## Natives Have But 5 Per Cent Spanish Blood, Local Speaker Says

Traditions handed down by Indians and Spanish ancestors, "combining the worst features of each," are responsible for the improvidence and lack of reliability typical of the Mexican people, it was declared by C. W. Noble, of Youngstown, O., owner of the Skyline orchard here, in an address at the Rotary club luncheon Wednesday.

Statistics to the contrary notwithstanding, the Mexican population is 95 per cent Indian, Mr. Noble estimated, and the nation's heroes are the Indian leaders who unsuccessfully fought to repel the Spanish invaders. From his Indian ancestors, the Mexican acquired his total lack of foresight, with the result that no native capital has been amassed and natives stand fifth in the ownership of property.

From the Spanish conquerors, the Mexican adopted the theory that wealth and power can be gained only by trickery and exploitation of the weak. Property laws are such that investment is discouraged although the nation is literally a mine or natural wealth. Practically all native business ventures fail.

Mr. Noble described graphically a typical home of the native Mexican, even of the better class. The roof is of poles and mud, there are no windows and the house is never of more than one room, with an open fire on the ground, the smoke escaping through the crumbling walls; and no furniture excepting a few boxes.

# \$78.85 IS OBTAINED ON COUNTERCLAIM

August Huckestein was in an auto accident near the state fair grounds early last month. E. R. Bedwell was in the other car.

Came Huckestein to justice court and brought suit for damages and costs against said Bedwell. Whereupon Bedwell retaliated and brought suit against the plaintiff by alleging that he Huckestein was in reality to blame for the affair. Justice Small heard the case Wednesday and decided Bedwell was right whereupon damages of \$78.85 were awarded the defendant who turned out to be the plaintiff.

# "The Cascade"

—gives to the Pacific Coast a train that is "second to none"

A swifter train for those whose time is valuable. A finer train for those whose demands for luxury are exacting. The time was when people looked to the east for fast, luxurious trains. The "Cascade" has given the Pacific Coast a train second to none. "In all my travels I have never found finer appointments or finer meals," are some of the comments experienced travelers have made.

Drawing rooms or compartments (en suite if desired) providing greatest comfort and privacy. Club car, barber, valet, shower; ladies' lounge with maid and shower.

The "Cascade" sets the pace to California. It is the color-bearer for Southern Pacific's fleet of five trains daily to San Francisco and Los Angeles.

# Three Farm Groups Agree On Type of Agricultural Aid Demanded of Congress

WASHINGTON, April 10.—(AP)—Three national farm organizations that long have been in disagreement over farm relief proposals united today in laying before the house agricultural committee four principles they believe should be written into the new agricultural measure.

The proposal made public by Chairman Haugen of the committee was in the form of a letter signed by C. E. Huff, president of the Farmers' Educational and Cooperative union; L. J. Taber, master of the National Grange, and

# BRITISH ELECTION IS SPIRITED AFFAIR

LONDON, April 10.—(AP)—How successfully Lloyd George has forced the pace in the general elections campaign was emphasized today by Viscount Gray of Falboen who discussed before the annual meeting of the liberal party the pledge which the Welsh statesman made to the electorate that he would cure unemployment within a year if the liberals were returned to power.

The reaction of Viscount Grey to this was at first lukewarm, but when he spoke as head of the liberal council, formed in 1927 by members of the party who opposed Lloyd George's leadership.

The viscount bestowed his blessing on the Welsh leader's slogans, but with some hesitations manifest over the unemployment program. He admitted the value of the pledge as a stimulant to public attention, but feared it might prove too vulnerable to critics from other parties.

The viscount argued that the danger of an attack on free trade by the conservatives was the great issue of the campaign and he ranked as virtually equal to this the risk of having an uncontrolled labor majority in the commons to make dangerous experiments in socialism.

# I'M ALONE ANSWER IS BEING PREPARED

WASHINGTON, April 10.—(A.P.)—The American government's reply to the formal representations of the Canadian government over the sinking of the rum-runner I'm Alone by a coast guard patrol boat probably will be handed to the Canadian minister late this week.

Secretary Stimson said today that the department now is preparing a reply to the Canadian representations. He contradicted newspaper reports indicating that the Canadian note was of a truculent nature. The representations were temperate, the secretary said, and both the Canadian note and the American reply will be published after the reply has been delivered to the Canadian legation.

The French embassy, which became involved in the case after it was found that the seaman who lost his life in the sinking of the vessel was French, has received no instructions from the Paris government on the case.

# TAX PAYMENTS TO BE SPEEDED

Date of Delinquency is Set at May 5, County Officials Announce

With May 5, final day for the payment without penalty of taxes for the first half of 1928 less than a month away, less than half of the 14,000 statements customarily issued by the sheriff's office are out and of the 6500 issued many are unpaid.

Taxpayers should busy themselves, according to tax officials, in obtaining a detailed listing of amounts due and these should be paid as soon as possible to avoid a last week rush at the court-house.

Statements of taxes due will be sent any person writing the office and asking that such a statement be sent or the listing may be obtained from the courthouse but it has never been the practice of the tax collectors to issue statements without request inasmuch as much property changes hands from year to year and thousands of statements, if issued, would be incorrect.

Under the Oregon laws, taxes unpaid when due have a penalty of one per cent a month added during their delinquency. Less than five per cent of the 1927 taxes are uncollected and a considerable portion of this amount consists of bank taxes which will only be paid in part.

# TWO WIVES SEEK TO DIVORCE HUSBANDS

Mrs. Cordelia Howard finds that married life with Rex Howard is intolerable and consequently she asks the circuit court for a divorce decree relieving her of all obligations to her husband, whom, plaintiff alleges, has cruelly mistreated her. The complaint was filed Wednesday with the county clerk.

Constant and petty jealousy made married life intolerable for Helen Leota Davis, she alleges in a complaint filed Wednesday, asking for a divorce from John Walter Davis, her husband. Davis is said to have protested at his wife going to dances, especially when she danced more than one time during the evening with the same man even though he was a friend of her husband.

# High School Cast Gives 'Seventeen'

The Technic Art club of the Salem high school will present Booth Tarkington's laugh-provoking "Seventeen" at the high school auditorium Friday night, April 12, under direction of Miss Cecil McKecher. Incident to the play, the large red plush curtain which was recently presented to the student body by the Technic club, the senior class and the Snikpob dramatic society, will be used for the first time during the performance.

"Seventeen," as most everyone knows, is the story of William Baxter, a 17-year old "grown up." Leonard Schaffer takes this role, with other members of the cast as follows:

Lola Pratt, Louise Wilkes; Mrs. Baxter, Rose Peterson; Mr. Baxter, Fred Blatchford; Jane Baxter, Jean Eastridge; Pappa Parcher, Joe King; Johnnie Watson, Ellis Harris; Joe Bullitt, Fritz Amman; Mary Archer, Velma May; George Crooper, Virgil DeVoe; Genesis, Ben Terusaki; Ethel Boke, Lucille Downing; Mary Eastwood, Grace Holman.

When a skit from the play was presented at an assembly early in the week, student enthusiasm ran high and it is anticipated one of the largest crowds of the year for a high school event will witness "Seventeen."

The managing staff for the play is: Wilda Fleener, wardrobe mistress; Olive Draper, wardrobe master; Elizabeth Lewis, property; Perry Andrews and Annabelle Rosenthal, stage; Brenda Savage, head usher; Richard Upjohn, electrician; Fred Blatchford, publicity; Miss Ola Clark, faculty assistant.

# Action on Note To Be Brought In Court Today

Suit to collect a note said to be due R. Giulian by Dr. C. A. Eldridge will be heard today in circuit court by Judge McMahan. Wednesday in court was a quiet day, W. L. Gaskill getting a judgment of \$50 and costs against F. G. Daugherty when the latter failed to make an appearance. Witnesses for the plaintiff took the stand and presented their case in the usual manner.

# Lindy Reaches Texas Field Showing Little Concern at Worries Felt For Safety

BROWNSVILLE, Tex., April 10.—(AP)—Showing little concern over the momentary anxiety created in two nations as to his safety, Colonel Charles A. Lindbergh arrived here unexpectedly at 9:30 a. m. today from Mexico and took off an hour and a half later, presumably on his way to New York.

Colonel Lindbergh refused to say what had delayed his trip from Mexico City, which he started shortly after noon yesterday, and he declined to reveal where he had spent the night.

It was believed he had landed at a Mexican ranch in the vicinity of Tampico. The flyer declared it was entirely his own affair and he had no interest in attaches of the local airport that he might reveal his stopping place to them the next time he visits Brownsville.
