Dallas to Represent Polk; Protest Voiced on Marion County Teams

Dallas, Oregon City and Corbett high schools, representing Polk, Clackamas and Multnomah counties respectively will be entrants in the district basketball tournament at the Willamette university gymnasium Thursday and Friday, according to word received Tuesday by Salem high school athletic authorities.

Superintendent Robert Goetz of the Silverton schools, who is in charge of tournament arrangements, has arbitrarily selected Salem, Silverton, Woodburn, Chama and Stayton as Marion county's entrants, making a total of eight teams in the tournament.

On this point, however, there is a last minute disagreement. Superintendent Kirk of Oregon City telephoned to Principal J. C. Nelson of Salem high Tuesday suggesting that Marion county enter only one team, to be on a parity with the other counties. Mr. Nelson's reply was that the matter was not in his hands in any sense.

Farrish Protest
A protest has also been recorded by Farrish junior high of Salem, on the ground that its team should have been included rather than Stayton high, since it had defeated Stayton.

A misunderstanding has arisen over the matter of officials and admission price. Willamette university athletic authorities had been given to understand that they were to handle these matters as they do in the state tournament, and they proceeded to select two officials. Now they have been informed that the district board selected two Monmouth Normal school students as officials, and fixed the admission charges. The figure announced, the Willamette officials fear, is not sufficient to make the tournament a paying attraction.

Dallas Qualifies
MONMOUTH, Mar. 5.—(Special)—The Dallas high school basketball team won the Polk county championship here Monday night by defeating Independence high in the final game of the county tournament, 23 to 16.

The game was featured by close checking, in which Dallas excelled and it was on this basis that it won. The score at the end of the first quarter was five all, at half time ten all. In the third quarter Dallas pulled slightly in the lead, making four points to two for Independence, and in the last period it amassed a safe lead.

Stapleton and Newton were outstanding players for Independence, while honors among the Dallas players were fairly even.

By winning this game Dallas not only earned the right to represent Polk county in the district tournament at Salem this week, but also won permanent possession of the county tournament trophy, having won it three times successively.

Numerous Changes Made in Game Laws by Legislature; Deer Season, Limit is New

Numerous important changes in the game laws were made by the legislature.

Senator Upson's bill directs the state engineer to withdraw from further appropriation waters of Diamond lake which are to be reserved for recreational and fish propagation purposes. The state game commission acquires 80 percent of the rainbow eggs at the Diamond lake station and this bill will insure a source of supply for the future.

The deer season under Representative Ford's bill is changed from September 10, the opening date, to September 15, closing date of October 20 remains the same. The law provides for one mule deer or two black tailed deer or one mule and one black tailed deer. This was done at the request of a large number of game associations and interested hunters in game district No. 2.

Water for Power Opposed
House bill 405, is the result of one year's agitation on the part of sportsmen to secure hearings before the state engineer to prevent wholesale applications for the appropriation of Oregon waters for power purposes. An agreement was reached between the state's game officials and public utilities and irrigationists whereby upon the filing of a protest before the state engineer is directed to refer the matter to the reclamation commission.

A bill was put over licensing the taking of smelt from the Sandy river. The purpose of this bill is to provide a fund to erect a diversion dam on the Sandy river whereby it is expected to increase the run of smelt and other sea going fish.

Game Code Clarified
House bill 487, introduced by the committee on game, provides for several changes in the game code and clarifies certain ambiguities. As amended, the bag limit on ducks was reduced from 25 to 15 in any one day, and from 30 to 20 in a week. The season on quail is open in Douglas, Yamhill, Crook and Sherman counties. In addition to these counties were opened to the hunting of Chinese pheasants and Sherman county to the hunting of Hungarian partridges. The open season on sage hens was extended until 1931. The

BOOTLEG BALL RILES CRITICS

Pigskin Should Conform With Regulations as to Shape, is Ruling

By TED VOSBURGH
Associated Press Sports Writer
NEW YORK, Mar. 5.—(AP)—What might be called a "bootleg" ball has made its appearance on the gridirons of the country and Chairman Edward K. Hall of the National Football rules committee today announced strict measures designed to stop its use. The case against the football dates back to last season when reports began to come in that strangely shaped balls had been observed in play—balls with "snouts" ideally adapted to gripping for forward passing—and that dealers were selling "either passing balls or kicking balls" at the option of the buyer.

HARDY TO KEEP HIS OFFICE NOW

Attorney General Says Judge Cannot be Ousted Till Trial is Over

SACRAMENTO, Cal., Mar. 5.—(AP)—The right of Superior Judge Carlos S. Hardy of Los Angeles to retain office pending the outcome of impeachment proceedings filed against him by the legislature was upheld by Attorney General U. S. Webb, in a ruling given Governor C. C. Young today. The ruling was received at the capitol with considerable interest for the senate, in making its rules, followed the wording of the provisions and contended that the jurist was automatically and temporarily suspended from office when the assembly board of managers filed charges against him.

The senate had notified Governor Young that Judge Hardy was suspended and that it was up to the chief executive to appoint a successor to fill the bench vacancy until after termination of the trial at least.

Governor Young asked the attorney general for a ruling on the matter and today Webb gave his opinion to the effect:

"That nothing in the constitution authorized the legislature to cause a vacancy, temporary or permanent;

"That the right of the accused to hold office is not affected by filing of impeachment articles but is terminated by a judgment of conviction;

"That only then is the governor authorized to appoint a successor;

"That the judicial council of the state had no power to fill the vacancy in the office of a superior judge;

"That there existed no duty for the governor to perform."

Paddy is busy supervising the final work on the stadium.

Senate Launches Inquiry Into Mellon Appointment

WASHINGTON, Mar. 5.—(AP)—President Hoover's new cabinet members were quickly confirmed today by the senate but after proving them it ordered a surprise inquiry into the right of Andrew Mellon to carry on as secretary of the treasury.

Senator McKellar, democrat, Tennessee, challenged the right of Mr. Mellon to hold office or to go on with Mr. Hoover without re-nomination and confirmation. Friends of the secretary did not resist the inquiry requested and it was ordered without a record vote. No opposition was presented to the selection of Secretary of Labor Davis who also continues in the cabinet.

Approval Soon Given
President Hoover transmitted the nominations of his eight new cabinet officers to the senate at the opening of the special session today and within twenty minutes after their receipt they stood approved.

The president chose not to forward the names of Mr. Mellon and Secretary Davis, confirmed eight years ago with other members of the Harding cabinet. These are the only members of the Coolidge cabinet who will go into the Hoover official family.

The new cabinet officers confirmed today are:
Henry Lewis Stimson, of New York, secretary of state;
James William Good, of Iowa, secretary of war;
William Dewitt Mitchell of Minnesota, attorney general;
Walter Folger Brown, of Ohio, postmaster general;
Charles Francis Adams, of Massachusetts, secretary of navy;
Ray Lyman Wilbur, of California, secretary of interior;
Arthur M. Hyde, of Missouri, secretary of agriculture;

Robert Patterson Lamont, of Illinois, secretary of commerce.

Executive session held.

As soon as the White House messenger appeared in the senate with the nominations, Senator
