOPEKA, Kas., Feb. 27.—(AP)—Everett Probasco, Shawnee county under sheriff, late today said Louis Glover, negro, 45 years old, signed a written confession admitting he had attacked and attempted to burn to death Mrs. C. V. Jacobs, 56, wife of a retired Atchison baker in her home Monday.

Portland Mason Gets High Office

PORTLAND, Ore., Feb. 27.—(AP)—L. G. Clark, Portland, tonight was notified of his appointment as deputy inspector general of the supreme council of Oregon. Scottish Rite Masons, by the supreme council at Washington, D. C.

FIRST SUSPECT ON POLICE LIST UNDER ARREST

Chicago Officials Promise to Solve Gang Murders in Short Time

Jack McGurn, Crack Machine Operator Taken in Company With Girl

CHICAGO, Feb. 27.—(AP)—Jack McGurn, reputed crack machine operator of the Al Capone clan, was arrested on a downtown corner late today and a short time later came word from detective headquarters that a witness had identified him as a member of the band that slaughtered seven hostile gangsters two weeks ago. McGurn was the first man arrested of the seventeen listed by police as wanted for the St. Valentine's day murders.

Lieutenant William Cusack and a detective squad encountered the gangster as he stepped from an automobile at Monroe street and Michigan boulevard, accompanied by a woman. He was taken with out trouble, and in his pockets the detectives found two pistols. The girl, Miss Louise Rolfe, was also held for questioning. With McGurn cased with assistant states attorney and detective chiefs for examination, the investigator once more expressed conviction that they were nearing a solution of the massacre that climaxed a four year series of un-solved gang murders. The capture of McGurn came simultaneously with word from the federal district attorney's office, that McGurn's chief, Al Capone, was to be brought here from Miami, Fla., under a federal grand jury subpoena.

COUNTY'S HELP IS ASKED FOR ROAD

Operators of Breitenbush hot springs appeared before the Marion county court here Wednesday and made a plea for county assistance in improving the road between Detroit and the springs, a distance of 12 miles. The county at present assumes no responsibility for keeping the road in condition, since it is not a county road, Roadmaster Culver stated. The road from Detroit west is to be widened and improved in the near future, although considerable money already has been spent on this road, it was indicated. Marion county is interested in getting a road through up the Santiam river from Detroit and on over the divide to Bend, county officials stated. The Breitenbush road extends nearly at right angles from this route. The federal government has expended much money in building both roads during the past few years.

ROSS SHIP AGAIN GOES ON ROCKS; DIVORCE ASKED

The marital difficulties of John Ross and Elizabeth Ross wound up in the divorce courts here Wednesday. It was on December 29 of last year that John Ross had his wife apprehended at Oregon City, swearing out charges before Justice of the Peace Small here and charging her with running away with J. E. Hobaugh. She had associated with Hobaugh for some time previously, Ross asserted. After some argument the Ross household was reunited, but in his divorce complaint Ross declares that his wife soon became dissatisfied again, and on February 12 of this year left him to join Hobaugh. Braiser Small represents him as his attorney of the case. (Turn to Page 2, Column 2.)

Outpoints Stribling

Jack Sharkey, the Boston sailor, who won the decision over Young Stribling, Georgia fighter, at Miami last night.

SHARKEY OUTPOINTS SOUTHERN BATTLER

Boston Gov Wins Referee's Verdict Over Stribling In Slow Contest

FLAMINGO PARK, Miami Beach, Fla., Feb. 27.—(AP)—Jack Sharkey, Boston sailor man, outpointed Young Stribling, Marion, Ga., heavyweight in a disappointing ten round bout here tonight. The decision was rendered by Referee Lou Magnolia as the end of the 10 rounds featured by little that was sensational. There were no knock downs and the most serious danger either was in coming to Sharkey in the fourth round. Stribling nailed the New Englander with rights and lefts to the chin that nearly put Sharkey to the floor. The match was a financial success as well as a social spectacle. The bout drew a gate of over 40,000 with a paid attendance of about \$35,000. The tiny pie saucer was cramped with celebrities from all parts of the country. A statement showing the actual appropriations authorized for the current biennium probably will be compiled today or Friday. A senate joint resolution authorizing the classification of counties to provide a basis for fixing salaries of county officers, was laid on the table by the committee. The resolution provided for an interim investigation with expenses to be paid out of the legislative appropriation. The investigation was to have been conducted by a committee composed of two senators and three representatives. Earl Fisher, state tax commissioner, submitted bill to the committee authorizing an appropriation of \$75,000 to defray the cost of administering four tax bills passed and to be passed by the current legislature. He estimated that \$15,000 would be required for administration of the excise tax, \$10,000 for the intangible tax, \$25,000 for the personal income tax and \$25,000 for (Turn to Page 2, Column 2.)

SENATE FACES FILIBUSTER ON CANAL SURVEY

Action Blocked as Opponents of Measure Hold Floor For Hours

Sergeant-at-Arms Obtains Quorum After Arrests Are Authorized

WASHINGTON, Feb. 28.—(AP)—A quorum was announced Senator at 2:30 a. m., today after its sergeant-at-arms had been instructed to bring absentees to the chamber by the issuance of warrants for their arrest, if necessary. Immediately after the presence of a quorum was announced Senator Dill, democrat, Washington, resumed a filibuster he started early last night against enactment of the second deficiency appropriation bill as long as it contained \$150,000 for a survey of the proposed Nicaragua canal route. For more than a half hour business had been suspended while the sergeant-at-arms undertook to round up absentees, a roll call having disclosed only 44 members present—four less than a quorum. Senators Norris of Nebraska, Elaine of Wisconsin, Brookhart of Iowa, and Broussard of Louisiana were the first four senators to enter the chamber after the vote to muster absentees. The quorum call was the second after midnight. Funds for the Nicaragua survey were announced in the second deficiency appropriation measure, and Senator Dill, democrat, Washington, precipitated the night session by opposing the provision. Leaders were determined to finish work on the \$200,000,000 deficiency measure and kept a quorum on hand with the hope of breaking the constant talking and bring the measure to a vote. Senator Norris, republican, Nebraska, however, later joined Dill and took over the floor, after Dill had talked almost two hours. (Turn to Page 2, Column 2.)

FINANCIAL DRIVE TO BE CONTINUED

A special meeting of the board of trustees of Willamette university concerned primarily with the progress of the university's endowment campaign, was held here Wednesday. While it was impossible to ascertain the exact amount of money pledged thus far, Dr. Doney reported that approximately \$180,000 have been promised at this time. This figure does not include the gift of E. S. Col. Lincoln 15 cents for every dollar raised to a total of \$250,000, so does it include what will be paid to the university from the Rockefeller foundation. Students in the university have made pledges or paid in cash a total of \$1412.50. While today is the last day of the intensive campaign, Dr. Doney reported that the effort to complete the \$300,000 would continue, and that every effort would be made to raise the pledges to the amount necessary for Willamette to claim the balance of over \$147,000 due on the Rockefeller contract.

DISORDERLY CHARGE IS FACED BY THREE

Robert Meek, E. E. Morgan and Flora Raymond were arrested Wednesday night by Officers Olson and Wilcox of the local police force, on charges of disorderly conduct alleged to have occurred on the Leon Hotel. Their case will be heard in justice court. Mrs. Leah Stortz paid a \$50 fine in municipal court on a charge of possession of beer, and Forey Morgan was fined \$10. Mrs. Stortz is proprietress of the Virginia apartments, where the beer was found.

Governor Patterson Will Announce Choice for New Board of Education Friday

The names of nine to comprise the board of higher education which will control the University of Oregon, the Oregon State college and three normal schools instead of boards of regents will be submitted to the senate for confirmation Friday by Governor Patterson. At the same time he will sign the Schulmerich-Bell consolidation bill, abolishing the boards of regents and creating the higher educational board. It is possible the governor may select as three of the nine, one member from each of three present boards of regents, for the reason that such regent would be familiar with an institution and by having three on the board of directors there would be someone experienced with the respective schools. Both Dr. Hall and Dr. Kerr, of the university and college, will be requested by Gov. Patterson to submit a list of alumni, for the bill says that more than one alumnus from each institution can be on the board of directors. It is not mandatory to be appointed and in the original list of names to be submitted to the senate, the governor may not include any graduate of either institution. Today the governor met with each president separately and talked over the situation and tomorrow he may have the two meet with him. Another stipulation is that no resident of Eugene, Corvallis, or the towns where the normals are situated, are eligible for membership on the board. While the senate can confirm or reject the appointees, individually or collectively, it is not believed that the senate will raise objections to the original list. It has been suggested to the executive that the directorate be composed of young men.

Theatre Coupon for Kiddies Under 12

This coupon and five cents will admit any child under 12 years to The Statesman and Capitol Theatre. Friday or Saturday Bligh's Capitol Theatre. You see the gripping story of "TARZAN THE MIGHTY" Also Bligh-Tin-Tin in his talking picture "The Million Dollar Collar"
