

"Appreciate Oregon and Sell It" Demands E. C. Gates

CROWD OUT TO HEAR ADDRESS

Woodburn Chamber Has Its Largest Attendance As Commission Speaks

WOODBURN, April 20.—"We don't realize what we have in Oregon," said E. C. Gates, state highway commissioner, in an address before the Woodburn chamber of commerce Thursday evening in the beautiful new St. Luke's parish hall. In his talk, which was the evening's feature, he incorporated everything from his observations on human nature to progress in Oregon. He particularly emphasized the importance of community spirit and advertising as essential to a community's growth and welfare.

The largest attendance ever seen at a chamber of commerce meeting attended the meeting Thursday evening. Nearly 150 members and guests were present at the dinner which was prepared by members of St. Luke's parish.

Committees Active

Reports of committees made up almost the entire business of the meeting. Reports were heard from the beautiful committee, the egg week committee, Rod and Gun club, road committee, and baseball committee.

Blaine McCord in his report on the Boy Scout movement which was sponsored by the organization asked the members to cooperate in the raising of a \$100 quota for next year's Boy Scout work, after a brief sketch of the work that has been done this year by the local troop.

A large delegation from the local chamber of commerce to the meeting of the county federated clubs in Silverton on April 23 was requested by the president.

A delegation from Elliott Prairie attended the meeting and asked the group and the people of that district in their efforts to obtain a market road from Mollala to Woodburn. The proposed road would be a benefit to both Woodburn and Elliott Prairie. It was pointed out by the speaker that the market road would be a convenient market for their products in the local canneries. The matter was referred to the chamber's road committee for further consideration and consultation with the Elliott people.

Arrangements for the next meeting will be made by a committee consisting of Ivan C. Beers, chairman, A. J. Beck, and E. J. Allen.

HAWAII LAUDS THEIR COURAGE

When volcanologists warned the Hawaiian islands recently that a tidal wave 100 feet high was due to engulf the islands, virtually the entire population is reported to have fled to the hills. But two California girls, Helen Armstrong and Ruth Shanks, refused to leave the lowlands, preferring to stay behind to look after things while urging their friends to seek safety. The fact that the wave failed to materialize didn't lessen their bravery in the eyes of the islanders. Above, the pair snapped on their arrival in Los Angeles.

"BELCREST"

Speaks to us in a language of strength, of beauty, of permanence. It is as though the God of Nature had built it, men of sympathy and vision had sloped it, and the spirit of Art and Adoration had beautified it.

COMMERCIALISM here became confederate with sentiment in a masterpiece of achievement, comforting the heartache and gladdening the life of man.

And yet, beautiful as "Belcrest" is today, it is only a prophecy of what it is to be—
