

STOCK MARKET SEES SETBACK

Call Money Flurry Upsets Bull Movement With Serious Results

NEW YORK, April 25. —(AP)—The stock market ran into another call money flurry today, just at a time when Wall street was beginning to believe that the worst was over in the credit situation. Prices drifted lower, there was no excited selling, and the day's transactions fell off to 3,335,800 shares, a drop of about 700,000 shares from yesterday's turnover.

Call money jumped from a renewal rate of 8 per cent to 12, the first time it has reached that figure since the money crisis at the turn of the month, when it went to 20 per cent.

Commercial Solvents and Corn Products again broke into new high ground, up about 8 and 2 points. Motor Body shares were in demand in expectation of high earnings from the unprecedented output, Murray and Hayes mounting 3 and 5 points to new peaks. General Gas and Electric B jumped more than 17 points to a record price. Mills were well supported. Katy preferred and Cotton Belt preferred mounting more than 2 points to the best level of the year.

A conspicuous soft spot was Case Threshing, which broke 21 points to 405, 104 points under its high of the year. Allis Chalmers lost 8 of yesterday's 15 point rise. Motor shares generally sagged 1 or 2 points. Bethlehem Steel closed 1 point and U. S. Steel about 2 points lower. American Telephone, Borden, Du Pont, Ingersoll Rand, International Telephone, Postum, Spicer, U. S. Industrial Alcohol, and Yellow Truck were among more than a score of recent strong points losing from 2 to 5 points.

BROOKHART FLAYS FARM RELIEF PLAN

WASHINGTON, April 25. —(AP)—A three hour attack upon the farm relief legislative program generally considered to have the endorsement of President Hoover, was delivered in the senate today by Senator Brookhart, of Iowa, while the house moved rapidly toward a final vote on its bill and with machine-like precision defeated attempts to amend it.

The Iowa senator's address was punctuated with flourishes of pamphlets containing the speeches he had made for Hoover in the presidential campaign. He had described the chief executive during that contest as "the best friend the farmer ever had." Brookhart said that prior to election Mr. Hoover had given every indication that he would "actually bring equality to agriculture."

"On that basis I supported him," he shouted. "But when his message came to congress we found the statement that 'the agricultural problem must be solved' changed to the statement that 'it can not be done in a day.'"
