

BLIZZARD HITS MOUNTAIN AREA

One of Worst Storms in History of State Sweeps Across Large Area

(Continued from Page 1.)
Lightning flashes as the first snow descended.
Last reports received here before every means of communication was cut off stated streams were being transformed into raging torrents and that highways were covered with heavy mud under the deposit of snow.

The damage to telephone wires in the Cheyenne region alone has been placed at \$75,000. Flooding of homes from swollen streams is feared.

The above story was received in Denver by the Associated Press over the first telegraph wire into Cheyenne for almost 24 hours.

PALESTINE, Texas, April 24.—(AP)—A tornado that shattered the little community of Slocum, 15 miles from here, at noon today took seven lives, injured a score of persons seriously and did more than \$200,000 damage, a careful check up revealed tonight.

The dead:
P. E. McDaniels, 50.
Mrs. P. E. McDaniels, 50.
Mrs. Ben Kirkwood, 30.
Two sons of Mrs. Kirkwood, aged 4 and 7.
Mrs. Edna Gatlin, 30.
Claude McIver, 9.

SEWARD, Neb., April 24.—(AP)—A tornado struck late today three miles southwest of Ulysses, Neb., and destroyed farm buildings over a path of 14 miles to within one mile of David City, Neb. Ed Stearns, farmer near David City, was reported injured when the tornado demolished buildings on his place.
The home of Henry Bock, state representative from Butler county, was destroyed as were all the buildings on the Bock farm.

DUCHESS OF ATHOLL MAKES ITS LANDING

(Continued from Page 1.)
beasts. While the rest climbed trees and spent the night there.

A relief party eventually brought aid, but it was morning before the group was able to make its way back through the mud several miles to the train. Some of the women were in light slippers intended only for a short automobile ride.

The passengers said that the next week the malaria made its appearance.
Dr. Legras, Cherboung public health officer, went aboard the Duchess of Atholl on her arrival and gave the ship a clean bill of health. He remarked upon the advanced age of most of those who contracted the malaria and said that, considering the length of the cruise and the high average age of all the passengers, the death rate had been below what might normally have been expected.

5 INDICTMENTS ARE PLACED UPON LIST

(Continued from Page 1.)
errors' convention in New Orleans last November.
Secretary's Resignation Is Declared Bought

Then the body added four more counts charging that the governor had given a year's salary to a state institution secretary in exchange for his resignation, that he had paid his chauffeur and automobile mechanic and purchased gasoline out of the state house and mansion fund, that he had bought a set of law books from the same fund, and that he had directed the highway commission to pay a contractor \$4000 for defective road culverts.

Charges that the governor had paid out of the state funds \$200 to John Messina to act as his

Many Improvements Are Planned for Englewood Park by Community Club

The Englewood community club has set for itself a program of general civic improvement in regard to homes, community, school and churches, and it is going to carry forward that program another step if its plans for tables, a wading pool, and a fireplace are effected for Englewood park. A cooked food sale will be sponsored in the near future to aid in raising needed funds to carry out some of the projects that are now under way.
The club has had over a period

of the past three years many able speakers upon the subjects of health, history and influence of art, music, and religion, and educational politics.
At its last meeting which was Tuesday night Homer Smith spoke on "the possibilities of the park and the Englewood district," and W. Levens spoke on "cooperation in neighborhood action."
Mrs. F. G. Franklin will speak on "art" at the next meeting which will be at the home of Mrs. Earl Race, 1771 Market street.

ONE KILLED WHEN DRY RAID IS MADE

LOS ANGELES, Cal., April 24.—(AP)—One man was dead, two former federal prohibition agents were in custody of sheriff's deputies and a fourth participant in a Mojave desert gun battle was hunted tonight by a posse in the Day Lake area, 30 miles east of Lancaster.

Charles Chulla, formerly of Los Angeles, died of a bullet wound soon after being engaged in a gun battle with the two former dry agents, the latter told officers they were attacked while seeking alleged bootleggers in an effort to regain positions they formerly held in the federal prohibition forces.

The two under arrest were Jack Ormsby, 57 and Harry Chenoweth, 37, who were released from federal service here several months ago. The two surrendered to the constable in Lancaster after bringing in a dead man to a physician there, where he died.

A third man, D. G. Holden, formerly of Los Angeles, was arrested, and 9,000 gallons of alcohol seized by deputies and federal agents at the Chulla ranch tonight. Holden, who said he had been hired by Chulla to attend a 250 gallon still found in a cave denied knowledge of the shooting affray. He admitted, the officers reported that Chulla and an Indian known only as "Bean" had visited him that morning.
When the officers arrived they were met by Mrs. Holden, who declared her husband had been in Lancaster all day. The federal agents, following truck tracks which led over a low hill, discovered the cave under a ledge. Besides the alcohol and still it contained eighteen large vats. Holden was found hiding behind one of these.

An inquest into Chulla's death was ordered to be held in Lancaster tomorrow, pending which Constable Cummins held both Ormsby and Chenoweth on charges of suspicion of murder.

Mrs. Newmyer Passes Beyond At Age Of 66

Mrs. Ida Newmyer, mother of Dr. P. L. Newmyer of the state tuberculosis hospital and William R. Newmyer both of Salem, died late Wednesday night at the residence at 155 West Washington street. She was 66 years old. Another son, Paul of Ogden, Utah, and a daughter, Mrs. Ruth Taylor, of Sedro Woolley, Wash., also survive. Johnathon J. Newmyer, her husband, passed away here last September 14.
The remains are at the Clough-Huston parlors, from which funeral arrangements will be announced later.

HEALTH REPORT GIVEN OUT HERE

Real Progress Indicated By Statistics Issued By Organization Head

(Continued from Page 1.)
through the health centers shows a total of 189 conference; 2,264 health examinations; just 3,521 school children were examined, excluding approximately 200 special examinations.
Over Ten Thousand Field Visits Made
Nurses of the staff made 10,792 field visits, 1,361 of which were on maternity cases; they also made 4,462 visits for health supervision, reaching a total of 2,133 persons; telephone consultations to the department numbered 1,044. Staff nurses made 2,241 visits to schools, inspecting 2,677 children in the classroom; and 8,467 were given special inspection; 4587 conferences were held with teachers; 2,381 pupils were given third doses of antitoxin, 1,742 vaccinations and 212 Schick tests.
Stress was placed on health education during the year, with particular emphasis on school activities including teachers' meetings and teachers' training courses and special conferences in the schools.
Dental Division Is Very Active
The dental division examined a total of 8,069 children in the schools, held 19 free corrective clinics in addition to the 34 in which local dentists assisted. In addition the local unit sponsored organization of dental units in Klamath and Douglas counties, these units working satisfactorily at the close of the year.

LINDBERGH EXPECTS 4-MOTORED PLANES

NEW YORK, April 24.—(AP)—Col. Charles A. Lindbergh, granting one of his rare interviews, said today he was convinced that larger planes driven by four motors will be the next step in passenger air transport.
There is no such ship flying in this country, the bulk of transport and passenger carrying being done in tri-motored planes.

"The details of such a plane," the colonel said, "I believe we should leave to the aeronautical engineers. I have no definite idea as to the arrangements of motors on such a ship. Maybe they should be in tandem, one behind the other, maybe they should all be in one line."
Whatever their position, he said the four-motored planes would do away with the necessity of placing one in the nose of the ship where it throws its gas fumes and exhaust back into the face of passengers, and thus making flying much more comfortable.

Discussing his own plans briefly, he said he intended to be in New York for two more weeks and that he would make one more trip across the country before July 1, the tentative opening day of the transcontinental air transport route.

The department of milk and food inspector was added during the year, with the outstanding service the revision of the city

Most Of Grange Members Favor Salem For Meet

Members of the Marion county Pomona Grange committee appointed to decide the question of inviting the state grange to meet in Salem next year, reported after their meeting Wednesday afternoon with representatives of the Salem chamber of commerce and of the Marion County Federation of Community clubs, that practically all were in favor of issuing the invitation but that certain details remained to be settled before a final decision could be announced.
The committee included Pomona Master W. A. Jones, Jessie Allen, Daisy I. Bump, Ethel M. Fletcher and L. S. Lambert.

COSTUME JEWELRY

The finishing touches of effective elegance

EVERYWHERE, the ultra-smart woman is seen wearing semi-precious and inexpensive costume jewelry. Fashion demands complete sets—earrings, neck pieces, bracelets and rings—for each costume.
At Tower's—the newest sets are being shown—copies of Chanel, Lelong, and every Parisian couturier's designs—appropriate for daytime and evening occasions.

Tower's Jewelry & Gift Store

milk ordinance and its subsequent passage by the city council. Inspections, following the preliminary thorough survey, have been made about once every two weeks to keep the service at high efficiency. Records of all tests are maintained. Full cooperation of all milk distributors, with one exception, and support of a majority of the milk producers marked the end of the first year of service.
The 1929 program of the dairy and food inspector includes health examinations for all milk handlers; a monthly milk letter; payments on quality basis by the plants and placing of responsibility of making tests in the hands of the individual plants by the end of the year; machine capping, and more prompt handling of milk.
Work of the sanitary division was begun in June, and with the cooperation of the county school superintendent, excellent progress was made in the work until the inspector resigned at the beginning of the new year. A general sanitary survey of the county, with special reference to schools, tourist camps and industrial camps, was made.

Leagues To Draw Up Skeds Tonight

Teams of the Commercial and Industrial baseball leagues will meet tonight at the Y. M. C. A. to draw up series schedules and to select another team to play in the leagues. Two teams have signified that they want to play but only one will be able to get into the schedule in its present blank form. Teams now entered and those waiting are all strong and indicate hot competition. The series will start Monday.

EXCESS ACID SICKENS--GET RID OF IT!

Sour stomach, indigestion, gas. These are signs which usually mean just one thing; excess acid. The stomach nerves have been over-stimulated. Too much acid is making food sour in the stomach and intestines.
The way to correct excess acid is with an alkali. The best form of alkali for this purpose is Phillips Milk of Magnesia. Just take a spoonful of this harmless, almost tasteless preparation in a glass of water. It works instantly. The stomach becomes sweet. You are happy again in five minutes! Your heartburn, gas, headache, biliousness or indigestion has vanished.
Know Phillips Milk of Magnesia and you're through with crude methods forever. It is the pleasant way—the efficient way—to alkalize the system; to relieve the effects of over-acidity. Phillips Milk of Magnesia has been standard with doctors for over 50 years. 25c and 50c bottles at all drug stores. Be sure you get the genuine.
"Milk of Magnesia" has been the U. S. Registered trade mark of the Chas. H. Phillips Chemical and its predecessor, Chas. H. Phillips, since 1875. Adv.

SHERIFF DECLARED NEGLIGENT OF DUTY

TACOMA, April 24.—(AP)—A "tip" on the location of a liquor still resulted only in a comment from Sheriff E. P. Frederickson that he "mind his own business," was the declaration of J. R. Scott, government witness in the federal district court room here today in the liquor conspiracy case against the sheriff of Wahkiakum county and co-defendants Edgar Russell Ellis and Boyle Edwards, all of Cathlamet.
Scott went on the stand to re-sume direct testimony.
Frederickson declined to take advantage of the "tip" the witness continued, and Scott went to the place with two federal men and found the remains of a distillery.
Attempts to discredit Scott as a witness have been made since he was subpoenaed on April 8 he

Casualties Take Place On Junior Flunk Day Here

More than the usual number of casualties attended interclass hostilities among Willamette university students early Wednesday morning, when the junior class was mobilizing for its "flunk day" trip and seniors sought to prevent its departure.
The battle raged in the wake of two motor buses which were picking up the juniors at the residence, when the seniors attacked and succeeded in carrying away several junior buses for involuntary trips into the country. The main body of juniors got away and spent the day at the coast.

Ruble Is Sought As Executor Of \$5,000 Estate

Petition that Orlo A. Ruble be named executor of the will of Walter H. Ruble, deceased, was filed Wednesday with Judge Siekmund. The value of the property left by

Ruble Is Sought As Executor Of \$5,000 Estate

Ruble is estimated at \$15,000. Four heirs are named in his bequests, all children of the deceased. They are Grace, Imogene, Orlo and Earl Ruble.
