# **AMITY HIGH BEATS**

AMITY, Mar. 16 .- (Special) -In post-season basketball games played at Sheridan Thursday night, Amity scored a second double header victory over Sheridan. The freshman teams from the two high schools met in what

proved to be a walk off for the Amity yearlings. The final score was 30 to 2 in favor of Amity. In the first team game Amity was again an easy victor, with the score 26 to 10 at the finish.

The Amity squad, coached by J. K. Cameron, was awarded the Goldsmith and Telephone Register cups last Tuesday, in recognition of their winning the Yamhill county inter-scholastic league championship for 1928-29. The game with Sheridan had been postponed three times by B. A. Frats, the Sheridan principal, because of illness of the Sheridan players. Thursday night's game was played in order to give the two teams a chance to meet again, although Amity was already so far ahead of Sheridan in league rating that the game could make no differ-ence in the final standings.

### Prescription He Wrote in 1892 is the World's Most Popular Laxative

When Dr. Caldwell started to practice medicine, back in 1875, the needs for a laxative were not first, has been taken over by the MacMarr grocery chain, and the change in the name will so into plenty of fresh air and sunshine. But even that early there were drastic physics and purges for the relief of constipation which Dr. Caldwell did not believe were good for human beings to put into their ystem. So he wrote a prescripion fro a laxative to be used by is patients.

> The prescription for constipa tion for a laxative to be used by practice, and which he put in drug practice, and which he put in drug stores in 1892 under the name of Dr. Caldwell's Syrup Pepsin, is a liquid vegetable remedy, in-tended for women, children and elderly people, and they need just such a mild, safe, gentle bowel stimulant as Syrup Pepsin.

Under successful management this prescription has proven its worth and is now the largest selling liquid laxative in the world. The fact that millions of bottles are used a year proves that it has won the confidence of people who needed it to get relief from headaches, billousness, flatulence, indigestion, loss of appetite and sleep, bad breath, dyspepsia, colds and fevers.

Millions of families are now never without Dr. Caldwell's Syrup Pepsin, and if you will once start using it you will also always have a bottle handy for emergencies.

It is particularly pleasing to know that the most of it is bought by mothers for themselves and the children, though Syrup Pepsin is just as valuable for elderly people All drug stores have the generous bottles,
