(Turn to Page 6, Column 4.) AIRPLANE FLYING IS DECLARED SAFE

Airplanes and airplane flying are not dangerous; it's largely due to newspaper articles that the public thinks the contrary is true. W. A. "Scout" Hazelwood told members of the chamber of commerce Monday noon. Rather the merce Monday noon. Rather the profession of airplane flying has become a safe, satisfactory and remunerative work while privately owned airplanes piloted by their own owners are fast becoming prevalent. Hazelwood told chamber members.

Dark Hints Flung

About Past Events

"Mr. Hicks, will you tell me ow many members of this council you visited to talk about this matter?" the mayor challenged. **Hicks Outlines**

Views on Code

Disclaiming any desire to enter into a dispute, Mr. Hicks announced that how many councilmen he had visited was none of the mayor's business. He went on to explain that in his opinion, the building code, wheih in its essentials had his strong approval, was not intended to increase materially the cost of construction of buildings. The requirement sought to
