REPORT SHOWS BANK'S STATUS

Deposits of \$289,405,237 on Hand March 27, 1929 Schramm Asserts

Aggregate deposits of \$289,405,237.43 and total resources of \$328,741,453.03 were on hand March 27 in the 237 banks operating in Oregon, according to a report prepared here today by A. A. Schramm, state superintendent of banks.

The statement showed capital funds, including surplus, undivided profits and reserve accounts, aggregated \$37,123,757.70; deposits due to other banks, \$18,322,051.20, other demand deposits, \$145,407,258.20, and time and savings deposits \$125,175,928.09.

Bills payable and rediscounts are more than double what they were a year ago, "read the report, which showed borrowed money is higher than at any time in the past three years.

For several years a pronounced trend of change in the character of deposits and investments has been in evidence, and this trend is supported by this abstract. The ratio of savings deposits to total deposits of the state banks has increased from 29 per cent in 1910 to 33.7 per cent at this time, while in the national banks the change has been even greater.

Total deposits since the call of December 31, 1928, have decreased \$18,456,407.82 and total resources \$15,412,110.36. The difference is accounted for in the increase in borrowings and national bank notes.

Reorganization of the Grants Pass Irrigation district under a plan proposed by the state reclamation commission, will be completed when the remaining 15 per cent of the outstanding bonds are deposited with the state.

Successful Seasons Are Completed by Glee Clubs At Willamette University

With their season's work practically complete, managers of the Willamette university glee clubs are expressing great satisfaction with the accomplishments of the past year.

"When we went to Crescent City, California, we had difficulty in finding an organization that would sponsor our concert," said Paul Geddes, manager of the men's glee club.

IRRIGATION DISTRICT TO BE REORGANIZED

Reorganization of the Grants Pass Irrigation district under a plan proposed by the state reclamation commission, will be completed when the remaining 15 per cent of the outstanding bonds are deposited with the state.

This was announced here Tuesday by the city mail carrier, Luper, state engineer, who spent yesterday at Grants Pass investigating the district.

The plan under which the reorganization is being promoted provides for an extension of time on bond maturities, reduction of interest on bonds from six to four per cent, and elimination of the state's claim for any funds advanced in the development of the project.

Approximately \$1,230,000 of the \$1,459,000 of bonds issued and sold by the district have been deposited with the state by the bondholders. It was expected that the remaining 15 per cent of the bonds would be sent in within the next few weeks.

Traffic Cops To Hold School In May This Year

A short course for state traffic officers will be held here the third week in May. The sessions will be devoted to a study of the new automobile and traffic laws enacted at the recent legislative session.

Elevator Permit Out—A permit was issued by the city building inspector Tuesday to Marion county for construction of the new elevator in the courthouse, at an estimated cost of \$3000.

Paint Put On—New paint is being applied to the fronts of the McMarr stores here, red and a cream being the two colors adopted for the new chain.

Smoking Charged—Eugene McVyre, 227 South 18th street, 18 years old, was arrested Monday night by local police on a charge of smoking.

100,000,000 Forgotten Dollars

BEING human, even the most careful of us is occasionally careless. For instance, there is \$100,000,000 in the treasury at Washington waiting for people who have forgotten to turn in their Liberty Bond coupons.

You prove you are careful when you rent one of our safe deposit boxes, where all of your valuable papers can be safely and cheaply kept—and you always know just where they are. They can't be lost or mislaid.

Boxes now available from \$3.00 a year up

The husband believes in extension telephones for his office—his wife should have extension telephones in her home

A wise business man would not think of letting his stenographer take countless unnecessary steps. Yet he permits his wife to take them in the home. It isn't his fault, really—his wife just hasn't reminded him. An extension telephone costs but a few cents a day.

COURT TO RESUME

Circuit court will resume its trial docket this morning when Judge Kelly hears the case of Given vs. Hill, an action for the collection of money due for personal services.

Don't worry about enlarged pores

Shocked to find that the texture of her skin, once so fine-grained, has developed large, conspicuous pores—particularly on cheeks, nose and chin. Dorothy Gray corrects this distressing condition with Pure Pear, a soothing medicated night cream which restores the pores to normal size, even though the removal of blackheads has enlarged them considerably.
