

HIGH STUDENTS TO SEEK OFFICE

Woodburn School Changes Provide for Student Self-Government

WOODBURN, May 8.—The nominating committee completed selections for next year's student body officers Tuesday. The following members of the board of control, to be introduced with the new constitution next year, will be voted on as a student body election soon:

President, Lowell Gribble and Adrian Scholer; vice president, Jack Guiss and Jane Yergen; secretary, Lura Frederick and Naomi Van Cleave; members-at-large, Dora Tresidder, Cletus Chapelle, Harold Gustafson, Kenneth Gill, Freda Nelson, Clair Nibler, Justine Hutt, and Murel Nebl. Four of the students nominated for members-at-large will be selected for membership.

To Supervise Halls

The new system of student body officers is a distinct change from that used in the past. The new constitution, which was drawn up by the executive committee, provides for several new features in student body government, among them student supervision of halls and school grounds, a new finance system, and members-at-large in the board of control. Several managerships, such as manager of activities and publicity will be replaced by committees.

The board of finance will be selected by a committee from the faculty and the principal next year. The new monetary system is patterned after that used by The Dalles high school and consists of a student bank which will handle all student body finances.

\$15 to San Francisco now good on **four trains**

Low cost coach fares to California have proved so popular that their use has been extended to all trains carrying coaches.

Formerly good only on the "Coach Special," these fares are now good on the "Shasta," "West Coast," "Oregonian" and "Klamath" (formerly the "Coach Special").

Tickets good on tourist sleepers! Coach fares have also been made good for use on Tourist Sleeping cars. This permits an unusual saving. Between Salem and San Francisco, for example, the coach and Tourist fare ticket saves nearly half the regular cost.

\$28 to Los Angeles Tickets good on all trains carrying coaches and for use in Tourist Sleepers. The "West Coast" to Los Angeles direct (carries both coaches and Tourist sleeping cars) and three other trains.

BUD TAKES LONG TREK FRIENDS GRIEVE LOSS

Nicholas Ridenger Leaves Quaint Record

PIONEER, May 8.—Tuesday afternoon, Nicholas Marion Ridenger, more affectionately known to his wealth of friends as "Bud," was laid to rest in the Pioneer cemetery, by the grave of his brother John, who died a few years ago. Services were conducted at the grave by Rev. Cole of the Brooks Methodist church, and hymns were sung by a choir from the same church. Mr. Ridenger died at a Salem hospital, Saturday evening, May 4. He had been taken to the hospital by Robert Cole of Mission Bottom, on whose farm the former resided.

BETTER EGG WEEK ENDS IN VALLEY

Salem Growing Rapidly as Center of Production Says Conner

National Better Egg week, which closed Tuesday, saw much emphasis placed throughout the valley on the value of eggs as a food product and as a well formed diet. W. C. Conner, editor of the Northwest Poultry Journal, in a statement issued this week, said Salem was making great strides as the center of a chicken raising industry.

He quoted James E. Rice, professor of poultry in the New York college of agriculture, as an authority in the value of eggs for general use. Mr. Rice said:

1. Eggs are liquid meat in its most digestible and assimilable form.
2. Mother Nature always reserves her best for her young! Do you see the point? It is this: that eggs and milk are produced by animals for reproduction or the support of their offspring. Eggs and milk therefore are complete and not simple elemental products. They are finished foods.
3. Eggs are really medicine as well as wholesome food. They are rich in easy assimilable food nutrients, potent in Vitamins A, B, D and E. They are "sealed sunshine" and especially valuable for people living largely indoors and children confined in school.
4. Eggs are delivered in "the original package." They are pure and super-refined food. They are rich in iodine and sulphur. No other food can satisfactorily replace the egg. For greater health eat more eggs along with a well balanced diet.

was born in Missouri on February 14, 1856. His father lived at Breckenridge, Missouri. It was from Breckenridge that "Bud" came to Oregon, with his brother John in 1898. This was John's second trip to Oregon. John Ridenger, his wife and her brother-in-law and sister, Mr. and Mrs. William Hoover started to Oregon in 1892. On the way out they added Grandpa and Grandma Nunsom to the train in western Kansas.

As Hoover contracted mountain fever, the party wintered at Boise, Idaho and arrived in Oregon in 1893.

Soon Tires of Oregon

However, John grew tired of Oregon and went back to Missouri, driving the same team with which he came here. In 1898, John, Sarah and brother "Bud" returned to Oregon with the same old team. Here their arrival was greatly anticipated, because "Bud," of whom John had so often spoken, was in the party.

"Bud" lived with John in Brooks and later they moved to a small place near Hopewell. Everyone in the vicinity knew that quaint, kindhearted old figure. "Bud" was distinctly a "character." He wore a full beard and let his white curly hair grow to his shoulders. Although he spent little money for his personal needs he was always generous with his "folks", that is brother John's family, for Bud never married. To his neighbors old and young, there will be a vacancy in the neighborhood, which none other can fill.
