

RATE ON CALL MONEY RISING

Stock Market Reacts Unfavorably Due to Fourteen Per Cent Interest

NEW YORK, May 9.—(AP)—The stock market struggled with 14 percent call money for the second successive day today. Pools again made vigorous efforts in a few sections of the list, but were unable to attract a following or to check a small but persistent stream of selling. Total sales again fell short of 3,500,000 shares.

The market displayed more resistance than it did yesterday, the gains a little more than offsetting the losses. Large buying orders placed just under the market in important issues by investment trusts are believed to have provided a cushion for the decline.

Continued High Rate Is Baffling
The fact that call money failed to come down was both puzzling and disappointing to traders. The high rate had been expected to attract funds from the interior by today at least, and that none have been forthcoming found no other explanation than the speculative credit curtailment operations of the federal reserve officials. Three of the large New York banks were said to be loaned up to the hilt at the reserve bank.

General Electric was a strong point rising 1 1/2 points to a new high price at 26 1/2. Tobacco stocks improved on rumors of conferences of important leaders in the industry looking to an end of the cigar price cutting war. Universal Leaf rose 6 points to a new high, and United Cigar stores preferred crossed 100.

Some Oil Shares Found Favored
Some of the oil shares were well bought, transcontinental rising about 2 points to a new high for the year at 14 1/4 on merger rumors. Tide water associated also reached new high ground on announcement of its refinery project in Texas. Indian motorcycle made an extreme gain of about 8 points, and it was rumored that Charles Levine, trans-Atlantic flier, had purchased a large block. The advance Rumely issues rallied farther, with gains of 6 and 7 points. Vick Chemical, Commercial Solvents, United Aircraft, Morray Corp., Johns Manville, Consolidated Gas, Safeway stores and American sugar were other strong points.

Radio Quotations Show Strength
Radio steadied, closing at 101 1/2, up nearly a point. Liquidation of a large block held by an operator recently active in the stock was said to have been completed. General Motors was firm, although the outcome of tomorrow's meeting of directors for dividend action was anxiously awaited.

Sparks Withington, a strong point yesterday, lost about 4 points. Allis Chalmers, Curtis and Wright Aeros, International Telephone, National Bellas Hess and National Biscuit lost 2 or 3 points. Columbia Graphophone was again liquidated as a result of the collapse of merger negotiations with radio.

COURT ASKS BIDS TO HAUL GRAVEL

Call for bids for transporting 6000 yards of gravel from bunkers at Independence and 6000 yards of gravel from bunkers at Butteville ferry to market roads under construction this year by the county court, was made Tuesday.

Kindergarten Erected in Africa for Memory of Son Of Ex-Oregon Prize Winner

Now a prize given in the University of Oregon to a Wisconsin girl has resulted in the erection of a kindergarten building in far away Sachikela, West Central Africa, for the underprivileged children of the Ovimbundu people, is the appealing story that has just reached the American Board of Commissioners for Foreign Missions, Boston, from its missionaries, Dr. and Mrs. Merila W. Ennis, who have been serving as Congregational missionaries in Africa for some 25 years.

Elizabeth Logan, University of Oregon, class of 1902, received the Felling Prize upon graduation. Shortly afterward she became Mrs. Merila W. Ennis and sailed for Sachikela. Here Merila, Jr. joined the family. The young mother put the prize money aside as a nucleus for a fund to help Merila in his education later on. But when only 11 years old, the lad slipped away, the saddened parents felt no finer use could be made of the fund, together with gifts from friends, than the erection of a Merila Ennis, Jr. Memorial Kindergarten, which was dedicated January 22.

The erection and dedication of this memorial showed how deeply enshrined in the hearts of the native Ovimbundu men and women, boys and girls was this real American boy. The Ovimbundu youngsters would often go to him to discuss their personal problems before consulting the grown-up missionaries, and when misunderstandings arose from the unconsciously awkward use by the missionaries of the vernacular, it was Merila who smoothed out the wrinkles, for he spoke Ovimbundu like a native.

Many African mothers were present at the dedication, and Miss Annie Bradley, newly arrived kindergarten teacher from Canada, was the guest of honor. She kindled the fire laid in the great fireplace and from this Mother Ennis lighted her candle, and the four native women on the Child Welfare Committee lighted their tapers from her's. When the illuminated circle had been nearly completed, a tiny boy and girl each lighted a wee candle and Dr.

were burned to death in their home near Akron, Ind., early today.

Mr. and Mrs. Filcraft took two other children and an aged relative to a place of safety. Filcraft then re-entered the house in an attempt to reach the three girls and was killed when the upper part of the building crashed in.
