# It's a Great Day for the Irish

# Crowd Going Monday on 'Whoopee' Special; Will Advertise State Conclave

Ten o'clock Monday morning is the zero hour this month for Capitol Post No. 9 of the American Legion for it is then that the special train bearing more than 100 local legionnaires will leave for Portland where the \$1,350,000 veterans' hospital is to be dedicated. Plans for the day's participation have been carefully framed by the "whoopee" committee of the local post, headed by Newell Williams, chairman.

Attractive advertising for the Salem convention will be done at Portland and for this reason the large delegation of Salem legionnaires will be headed by the local post, headed by Newell Williams, chairman.

Other Posts in Caravan

The special train bearing a large delegation from Albany will arrive at the Oregon Electric station at 10 o'clock and will leave shortly thereafter including members from posts at Stayton, Dallas, Monmouth and Independence in the party.

To broadcast on KXII

Through arrangements by Capitol Post, sandwiches and coffee will be served free of charge to those making the trip on the special with Harry Plant presiding as master of ceremonies. "Whoopee" will be made through noise and banners attracting attention to Salem and the convention. Members of the drum corps will be guests of the Portland Shrine drum corps and will appear over KXII in a broadcast from the Multnomah hotel at 7:30 o'clock in connection with the "40 & 8" banquet at the hotel. Transportation to the hospital dedication will be available.

Douglas McKay, post commander, requests all Legion men making the trip wear the official organization cap or the "40 & 8" chapeaus. Business men, unable to make the trip, are also urged to permit ex-service men in their employ to make the trip, if they desire.

# TRAINING SCHOOLS TO GO ON NEXT YEAR

## Club Leaders at Library Meeting Pleased With Help Obtained

The first boys' and girls' club training schools, conducted in three Marion county centers this week, were so successful and results so encouraging that plans have already been started for a similar group of training schools to be held next year. William W. Fox, county club leader, said Saturday following the close of the two-day session held at the public library here.

Attendance at the Salem school Saturday was 27 persons, most of whom were club leaders who seemed most pleased to have the work brought to them and especially with the type of work offered. Considerable of the Saturday session was given to discussion and answering of questions submitted by the leaders. Miss Helen Cowgill, assistant state club leader, conducted the schools, attending to this is the first time such instruction has been handled in this manner in Oregon and 150 persons registered at the various schools.

Cooperation received from Principal V. D. Bain at Woodburn, where the first school was held, from H. E. Tobie at Stayton and from Miss Mand Covington, Salem librarian, was particularly commended by Mr. Fox.

# RICHARD H. RYLEY IS TAKEN BY DEATH

After a period of poor health, Richard H. Ryley, 74, past resident of Salem for 15 years, took sick suddenly Wednesday night and died in a local hospital here Saturday night. Mr. Ryley had lived in Honolulu for the last two years of his life, previous to his return to Salem in 1925. He was for many years a prominent member of the city band.

Mr. Ryley is survived by his wife, Mrs. Bertha E. Ryley, of Beaumont, Texas, a sister, Miss Ruth Ryley, now living in Pennsylvania, and the following children: Richard E. Ryley and Dolph Ryley, of Beaumont, Texas; Mrs. George E. Newman, of Douglas, Arizona; Eugene W. Ryley of Honolulu, and Mrs. Charles G. Edson of Salem.

Funeral arrangements are not yet made. Remains are at Rigdon's Mortuary.

usually be lower than those from Portland.

**Competition Cited**

In proposing the new freight tariff on traffic from Puget Sound and Portland to San Francisco and intermediate points, the Southern Pacific will undertake to justify the move in order to meet competition of water lines plying between the three ports.

Portland will argue that the present rate adjustment has been satisfactory, even to the railroad, but that in seeking a readjustment the railroad company would disturb a sound rate increase structure by wanting to base a new tariff on a temporary situation.

It will be pointed out that because a few steam schooners cut rates from Puget Sound to San Francisco below the rate from Portland and a steamship company made a similar reduction, the Southern Pacific proposes to revolutionize its entire rate adjustment between the two northern ports and San Francisco in order to meet the water competition brought about by the rate war.

Thus, it will be contended, would result in great advantage to Seattle and to serious harm to Portland.

# DEMAND FOR WORK STRONG IN SALEM

186 Men Ask Jobs During Week of Employment Bureau at "Y"

A high number of registrations for work wanted with comparatively small ratio of applicants placed was noted this week at the Salem Y. M. C. A. where an employment bureau is maintained.

One hundred and eighty-six men asked for employment but only 53 were placed. Sixty-eight calls for help were made of the bureau and for these places, sixty-seven people were referred.

All but eight of the situations were filled.

While the above figures apply solely to men seeking employment, there was a comparatively strong demand on the part of women for positions. Forty-three registrations were made and 12 placements resulted. Fifteen people sought the department's assistance in filling positions and to these 15 people, 14 applicants were referred.

# PORTLAND OPPOSES SCHEDULE CHANGES

PORTLAND, Ore., Mar. 16.—(AP)—Portland will interpose vigorous opposition to a change in the port to port tariff schedule proposed by the Southern Pacific at a hearing before L. J. Flynn, examiner of the Interstate Commerce commission, which opens tomorrow. Portland will be fortified with the existing rate advantages.

W. C. McCulloch and W. A. Curtin, secretary of the Portland Traffic and Transportation association, will represent the city. They will seek to show that the rats advantages now held by Portland over Puget Sound in rail shipments to southern Oregon points would be largely wiped out while in some cases the rates from Seattle would ac-
