A. A. U. W. Hear "Americanitis" Lecture

THE American Association of University Women met at the Gray Belle Saturday at 12:30 for its regular monthly noon luncheon and lecture. Mr. O. H. Holmes, of Forest Grove, speaker for the day, spoke to the point on what he chose to term "Americanitis," a condition from which he says the new world is suffering. He compared America to a giant, newly born, growing rapidly and running a fever, and as a result of it rushing hither and thither, in desperate desire for relief to be found in some new thrill, or some material thing.

Of this "giant" group he claimed none to be more to be condoned than the society woman whom he said "aims at nothing and hits it." But in the face of his criticism of society women he pleaded for the old-fashioned hospitality with its kindness and friendliness to replace the hospitality of today which is based upon social indebtedness, according to Mr. Holmes.

He closed by saying that the remedy to these conditions to which he objected would be found in teaching the "real culture" which would result in replacing a desire for a thrill with a steady flow of enjoyment from good music, good literature and good art.

Plans were made in the business meeting for a motion picture to be sponsored by the association at the Elsinore in the near future. Also the telegram admitting the Salem branch of the A. A. U. W. into full membership of the national organization was read.

Miss Edith Findley played two marimba solos as the introductory program, the first, "Aloha Oe" and the second "Going Home."

Salem Hunt Club Plans Paper Chase Late In April

RIDING enthusiasts are finding it possible to avail themselves of riding instruction at the Fairgrounds Riding academy without losing time from vacations or social affairs by taking their riding exercises at daybreak. Anyone going by the fairgrounds in the early hours should not be surprised to see a dozen or more of Salem equestrians around the race track.

There are classes riding at 6 o'clock on Monday, Wednesday and Thursday mornings.

Feature ideas are gaining popularity and all cross country riders are wishing for sunshine on Sunday as there are three rides, at 8, 10 and 2:30 o'clock.

Miss Loyd, who is stationed at the academy proves herself a charming hostess for the many Salem women who have taken up the time old and unsurpassable sport. Her patience seems to be infinite in answering questions and making it possible for anyone to ride who wants to do so.

There are several different classes consisting of business people, teachers, nurses, university groups, high school groups, married women, and others.

The Salem Mothers were particularly impressed with the completeness and modern equipment of the hospital service.
