Architect's Sketch of Administration Building

Belcrest represents a new idea in cemetery development. We invite comparison.

Above to the left is pictured tent and a portion of modern equipment furnished with each interment without extra charge. Note the closure device in position as services are conducted. The tent annex hides unsightly loose dirt and tools.

Above right is pictured bronze memorial tablets set level with the lawn. There is no expensive tombstone display at Belcrest. Note the absence of unpleasant mounds.

The center picture is a reproduction of the general plan of improvement. A beautiful park in a commanding location combined with the finest of Belcrest as a resting place for the loved one resting there.

Lower sketch shows the Administration Building with harmonious entrance gates. The architecture will be English. here will be located the park office with fire proof vault for the safe keeping of permanent records. Living quarters for the Park superintendent will be included.

A beautiful chapel forms part of this building, which will be available for use at all times.

Belcrest Memorial Park with its gems of architecture and perfection of landscape will stand as a permanent monument to intelligent community cooperation.

Belcrest property now available for use at reasonable prices.
