

### WILSON BACK FROM SECRETARIES' MEET

#### Land Settlement, Aviation and Publicity for Oregon, Talked

Turning their attention to the ever-present problem of land settlement for the thousands of unemployed Oregonians, to factors that make for development in an industrial way of the state's many resources, and to aviation as an important phase of transportation along the Pacific coast, chairman of commerce secretaries from every part of Oregon spend a busy week at Eugene at the combined ninth annual school for commercial organization secretaries and annual session of their state association. C. E. Wilson of Salem, represented this city at the meeting.

Kent Shoemaker, Hood River, was elected president of the organization, to succeed Ted Baker, Medford, and other officers chosen to serve during the coming year were L. K. Cramb, Bend, vice-president; E. G. Harland, Portland secretary-treasurer; Leonard Gilkey, Albany; Earl C. Reynolds, Klamath Falls; W. R. North, Baker, and Ted Baker, Medford, board of directors.

441 Families Brought Here  
The state chamber of commerce, although hampered by lack of funds, has met with success in its land settlement program. It was stated by W. G. Ide, manager. Last year 441 families were induced to come here, bringing with them over \$2,000,000 to invest. A program of national advertising, which would point out the undeveloped resources of the state, and acquaint people with the opportunities in agriculture and industry, was urged by many of the speakers.

A plan to raise national publicity for the state, by sending items to home towns of tourists registering at various Oregon cities, was outlined by George H. Godfrey, director of the public relations bureau of the University of Oregon. Mr. Godfrey pointed out that editors would welcome news of people from their cities, and would be glad to print information on points their residents visited. In this way the attractions of Oregon could be made known to many thousands of people, he said.

Aviation Stressed  
An entire session during the week was given over to aviators and many secretaries told of plans now under way by their cities for new or improved airports. "Within five years all first class mail will be carried by plane," predicted George Carter Miller, superintendent of the airways extension division of the department of commerce, who was one of the principal speakers. "The city that is ahead in an airport has a face serious delays and inconveniences. An airport is an essential for every modern city."

### GRANGE SOCIAL IS ENJOYED AT HOWELL

#### Waltmans Surprised on Anniversary of Wedding and of Birthday

NORTH HOWELL, March 27.—The grange social night party given Friday night in the local hall was one of the most heartily enjoyed since socials were begun. The sewing club, under the able leadership of Mrs. Florence Oddie, had finished its club project and 14 exhibits of sewing were nicely arranged on the walls.

### MRS. GUNDERSON IS HONORED GUEST

SILVERTON, Mar. 27.—(Special)—Complimenting Mrs. L. M. Kaufman of Falls City, who is visiting in Silvertown during this week, Mrs. C. S. Reistad entertained Mrs. M. G. Gunderson and Mrs. Carrie Larson Monday afternoon. Mrs. Larson, who made a trip to Norway last year, had not seen Mrs. Kaufman since her return. Mrs. Kaufman is visiting with old friends here until Friday, when Mr. Kaufman will motor up from their home city.

Mr. Albert Nerison, who has been in the Silvertown hospital several days with pneumonia, is reported much better, and will soon be able to return to his home.

Dr. Ruby Morris of the Morris Optical company, accompanied her husband Dr. Henry Morris to Portland Tuesday evening, to attend a special meeting and banquet of the Kiwanis club, to which the wives and friends of the members were invited.

### SILENT READING IS TESTED AT HUBBARD

HUBBARD, March 27.—The Thorndike McCall standard test in silent reading was given the children of the third grade Tuesday. The test was paid for by the Marion County principal's association and given under the auspices of Mrs. M. L. Fulkerson, county school superintendent. It was the request of Supt. Fulkerson that the test be given the third grade in preference to any other grade as that is the grade where promotion means that the pupil must read understandingly as in grade 4 he will have to begin the use of a text and prepare his own lessons.

### Search is Made For Lost Flyers In Florida Plane

NEW YORK, Mar. 27.—(AP)—Boats and planes and searching parties afoot continued to hunt the Jersey forests and the coast line from Norfolk to New York today, but no sign was found of four men who disappeared after taking off early Friday morning from the Virginia city in a Sikorsky amphibian.

The missing plane was chartered last Thursday in Miami by T. Raymond Pluacane, wealthy Rochester, N. Y., sportsman. It was piloted by Harry Smith, Curtiss flying service veteran, and was occupied also by Frank Adels of Mineola and Robert Boyd of Portland, Me.

Mem Make Dresses  
The last and most laughable contest was given by the men who dressed their lady partners in newspapers and held a grand march.

Mrs. Caroline Aspinwall, whose paper dress was fashioned by R. C. Jefferson, won this contest and the evening closed with singing and lunch and games by the juvenile grangers.

Saturday a number of friends surprised Mr. and Mrs. C. E. Waitman, the occasion being his birthday, and their wedding anniversary. Present at the party were Mr. and Mrs. Lester Waitman, Mr. and Mrs. G. A. Mikklison, Mr. and Mrs. Ray Ramsden and Mr. and Mrs. Frank Simmons.

### FEDERALISTS WAIT FOR ATTACK IN VAIN

NACO, Sonora, Mar. 27.—(AP)—Tension relaxed tonight in this fortified Mexican federal border town as General Fausto Topete's threatened attack failed to materialize. After being on the alert two successive nights in expectancy of a rebel rally, Generals Lucas Gonzalez and Augustino Olachea tonight openly expressed disbelief that Topete's "manana" ever would come.

Last night Gonzalez remained awake in his railway car headquarters. Olachea spent the night wrapped in a blanket in a trench machine gun nest tonight, with at least a vanguard of rebel troops

### REPORTED TO BE TEN MILES FROM NACO, BUT WITH NO VISIBLE ADVANCE

being made upon the town, belief in an impending attack subsided. Federal observers reported they had been unable to find any apparent support, in any considerable numbers, being sent up from the rebel concentration camp, which is 20 miles south of the rebel advance outposts.

### CAMPAIGN GROWING WARM IN ENGLAND

LONDON, Mar. 27.—(AP)—David Lloyd George tonight continued the liberal campaign while an announcement was made that Prime Minister Stanley Baldwin would not make known the election program of the conservatives until after Winston Churchill delivers his budget statement on April 15. The conservative tactics have created a suspicion that the government may be depending upon some amelioration of the present taxation to provide it with campaign ammunition.

Lloyd George tonight addressed a great liberal demonstration in Albert hall with the proceedings broadcast to many large meetings all over the country. Encouraged by his party's recent by-election success the liberal leader compared the coming election to the grand national of last week when an outsider won against two favorites.

Alluding to predictions that the liberals would not be in a position to fulfill his employment

### pledge, Lloyd George said "of one thing I have no doubt, we shall be in a position to compel its fulfillment." His speech largely was an elaboration of his plan to cure the employment ills.

### SPINAL MENINGITIS PREVALENT IN U. S.

WASHINGTON, March 27.—(AP)—Public health officials said today that cerebro spinal meningitis was prevalent throughout the country, the last reports from state health officers showing 329 cases during the week ending March 16. The average weekly prevalence last year was about 120 cases and for the year was about 130 cases, and for the year before, 30 to 40 cases.

Reasoning against public alarm however, officials distinguished between the prevalence shown by reports and an epidemic. They said the disease, which is highly fatal and seems to attack young men particularly, appeared to be widespread throughout the world, with large numbers of cases in China, Japan and the Philippine islands.

The general death rate for the country, it was said, was higher this year. Public health officials believed, however, that this was due largely to the influenza epidemic.

To help neutralize these irritating acids and flush off the body's urinous waste, begin drinking water. Also get about four ounces of Jad Salts from any pharmacy, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine and bladder disorders disappear.

### DRINK WATER IF BACK OR KIDNEYS HURT

Begin Taking Salts if You Feel Backache or Have Bladder Weakness  
Too much rich food forms acids which excite and overwork the kidneys in their efforts to filter it from the system. Flush the kidneys occasionally to relieve them like you relieve the bowels, removing acids, waste and poison, else you may feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, the stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, the channels often get irritated, obliging one to get up two or three times during the night.

### Ticket Sale to Bring Program Of Chautauqua

A chautauqua program will be provided in Salem this year without the usual guarantee signed by a group of citizens, if a sufficient number of tickets are sold, according to a letter received by officers of the Rotary club. A representative of the Associated Chautauqua states in this letter that the required number of tickets have not yet been taken, and asks the club's cooperation in bringing this about.
