Man's Shop Winner of City Handicap Bowling Tournament

WOOD'S AUTO IS LED BY 150

Hall, Coe, Stoliker, Kay and Titus Finish on Top of Entire Column

The Man's Shop bowling team won first place in the five man competition in Salem's first city handicap tournament, which closed Monday night. The winners' score was 2872, exactly 150 pins higher than their nearest rival, Wood's Auto company, which took second with a score of 2722.

Members of the winning team were Hall, Coe, Stoliker, Kay and Titus. It was a coincidence that Titus also bowled with the team which won second place. A week ago, the Man's Shop finished at the top in the City league for the second half.

Other five man teams in order, and their scores, were:

Elks, 2671; Capital City Bedding Co., 2659; Roth Grocery, 2641; Schei's Men's Wear, 2627; Elks Cubs, 2623; O'Leary's Legionnaires, 2611; Reo Flying Clouds, 2594; Weestern Auto Supply Co., 2595; Barr Plumbers, 2552; Salem Sanitary Milk company, 2538; McKay Chevrolet, 2525; Capitol Theatre, 2507; Nelson Druggists, 2489; Capitol Theatre ladies, 2371; Lions, 2324; Steinbock's, 2302; Capital City Bedding Cubs, 2281; Stiff Furniture, 2230.

"Most Valuable" Player Becomes Thing of History

CLEVELAND, May 6. — (AP) — American league baseball club owners in secret session here today discussed "internal business," and matters of finance, it was announced by E. S. Barnard, president of the league at the conclusion of the meeting.

The only action taken, Barnard said, was the abolition of the annual "most valuable player," award because it tended to create ill feeling among the players. The player award was instituted in the American league several years ago, while Ban B. Johnson was president and was won by George Sisler, Babe Ruth, Lou Gehrig, Walter Johnson, Roger Peckinpaugh and Tris Speaker.

Directors Demand Wrigley Quit Women Pass Practice

5 CLUBS ARE BEHIND MOVE

Quorum of Coast League Opposes System in Use at Los Angeles

SAN FRANCISCO, May 6.—(AP)—Five directors of the Pacific coast league, constituting a quorum, met here today and passed a resolution calling upon William Wrigley, owner of the Los Angeles baseball club, to discontinue the practice of admitting women free to ball games in Los Angeles, on Tuesdays, Saturdays and Sundays.

The directors, representing the Portland, Seattle, Hollywood, Oakland and Sacramento clubs, instructed Harry Williams, president of the league, to notify the Los Angeles club of their action.

Los Angeles has ten days to reply. In the event that Wrigley refuses to abide by the decision, the case will be carried to the National board of arbitration of minor leagues.

It is understood that the Los Angeles club will take no notice of today's action or any taken by the national board and that eventually the problem of allowing the fair sex to attend all games gratis in Los Angeles will be threshed out in civil court.

The Los Angeles club is the only one of the eight in the league which gives free admission to women every day. Under the constitution of the league women are not supposed to be admitted gratis on Tuesday's, Saturday's or Sundays.

The directors also passed a resolution today sustaining President Williams' decision, made early this season, in which he ruled that under the constitution the Los Angeles club could not admit women free on these days.

The other seven clubs have free admission days from one to three times a week. San Francisco Seals, San Francisco Mission Reds and the Los Angeles club were not represented. J. Cal Ewing, president of the Oakland club carried the proxy of the late Lew Moreing, owner of the Sacramento team. Tom Turner of Portland, William Klepper of Seattle and William Lane of Hollywood were the other directors attending.

YOUTH LEADS PRO TOURNEY

Fred Jewell Turns in 72 In First Qualifying Round of British Open

GULLANE, Scot., May 6.—(AP)—Fred Jewell, a young pro this morning walked with diffident mien in company of his elders as he went out with some of the world's greatest golfers for the first qualifying round of the British open. Tonight he had a perfect right to approach these great men of golf without apologies for his 72 was good enough to lead the field for the first day.

There may be trouble in store for the young Long Ashton pro who barely missed selection for the British Ryder cup team but for today at least there is no name above his.

A stroke behind Jewell with scores of 73 were bracketed an American amateur and Scottish-American pro. George Von Elm's 73 was the best score for the 75 amateurs entered and Bobby Cruickshank's 73 was the best contribution of the professional contingent from the United States.

County Game Body Meets Here Tonight

Members of the Marion county Game Protective association are invited tonight to the White House restaurant where the regular business meeting of the organization will be held for this month. Dr. Ray Idleman, president of the organization, is to preside.

While the association has already gone on record, according to Dr. Idleman, as opposed to power development of the Marion lake area, it is expected that this subject will come before the gathering. The Northwest Power company is manifesting considerable interest in such a development which has been steadily opposed by sportsmen's organizations throughout the valley.

An attendance of at least 75 members is expected for the affair Tuesday night.

Salo reduced Gavuzzi's margin to one hour, 55 minutes and 30 seconds.

Gavuzzi was third into the control point here today and Guisto Umek of Italy, third in elapsed time, trotted in second in 8:38:10. Paul Simpson of Burlington, N. C., was fourth; Sam Richman of New York fifth and Phillip Granville of Hamilton, Ont., was sixth.

CIRCUIT IS FORMED BY SUNDAY SCHOOLS

Teams of the Sunday school baseball league met with Bob Boardman at the Y. M. C. A. Monday night to go over rules and to check the eligibility of players. Much enthusiasm is in evidence among the players and their followers.

The wide variance between regular and playground baseball rules has made the conference with umpires necessary for a mutual understanding of how plays will be called. All players must be in attendance at the school they represent.

CHICAGO, May 6—(AP)—Miss Ruth Cullen, La Grande, Ore., today was adjudged winner of the annual meat story contest conducted by the national livestock and meat board. She will receive $150 and a university scholarship.

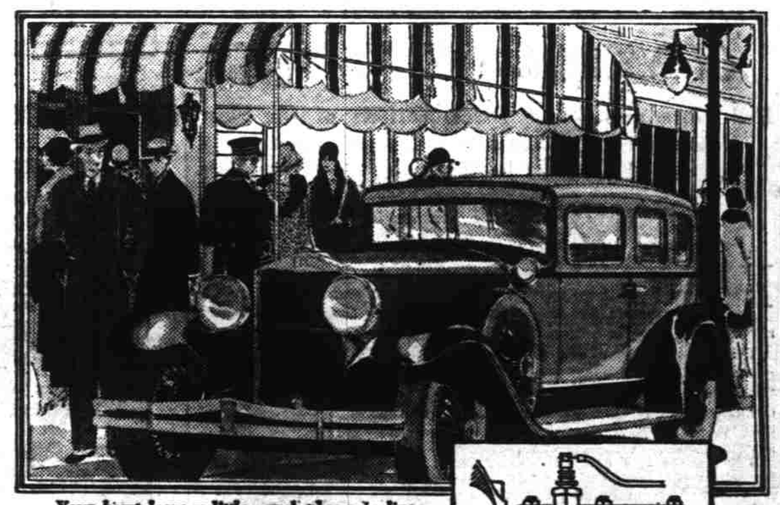
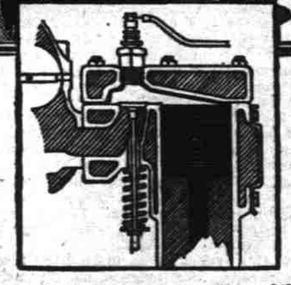
Beneath the stylish hood of this new HUPMOBILE....is a new style motor.

....asking only for protection from carbon forming oils



Your heart leaps a little—such charm in line, color, fittings! This Hupmobile Century eight, seven passenger sedan is a picture indeed



Famed always for stamina, Hupmobile has more than kept its pace. New Hupmobile motors are high-compression of course—modern engines must be! And high-compression means no room for hard carbon—use an oil that forms none

A NEW style in motors has swept the automobile industry. High-compression motors, powerful, speedy, economical, add emphasis to the outward beauty of modern cars.

Hupmobile Century sixes and eights are among the most striking this year—and their motors are worthy of the hoods that house them.

But today every car owner faces a problem. Not a fault in his car—rather a fault in the oil he uses. Many oils form quantities of hard carbon. It is bothersome and has to be removed even from old cars. In high-compression motors it becomes a real danger because pistons almost touch the cylinder head. Where would you put a quarter-inch layer of coke-like carbon?

Hard carbon causes more damage than many of us realize. Chips get under valves holding them open to warp and waste power. Gritty bits grind and chafe through moving engine parts.

However, there is an answer: Word has gone out among lubrication experts—word about a new motor oil that solves the carbon problem.

Even the costliest oils form more carbon. A sample of this oil, when burned, left more than three times as much as Shell Motor Oil

An equal sample of Shell Motor Oil left only this small fraction of carbon—and it is soft carbon, not the hard, gritty damaging kind

Shell Motor Oil actually forms only 1/3 to 1/5 as much carbon as even the most expensive oil you can buy! The little it forms is only soft soot that blows easily away.

The new high-vacuum refining process by which Shell Motor Oil is made produces a finer lubricant, too. One that is remarkably resistant to heat; it holds its body long after ordinary oils break down.

Thus in Shell Motor Oil you get two vital things. First, freedom from hard carbon, secondly a marvelous lubricant. Fill with it regularly.
