

DEATH OF WOMAN IS SHOCK TO LOCALITY

Claxton News Told in Interesting Fashion by Statesman Writer

CLAXTON, March 20.—This community was greatly pained at the loss of its good friend and neighbor, Mrs. J. L. Rickman who died March 15. Mr. Rickman has the deep sympathy of the entire community in his great loss.

"Grandma" Cobo lies quite ill at the home of her daughter, Mrs. W. Rickman.

Mrs. McCloud and her son, Leonard, have been quite ill with tonsillitis but are now improving. Miss Gladys Hale had as her dinner guest on her nineteenth birthday March 19, her schoolmates, Miss Letta Brown and Edna and Reta Bailey. Dinner over, the young folks repaired to the home of Mr. and Mrs. C. W. Reed where a pleasant evening was enjoyed by everyone listening in to the evening's radio program and the partaking of a generous supply of nuts and candy supplied by the hosts.

Miss Gladys received a number of birthday gifts from her guests and others. Besides a fine birthday cake was presented to her by the always generous Cherry City Baking Co.

The genial and good natured bachelor neighbor, Pete Abplanalp, is hard at work getting ready to harvest a good crop of berries this spring as are also the Rickman Bros., McCloud and others. They believe the severe winter has not damaged the fruit crop to any extent.

Neighbors Barry, Harport, Hall and Savage are quite extensively engaged in dairying.

ASSOCIATED ETHYL GASOLINE

"I use Associated Ethyl" says H. D. INNIS, of Bend—"because it makes my motor run very smoothly"

This motorist of Bend, Oregon, states that regular gasolines he had used developed a carbon knock in the motor of his Chrysler "72." He has put 14,000 miles on his car and for the past year has used Associated Ethyl Gasoline.

"The motor is in excellent shape today," he jubilantly writes, "and I have never had any valve trouble whatsoever, and in fact I have never had any work done on the motor. I expect to use Associated Ethyl Gasoline as long as it is available."

Associated Ethyl Gasoline increases power by putting carbon to work. It gives stronger, smoother engine action, less shifting, quicker pick-up and knock-less performance. This super-fuel reduces operating costs and lengthens your motor's life.

Drive in at any red, green and cream station and fill up with Associated Ethyl Gasoline.
