## Capital Bargain and Junk Co.

We are extensive dealers in junk of all kinds. Iron, Brass, Copper, Rags, Paper, Peppermint Oil, Auto Batteries, Radiators. We also deal in Sacks, Hides, Pelts, Wool and Furs, and pay top market prices.

A first class junk concern such as this one is most necessary and important here under able and efficient management. The establishment of this well known and progressive firm is one of the most valued institutions of the community and worthy of prominent mention.

While some of those above mentioned articles may not seem important yet it is necessary to have an outlet for them and the people of this section are fortunate in having a depot so efficiently managed. This popular firm has been in business for eighteen years and always been known for honest and straightforward methods and fair dealings with everyone who visits the place, consequently this establishment adds much to the efficiency of the city as a trading center.
