A FRANK STATEMENT TO The Public

In reference to this coming sale I take this opportunity in addressing the public of this vicinity by mentioning a few of the high lights of this huge sale event that is about to take place—But as a forerunner I will state that this great bargain store has always given the workingman the utmost for his dollar and during special sale values that at times bordered on the sensational—Such events naturally coming from special purchases made from time to time. This business has prospered to such an extent that we have today, under normal conditions, one of the largest stocks of Men's wear in the state of Oregon. Our policy is very plain—and our method of business an open book. Whether you buy merchandise at regular or sale prices you must receive satisfactory wear. If not, we make it good.

Now getting back to this great sale event I am compelled through sheer force of necessity to relieve a congestion the like of which this store had never seen in all its mercantile career. MEN! You get thousands upon thousands of dollars worth of new spring and summer merchandise at prices that will eclipse any event that has ever been heralded heretofore in public print—MEN! If you have ever intended saving money on your wearables now is the time—the Army & Navy Goods Store is the place.

And don't forget the sale starts this morning at 9 A.M. sharp.

In A Dire Predicament Like This What Would You Do?—Here Is Our Decision!

WE'LL FACE THE MUSIC AND TAKE THE LOSS

READ! At this very moment we are face to face with the most unusual predicament of our career—in a transaction whereby we disposed of our Aberdeen store, including lease of premises. A chattel mortgage was drawn up for the merchandise and the deal was considered a closed affair. But we overlooked the financial standing of our successors and discovered that creditors refused to extend credit. And to add fuel to the fire a disagreement was encountered between the new management and owners of the building whereby the lease was broken and the tenants ordered out—With this disastrous result we were forced to take quick action to recover and remove our merchandise which has now been jammed into an already overcrowded store—and from which we must seek instant relief regardless of what realization can be had at the present time—starting
