PLANS NON-STOP WORLD FLIGHT

Circumnavigation of the globe, by airplane, in a non-stop flight of five days, is being planned by Major Art Goebel, of Los Angeles, winner of the Dole flight to Hawaii, as he convalesces from a long illness. His ship is being built at Wichita, Kas., and also seven refueling ships which will await him at strategic points en route and fill his gas tanks in the air. The entire route, as he sketches it, will cover 18,000 miles, most of it over the icy wastes of the Far North. Above, his father is aiding him in adjusting a parachute before a flight.

BURLESQUE STAGED ON COLLEGE GLEE

A burlesque performance of the annual Freshman glee was staged by the four classes at Willamette university at the chapel hour Tuesday. Juniors and sophomores, who won first and second places in the contest, sang their songs with gusto, but whereas they had been punctilious in their careful marching Saturday night, they carried out their formations with an ease unhampered by exactness. Freshmen scrambled to the platform and made no pretense of having a formation. Their parody of their original song received widespread commendation from members of the student body. The seniors marched into the chapel to the strains of "Hallelujah," the piece that had been their triumphal march a year ago. This time, though, instead of wearing the garb of victory, the men had bathing suits hanging from their necks and towels on their arms. Following the singing students hastily made their way to the banks of the millstream back of the campus to await the senior men's swimming party. Mill stream bets on the glee were also paid at this time. A great humanitarian measure, has not yet ratified the document. Over the tapers this afternoon members of the council privately discussed many matters affecting European collaboration, especially the delicate problem of affording protection to the many racial minorities. The minority question will be debated in public session of the council beginning Tuesday afternoon.

For Colds -

How many people you know end their colds with Bayer Aspirin! And how often you've heard of its prompt relief of sore throat or tonsillitis. No wonder millions take it for colds, neuralgia, rheumatism; and the aches and pains that go with them. The wonder is that anyone still worries through a winter without these tablets! They relieve quickly, yet have no effect whatever on the heart. Friends have told you Bayer Aspirin is marvelous; doctors have declared it harmless. Every druggist has it, with proven directions. Why not put it to the test?

"Yes, and put in plenty, Wilkins! Fine people, and they entertain well, but their knowledge of cigarettes is appalling. I'd rather have a Chesterfield!"
