## Driver of Speeding Auto Is Killed in Crash Trying to Make Record

### PHOTOGRAPHER ALSO CRUSHED

Machine Gets Out of Control Going at Rate of 202 Miles Per Hour

By T. R. GILL, Associated Press Staff Writer  
**OSMAN SPEEDWAY, Daytona Beach, Fla., Mar. 13.**—(AP)—Lee Bible, 42 year old Daytona Beach garage mechanic, rode to a spectacular death today in the 16th annual racing car with which he was attempting to break the world's automobile speed record of 231 miles an hour. Speeding at more than three miles a minute the machine got beyond his control and crashed into the sand dunes, striking and killing also Charles Traub, a news reel cameraman.

The accident, one of the most tragic in the history of beach racing here, occurred just after Bible had crossed the measured mile course at a speed of 202 miles an hour and was witnessed by a crowd of approximately 20,000 spectators, who lined sand dunes for miles.

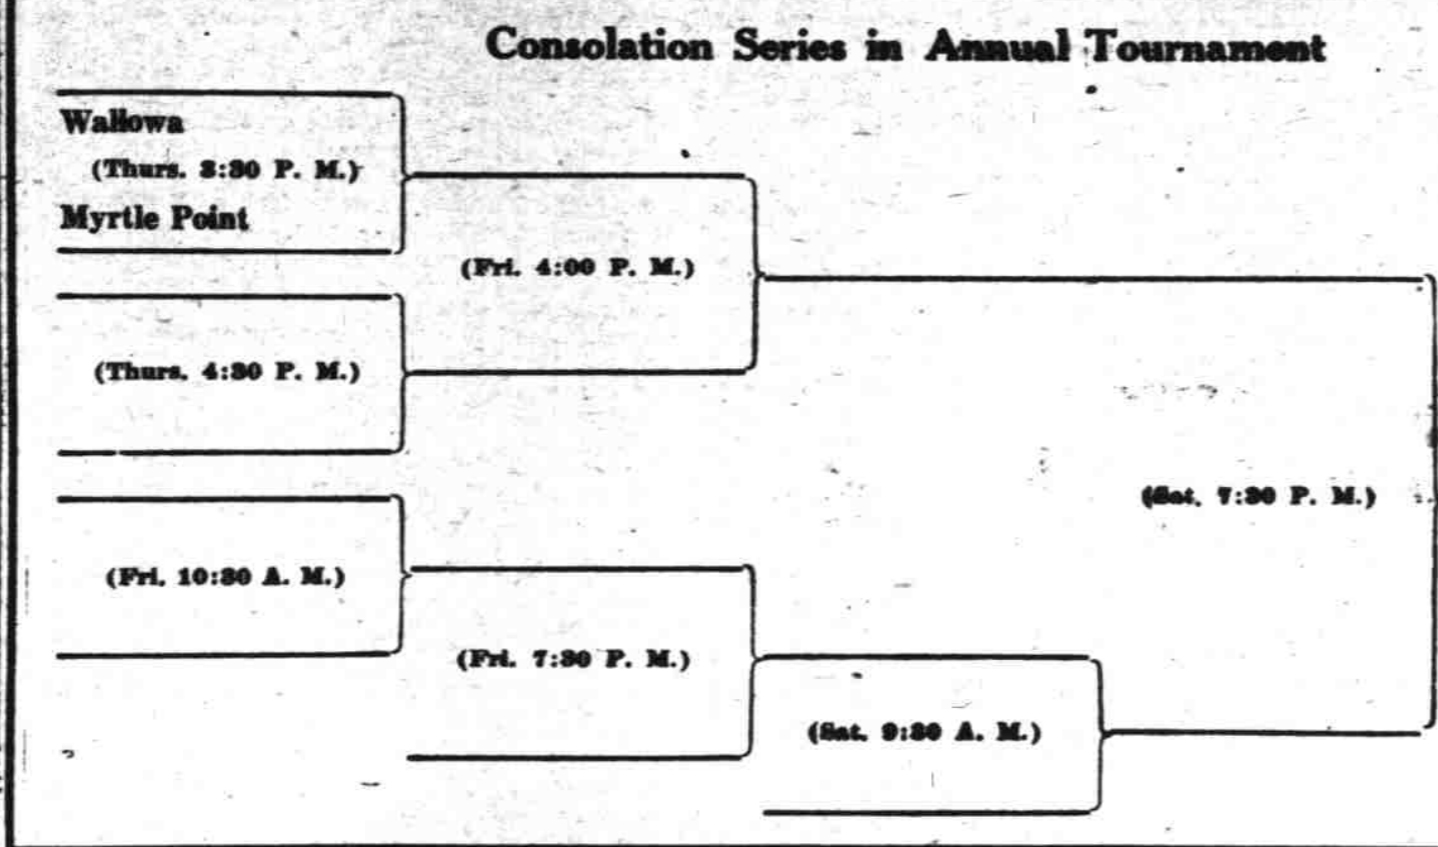

**Haze Hides Auto**  
 Roaring over the course at such a terrific speed, the car, owned by J. M. White of Philadelphia, quickly disappeared in a haze that hung over the beach and those who sat in the grand stand a mile away were unable to see just how the accident happened.

Eye witnesses, who were standing on the dunes at the end of the mile, declared Bible attempted to run too far out on the course near the surf. They said the driver, evidently believing the car would run into the ocean, lifted his foot too quickly from the accelerator. With the power shut off so suddenly at that speed, the car started to swerve from the course.

**Driving Unskillful**  
 Witnesses said Bible probably slammed on his brakes and attempted to swing the machine back into control but in doing so turned the steering wheel too far. The machine went out of control, spun around twice on the beach and turned over. It bounced high into the air, going into a barrel roll and smashed into the dunes with a terrific impact. Traub, who was standing on the beach taking pictures of the race, attempted to get out of the way, but the car was traveling too fast.

Traub was struck squarely by the speeding car just before it crashed into the dune. His body was severed and mangled beyond recognition.

While the car was turning over, and just before it struck the dunes Bible's body was hurled from the machine onto the beach. He rolled across the course into the surf. None of the tires blew out, however. The front 12-cylinder motor

Earl Webb, Angel outfielder, smacked out another circuit about for the Angels in the fifth. Jim Keesey, Portland first sacker accounted for two homers over the close-in center field fence, while George Wuestling Beaver infielder, poled another.

### ATTENDANCE FAIR AT OPENING GAMES

Attendance at the opening games of the state basketball tournament was fair in comparison to first night crowds at previous tournaments, but receipts are still somewhat behind those of former years because of a light sale of season tickets, Willamette athletic authorities report.

This situation is favorable, however, for persons who plan to purchase reservations for single evenings, as there are plenty of good seats left.

More than the usual number of

Routine matters were considered as well as the president's report on progress of the school.

### Nurmi Tries To Break 5 High Marks

**NEW YORK, Mar. 13.**—(AP)—Paavo Nurmi, heretofore phlegmatic and retiring, is going in for the spectacular. He announced today that he would undertake to break five world records in one race Saturday night and then resort to airplane travel to meet running engagements ranging from here to Los Angeles.

After his record attempt at the Knights of Columbus games at Madison Square Garden Saturday Nurmi is to run an exhibition at Hamilton, Ont., March 29. He then plans to retrace the Pacific coast in time for the Los Angeles, A. C. games March 23, with the help of a plane.

### BILLY EDWARDS THROWS ALLEY

Kansas City Butcher Boy too Much for Montana Lad in Portland Bout

**PORTLAND, Ore., Mar. 13.**—(AP)—The two bad boys of the wrestling racket on the Pacific coast met here tonight and Billy Edwards, the Kansas City light heavyweight butcher boy, outroughed Tom Alley, Outlook, Mont., in two out of three falls. Edwards took the first in 40 minutes, 29 seconds and the third in 17 minutes, 20 seconds.

Using everything from a common headlock to a complicated crucifix, the matmen grappled furiously until the referee was forced to caution them many times. Kicking and slugging made up a good share of the match.

Alley took the second fall in 24 minutes, 15 seconds with his crucifix hold, while Edwards used a series of headlocks and head scissors, to win.

### Dallas Winner Over Newport In Debate Here

Dallas will compete with schools of the other ten districts for state honors, finals of which will be between eastern and western Oregon champions.

### Racing Champion Killed Year Ago In Similar Crash

**NEW YORK, Mar. 13.**—(AP)—Almost a year ago Frank Lockhart, American automobile racing champion, was killed at Daytona Beach during an attempt to set a new world record, just as Lee Bible was killed today.

Lockhart was driving a light Stears racer. It blew a tire as it neared the timing wire. Hurting end over end, it jumped four times into the air and traveled 1,000 feet before it came to rest in the sand. Lockhart was tossed from the tumbling machine as it somersaulted down the beach. Doctors said he had died almost instantly.

Lockhart was killed April 26, 1926, in his second unsuccessful attempt on the record.

### Loughran Is Quite Cocky Over Future

**NEW YORK, Mar. 13.**—(AP)—It may turn out to have been only a little static but the radio references credited to Tommy Loughran hardly can be classified as music to soothe the savage spirit of any of the heavyweight new jockeys for position in the big championship derby of 1929.

Tommy avers he will turn his attention to these "bums"—or more specifically, Herr Max Schmeling, Sailor Jack Sharkey, and Senor Paulino Uzcudun—after attending to the more familiar business of fighting Mickey Walker, Leo Louski and James J. Braddock in defense of the world's light heavyweight title.

Physical Director R. S. Keene of Willamette university, who has been in charge of local arrangements for the tournament, announced that two Willamette lettermen have been assigned to each team, and that they would be expected to serve the players and coaches in every possible way.

### BUT DRAWINGS TURN OUT WELL

Medford and Washington on Opposite Sides of Bracket in Tourney

Coaches of the ten district champion basketball teams entered in the state tournament here once more turned down the "seeding" plan advocated by the state board of control of the high school athletic association, when the meeting to draw for places on the bracket was held; but luckily for the general good of the tournament, the teams they would have seeded draw places on opposite sides of the bracket, so that if they turn out to be the strong teams in the tournament, they will not meet until the finals.

Each year for the last three years the state board has proposed that the winner and runner up of the year before, or the teams from the same districts, be "seeded" in order to make sure that the finals will not be an anti-climax, and each year the coaches have vetoed the plan.

Collision Contingent  
 Originally it was Medford high which voiced the principal protest; this year Medford would have been one of the teams seeded, but Coach Callison of Medford stood pat on his original contention that such a move would benefit the teams seeded. Washington high, last year's champion, would have been the other seeded team.

Roy Cannon, secretary of the state board, said in his introductory remarks that during the recent agitation with respect to transferring the tournament to some other city, he had been seriously misquoted by the newspapers.

Physical Director R. S. Keene of Willamette university, who has been in charge of local arrangements for the tournament, announced that two Willamette lettermen have been assigned to each team, and that they would be expected to serve the players and coaches in every possible way.
